Student Infractions and Discipline Procedures

Mission and Purpose

The mission of the Cherokee County School District ("District") is based on a commitment to "Educate the Emerging Generation" through positive and engaging learning environments designed to increase the performance of all students.

The mission of the Cherokee County School District ("District") is to prepare all students for success in school, work, and life through high-quality instruction and safe, supportive learning environments. In order to facilitate a productive, engaging and collaborative learning environment, the District believes safe, diverse and inclusive schools are critical for successful teaching and learning and strengthening cultures of belonging, kindness and possibility. The District's behavior standards, as outlined in this Code of Conduct, govern student actions while attending school, on school property and/or attending a school-sponsored event. As it relates to these standards, there is an expectation that students will behave themselves in such a way so as to facilitate a positive and collaborative learning environment for themselves and other students. We expect students to:

- Respect themselves and each other;
- Respect District employees;
- Adhere to student behavior policies adopted by the School Board;
- Adhere to rules established by individual schools; and
- Participate in establishing and maintaining positive school and District cultures and climates.

Important Notes

Note: In accordance with disciplinary procedures of the Cherokee County School District ("District"), and as required by O.C.G.A. § 20-2-736, this publication of student behavior infractions and required or recommended dispositions is submitted for the information of school personnel, students and parents.

Introduction to Student Discipline Procedures

Section I: Progressive Discipline

The District will utilize progressive discipline processes in order to create the expectation that the degree of discipline will be in proportion to the severity of the behavior and consideration will be given to each student's previous discipline history and any other relative factors. The District will follow due process procedures as required by federal and state law. The discipline process reflects a shared responsibility among students, parents/guardians, and school staff, each of whom have defined roles within these procedures.

Students have the right to a safe and orderly learning environment. As part of the discipline process, students will be informed of concerns and provided an opportunity to share their perspective. Discipline will be applied fairly and consistently in alignment with the Code of Conduct and district procedures.

Parents/guardians will be informed of disciplinary concerns and may engage with the school to seek understanding, ask questions, and receive information in accordance with district procedures. Ongoing communication between the school and family supports student success.

Schools have the responsibility to maintain a safe and orderly environment. Administrators will address student behavior through appropriate review, application of the Code of Conduct, and use of consequences and supports, guided by district policy and professional judgment.

Section II: Notification Procedures

A teacher or other staff member must document a student's violation of the student Code of Conduct within one school day of receiving notice of the incident. The report will describe the student's behavior. The report will be filed with the Principal (or designee) within one school day of the most recent occurrence of such behavior, will not exceed one page and will describe the behavior. The Principal (or designee) will, within one school day after receiving such a report from the teacher or staff member, send to the student's parents or guardian a copy of the report and information regarding how the student's parents or guardians may contact the Principal (or designee).

Following an appropriate investigation in compliance with Section III below of the alleged infraction, the Principal (or designee) will make a determination regarding a disposition.

The Principal (or designee) will send written notification to the teacher or staff member of the action taken relative to the student incident referred by that teacher.

Section III: Due Process Rights for Students Relative to Administrative Investigations

In all cases, the rights of individuals involved will be ensured and protected. If the Principal (or designee) is planning to impose a punishment amounting to less than a 10-day suspension, he/she has three responsibilities to the student (*Goss v. Lopez*, 419 U.S. 565 (1975)):

1. Notify the student of the charge;
2. Provide an explanation of the evidence collected; and,
3. Extend an opportunity to the student to answer to that charge.

If the Principal (or designee) is seeking to impose a punishment that will exceed a 10-day suspension/expulsion, the student is entitled to a due process discipline hearing before a panel of individuals approved by the Board of Education or a hearing officer.

Section IV: Student Searches

School officials are authorized to conduct reasonable searches of students **and student property on school campus**, pursuant to applicable law.

Description of Search Types:

- o **Student Searches:** When reasonable suspicion exists, school officials may search students whom they believe may be in possession of prohibited items (contraband) and/or have violated a criminal law(s) and/or a school rule(s). The scope of the search will be reasonably related to the purpose of the search and not excessively intrusive in light of the age and gender of the student and the nature of the suspected infraction.
- o **School Property Searches:** (i.e., lockers, desks, etc.): Student lockers, desks and all school and classroom storage areas are school property and remain at all times under the control of the school. These areas are not private. Periodic general inspections of these areas may be conducted by school authorities for any reason at any time without notice and without student consent.

