Face cancer together

You don't need to face a cancer diagnosis alone. Our nurses will be with you every step of the way.

A nurse is ready to help

When you work with a nurse, you'll get extra advice and guidance to make navigating your cancer diagnosis and treatment less overwhelming.

How it works

A HealthPartners nurse is a great addition to your health care team. Through phone calls and other communications, we'll support you in feeling your best and meeting your personal health goals. All support is confidential and is at no cost for HealthPartners members.

We're here to

- Help you make decisions that fit your life and values
- Support you through treatment
- Connect you to resources
- Collaborate with your provider and clinic team
- Listen when you just need to talk