- **Personal Property Searches:** (i.e., automobiles, purses, book bags, etc.): These searches may be conducted pursuant to reasonable suspicion. Students who obtain a parking permit and park on school properties give consent to search their vehicle as a condition to obtaining a parking permit. Students are permitted to park on school premises as a matter of privilege, not of right. The schools retain the authority to conduct routine patrols of student parking lots and inspections of student vehicles on school property. Students should not expect their vehicles or vehicle contents to remain private if exercising the privilege of parking on campus.

- **Reasonable Suspicion:** Reasonable suspicion is a legal standard that applies in different administrative contexts, most often where searches and seizures are involved. Reasonable suspicion is a standard lower than probable cause and it does not require anywhere near 50% certainty that the student has done something illegal or in violation of school rules. Reasonable suspicion must be based upon articulable facts and must be more than a mere hunch.

Section V: Illegal Acts

Parents and students should be aware that in some instances, an offense may constitute a violation of Georgia Law, as well as District policy. In such cases, students may be punished for violations of policy, as well as criminally prosecuted for violation of the state law.

School administrators address student behavior through the District's disciplinary processes. When a situation may constitute a potential violation of Georgia Law or impact school safety, administrators may involve the School Resource Officer (SRO) as necessary. SROs serve as partners in supporting safe school environments and do not participate in routine school discipline.

Section VI: Vector Solutions Alert System/"See Something, Say Something!"

Express or implied threats of violence will be treated seriously. Students should always report any potential threats regarding the safety or welfare of students and/or staff to a school administrator or staff member.

Students should also notify an administrator or staff member when illegal, suspicious, dangerous or banned items are known to be or are found in the school building, on the school campus or on the school bus.

The District utilizes the **Vector Solutions Alert System** to allow stakeholders to report concerns. Through Vector Solutions Alert System, safety concerns can be submitted to the District in four (4) different ways:

Section VII: Discipline of Students with IDEA Services and 504 Services

A. GUIDELINES FOR SUSPENSION/EXPULSION OF STUDENTS RECEIVING SPECIAL EDUCATION SERVICES OR SECTION 504 SERVICES

Nothing in this Code of Conduct will be construed to infringe on any rights provided to students pursuant to Individuals with Disabilities Education Act (IDEA), Section 504 of the Federal Rehabilitation Act of 1973 or the federal Americans with Disabilities Act (ADA) of 1990.

A student receiving special education services under IDEA or services under Section 504 can be suspended out-of-school (OSS) for a total of 10 consecutive or cumulative school days in a school year without the student's IEP team or 504 team considering whether the student's behavior is a manifestation of the student's disability.

For purposes of IDEA and Section 504, a disciplinary removal that exceeds ten (10) consecutive school days, or a series of removals that totals more than ten (10) school days and constitutes a pattern, is considered a change of placement. The determination of whether a pattern exists is made by the CCSD on a case-by-case basis, consistent with applicable law and subject to review through applicable procedural safeguards.

A manifestation determination review (MDR) is required 1) for series of short-term suspensions amounting to more than 10 cumulative school days during the same school year or 2) if school administration recommends that a student be suspended long term (more than 10 days) or expelled from school. ~~If school administration is proposing suspension or expulsion beyond 10 school days or that exceeds 10 cumulative school days in a school year for a student receiving special education services under IDEA or services under Section 504, the District must conduct an MDR. The MDR must occur within 10 school days of any decision to change the placement of a student with a disability because of a violation of the Code of Conduct.~~

The purpose of the MDR is to determine: 1) whether the conduct in question was caused by, or had a direct and substantial relationship to, the student's disability, or 2) was the direct result of the School District's failure to implement the student's IEP or Section 504 Plan. The MDR will be conducted consistent with the procedural requirements of IDEA and Section 504..

The purpose of the MDR will be to determine whether the student's behavior was a manifestation of the student's disability. If the behavior is determined to be a manifestation of the student's disability, the student must return to the placement from which the student was removed, unless the parent and the District CCSD agree to a change of placement: or the removal is the result of an interim alternative educational setting permitted by IDEA.. If the behavior is determined to be a manifestation of the student's disability, the student's educational program and behavioral supports will be reviewed and revised consistent with the procedural requirements of IDEA and Section 504. If the behavior is found not to be a manifestation of the student's disability, then CCSD the School District may impose the recommended discipline as it would to a student without a disability; however, the special education student a student eligible under IDEA must continue to receive educational services as required by IDEA.

In cases in which a student is being considered for a suspension/expulsion beyond 10 school days, and there is no record indicating the student is eligible for special education services under IDEA or services under Section 504, but the parent(s)/legal guardian claim the school/District has knowledge that the student does have a disability and should be an eligible student, the school administration must notify the Executive Director of Special Education before proceeding with the discipline process. The CCSD will determine whether it had prior knowledge that the student was a student with a disability in accordance with IDEA and Section 504. If the CCSD is determined to have had prior knowledge, the student is entitled to the disciplinary procedural protections of IDEA or Section 504. If the CCSD did not have prior knowledge, the student may be disciplined in the same manner as a student without a disability.

Important Summary for Parents of Students with Disabilities

- Students receiving special education services under IDEA or services under Section 504 may be removed from school for up to ten (10) school days in a school year without additional review.
- Disciplinary removals that exceed ten (10) school days, or that form a pattern of removals, may be considered a change of placement and require additional procedural protections.
- When a change of placement is proposed due to disciplinary and/or behavior concerns, CCSD will conduct a Manifestation Determination Review (MDR).
- Parents are members of the MDR team.
- If the behavior is related to the student's disability, CCSD will review and adjust behavioral supports rather than impose further removal.
- If the behavior is not related to the student's disability, the student may be disciplined in the same manner as students without disabilities; however, IDEA-eligible students will continue to receive educational services during the disciplinary removal.

B. TRIBUNAL GUIDELINES FOR STUDENT RECEIVING SPECIAL EDUCATION SERVICES AND/OR 504 SERVICES

Students receiving special education services under IDEA and/or Section 504 services are afforded the same right to a disciplinary due process hearing before a tribunal as nondisabled students where there is a recommendation for suspension/expulsion beyond 10 consecutive school days.

Nothing in this rule will alter or adversely affect the rights of students with disabilities under applicable federal and state laws. In cases involving students with disabilities, the Manifestation Determination Review shall occur prior to the tribunal hearing when a change of placement is proposed. The tribunal's decision shall not supersede protections afforded under IDEA or Section 504 or procedural safeguards required by federal and state law.

Section VIII: Discipline of Students K-3

Before expelling or suspending a K-3 student out-of-school ("OSS") for more than five (5) consecutive or cumulative days during a school year, the school must implement a multi-tiered system of supports including but not limited to Response to Intervention ("RTI") unless the student possessed a weapon as described by O.C.G.A. §§ 16-11-121, 16-11-125.1, and 16-11-131, controlled drugs or dangerous substances as defined below, other weapon as defined by O.C.G.A. § 16-11-127.1 or committed such actions as to endanger the physical safety of other students or school personnel.

Section IX: Discipline of Students K-5

Consequences and/or punishment for students in grades K-5 will be at the sole discretion of the Principal and/or the Principal's designee. The student's age/level of maturity or development will be considered in relation to the offense.

Section X: Reporting Infractions

The following violations of this Code of Conduct must be reported to the Cherokee County School District Police Department, Cherokee County District Attorney (DA) and the District Office of School Leadership and Operations: 01B.1, 01B.2, 01B.3, 01C.3*, 03B.3*, 04B*, 04C.4*, 04G.3, 04G.4, 05E.3, 05E.4**, 05F.2, 05F.3, 05F.4, 08C.1, 08C.2, 08C.3 and 14. Section XI: Unsafe School Choice Option and Violent Criminal Offenses

Major offenses including, but not limited to, drug and weapon offenses can lead to schools being named as an “Unsafe School” according to the provisions of the State Board Rule 160-4-8-.16, Unsafe School Choice Option (USCO). Also, under USCO provisions, District guidelines are in place to facilitate the timely and appropriate requested transfer of students who are victims of “violent criminal offenses” and/or students enrolled in schools determined to be “persistently dangerous” (as determined by the same State Board Rule).

Section XII: Disciplining Off-Campus Student Behavior

The authority of administrators to discipline a student is not limited to the student’s on-campus conduct. Students may be suspended or expelled for off-campus conduct which is reasonably related to any school activity and is contrary to the law or has an adverse impact on good order, discipline or the learning environment at the school. Students may also be expelled or denied admission if they are charged with a felony or a crime that would be a felony if not charged in Juvenile Court. (O.C.G.A. § 20-2-768)

08B SEXUAL HARASSMENT

Sexual harassment is conduct on the basis of sex (including, without limitation, gender, sexual orientation and/or gender identity), occurring in the District's education program or activity that satisfies one or more of the following:

1. Unwelcome sex-based/related conduct occurring in the United States determined by a reasonable person to be so severe, pervasive, AND objectively offensive that it effectively denies a person equal access to the education program or activity (this standard requires consideration of all the facts and circumstances, including but not limited to the ages and disability statuses of the harasser and victim and the number of individuals involved and their authority); OR
2. Sexual assault, dating violence, domestic violence or stalking as defined in the United States as defined in state or federal law.

In addition to the definition of sexual harassment in Section XIII: Definitions above, behaviors that constitute sexual harassment may include but are not limited to: Sexually suggestive remarks or jokes; verbal harassment or abuse; displaying or distributing sexually suggestive pictures, in whatever form (e.g., drawings, photographs, videos, irrespective of format); sexually suggestive gesturing, including touching oneself in a sexually suggestive manner in front of others; harassing or sexually suggestive or offensive messages that are written or electronic; subtle or direct propositions for sexual favors or activities; touching of a sexual nature or groping; and teasing or name-calling related to sexual characteristics or the belief or perception that an individual is not conforming to expected gender roles or conduct. Note: Incidents of the above conduct would still need to satisfy one or both of the criteria in paragraphs 1-2 of this definition.

The complaint may be filed with the Title IX Coordinator in person, by mail or by email. Complaint forms may be obtained from the Title IX Coordinator, the District's Student Code of Conduct (see Appendix F) or on the District's websites. The Title IX Coordinator may be contacted in person, by mail, by telephone or by email, using the contact information contained within the Student Code of Conduct or posted on the District's website.

Students/Parents/Employees may refer to the School Board's Policy regarding Sexual Harassment (see Appendix E (II)).

Note: Appropriate Federal agencies promulgate regulation from time to time to implement Federal Laws prohibiting discrimination in schools and the workplace. BOARD POLICY Internet Acceptable Use

Descriptor Code: IFBG

The Cherokee County Board of Education recognizes that electronic media, such as the Internet, offers vast, diverse, and unique resources to both students and teachers that should promote educational excellence in our schools. The intent of this Policy is to help ensure that all uses of the Cherokee County School District's (School District) Internet connection are for support of education and research and are consistent with the goals and educational philosophy of the School District.

I. INTERNET PROTECTION

The School District will utilize a required technology protection measure as defined in the Children's Internet Protection Act (CIPA). Subject to administrative approval, technology protection measures may be disabled or minimized only for bona fide research or other lawful purposes.

It shall be the responsibility of all Cherokee County School District staff to attempt to supervise usage of the online computer network and access to the Internet in accordance with this policy, the ~~Children's Internet Protection Act~~ CIPA, and relevant state and federal laws. As required by the ~~Children's Internet Protection Act~~ CIPA, Cherokee County School District will educate minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response, and the importance of parental involvement in their online activities. The ~~School~~ District will also provide communication to parents about online resources and tools available to monitor and manage their child's internet usage.

As required by O.C.G.A. § 20-2-324.7, the Protecting Georgia's Children on Social Media Act of 2024, the School District, with the exceptions as noted below, will prohibit students from accessing social media platforms through the use of computer equipment, communications services, or internet access that is operated, owned, leased, and made available to students by the School District. Students who violate this prohibition will be subject to disciplinary consequences as outlined in the Code of Conduct.

The School District will utilize software programs, filtering systems, and other technologies reasonably designed to block and monitor access to social media platforms when students use School District-operated devices, networks, or internet services.

The requirements of this subsection shall apply to a child during the ages of mandatory attendance as required in subsection (a) of this Code section who has been assigned by a local board of education or its delegate to attend an alternative public school program established by that local board of education, including an alternative public school program provided for in Code Section 20-2-154.1, regardless of whether such child has been suspended or expelled from another public school program by that local board of education or its delegate, and to the parent, guardian, or other person residing in this state who has control or charge of such child. Nothing in this Code section shall be construed to require a local board of education or its delegate to assign a child to attend an alternative public school program rather than suspending or expelling the child.

(c) Any parent, guardian, or other person residing in this state who has control or charge of a child or children and who violates this Code section shall be guilty of a misdemeanor and, upon conviction thereof, shall be subject to a fine of not less than \$25.00 and not greater than \$100.00, imprisonment not to exceed 30 days, community service, or any combination of such penalties, at the discretion of the court having jurisdiction. Each day's absence from school in violation of this part after the child's school system notifies the parent, guardian, or other person who has control or charge of a child of five unexcused days of absence for a child shall constitute a separate offense. After two reasonable attempts to notify the parent, guardian, or other person who has control or charge of a child of five unexcused days of absence without response, the school system shall send a notice to such parent, guardian, or other person by certified mail, return receipt requested, or first-class mail. Prior to any action to commence judicial proceedings to impose a penalty for violating this subsection on a parent, guardian, or other person residing in this state who has control or charge of a child or children, a school system shall send a notice to such parent, guardian, or other person by certified mail, return receipt requested. Public schools shall provide to the parent, guardian, or other person having control or charge of each child enrolled in public school a written summary of possible consequences and penalties for failing to comply with compulsory attendance under this Code section for children and their parents, guardians, or other persons having control or charge of children. The parent, guardian, or other person who has control or charge of a child or children shall sign a statement indicating receipt of such written statement of possible consequences and penalties; children who are age ten years or older by September 1 shall sign a statement indicating receipt of such written statement of possible consequences and penalties. After two reasonable attempts by the school to secure such signature or signatures, the school shall be considered to be in compliance with this subsection if it sends a copy of the statement, via certified mail, return receipt requested, or first-class mail, to such parent, guardian, or other person who has control or charge of a child or children. Public schools shall retain signed copies of statements through the end of the school year.

(d) Local school superintendents in the case of private schools, the Department of Education in the case of home study programs, and visiting teachers and attendance officers in the case of public schools shall have authority and it shall be their duty to file proceedings in court to enforce this subpart. I. Introduction

The District fully supports the provisions of GA Code § 20-2-738, which provides that a teacher will have the authority to remove from class a student who repeatedly or substantially disrupts the learning process. Consideration must be given to disciplinary options available through the school, the district, other public entities or community organizations. Care must be given to ensure that the status of IEP students is maintained. This option of a teacher removing a student from class should be used within the context of the School Board's Code of Conduct that is followed by all students and staff.

II. Guidelines for Classroom Teachers

- A. Teachers may remove a student from class for either: (1) Substantial disruption of class or acts that pose immediate threats to safety; and (2) repeated disruptive classroom behavior. Prior written reports must be on file identifying the student as a "chronic disciplinary problem".
- B. Teacher must discuss the matter with the Principal (designee) and file a report describing the student behavior in not more than one page. This report must be filed by the end of the school day on which the removal occurs or at the beginning of the next school day.
- C. After discussions, if the Principal (designee) seeks to return the student to the teacher's class and the teacher withholds consent, then a Placement Review Committee decides the matter.
- D. Any teacher may be required to complete professional development to improve classroom management skills if the teacher has more than two students returned by a Placement Review Committee because the class is deemed to be the best available alternative for the student. The Principal will derive the plan in consultation with the teacher to include identification and remediation of academic and behavioral student needs or other instructional skills.

III. Guidelines for Principals

- A. The Principal (designee) will discuss the matter with the teacher and student by the end of the day or the beginning of the next school day.
- B. Students will retain all due process rights and safeguards. The student will be given the reason(s) for the removal along with an opportunity to present an explanation of the situation.
- C. After receiving written notice from the teacher that a student is to be removed, the Principal (or designee) will within one day send the parents/guardian notification that the student was removed from class, a copy of the report filed by the teacher and information on how the Principal (designee) may be contacted.
- D. After the above discussion, the student may be returned to class if the teacher gives consent. This return does not limit the Principal (designee) from administering appropriate disciplinary action as warranted.
- E. If the teacher withholds consent, the Principal (designee) will decide on an appropriate temporary placement by the end of the first day following the removal from class. This temporary placement should provide the least disruption possible taking into account the severity of the infraction, past behavior of the student, need for special services and the availability of alternative settings. This action should be communicated to parents/guardians and the teacher.
- F. The Principal (designee) convenes a meeting of the Placement Review Committee.
- G. The Principal (designee) informs the parents/guardians and teacher of the Placement Review Committee decision.

IV. Guidelines for Placement Review Committees

- A. Each school will have one or more Placement Review Committees. The purpose of the committee is to determine the placement of a student when a teacher withholds consent to the return of a student to the teacher's class.
- B. A committee will be composed of three members. The faculty will choose two teachers to serve and one teacher as an alternate. The Principal will choose one member of the professional staff to serve. The teacher that withholds consent to readmit may not serve on the committee.
- C. The Placement Review Committee will have authority to do the following: (a) return the student to the teacher's class upon determining that such placement is the best or only available alternative; and (b) refer the student to the Principal (designee) for other appropriate action.

- D. The Placement Review Committee will meet by the end of the second day after the removal of the student from class and will issue a decision in writing by the end of the third day following the removal by the teacher.
- E. If the decision is not to return the student to the class from which they were removed, the Principal (designee) will use prescribed procedures outlined in the Cherokee County Code of Conduct such as:
 - placement in another classroom
 - assignment to In-School Suspension
 - assignment to Alternative School
 - external suspension not to exceed 10 total school days for the incident
 - referral to an alternative program through a disciplinary panel
 - combination of the aforementioned dispositions.
- F. The Principal (designee) may return the student to the class from which they were removed upon successful completion of the assigned intervention(s) or consequence(s). This action should be communicated to the teacher and parents/guardians.

V. Staff Development

Members of the Placement Review Committees will be provided training regarding the procedure for a teacher removing a student from the classroom and School Board Policy and Code of Conduct.

Appendix E: School Board Policy Regarding Harassment

Board Policy Harassment

Descriptor Code: JCAC

The Cherokee County Board of Education prohibits discrimination and harassment based upon “Constitutionally-Protected Differences” and other legally protected statuses (e.g. race, age, color, religion, national origin, disability or any other constitutionally protected class or status). As such, it is the Policy of the District to address such complaints at the lowest level of administration in order to quickly and efficiently resolve all such matters. Due to the May 6, 2020 amendment to Title IX, Board Policy JCAC will no longer address sexual harassment. For the Cherokee County Board of Education’s Policy and Grievance Procedures on sexual harassment, please refer to JCAC (2), which specifically addresses sexual harassment as defined in Title IX.

All employees are responsible for prevention of harassment and discrimination against students/employees, including the responsibility to report any conduct which they believe to be in violation of this Policy. No person will be subject to retaliation or reprisal for making a good faith complaint under this Policy or for participating in an investigation.

This Policy establishes the role and responsibility of the applicable Title Coordinator(s) (“Coordinator”) and the role of the Chief of Operations (COO) in action steps and the collection and analysis of reporting data in this regard.

The Superintendent will also develop administrative checklists to aid in investigations.

I. DEFINITION

Harassment and discrimination may include any conduct which has the effect of unreasonably interfering with a student’s participation in an educational program or activity, including conduct by school employees, students or others. Examples may include racially offensive jokes, slurs or comments; different treatment of students based upon Constitutionally-Protected Differences and/or other legal protected statuses; display or communication of racially offensive photographs, writing or materials; or conditioning educational benefits on a student’s participation in, or reaction to, such conduct. Discipline and/or supportive measures may be imposed for such conduct without regard to whether it rises to the level of a violation of law.

II. COMPLAINT PROCEDURES

Complaints made to the District regarding alleged discrimination, harassment or retaliation for complaints about, or opposition to discrimination or harassment will be processed in accordance with the following procedure:

1. Any student or other person with a complaint alleging a violation as described above will promptly notify the Coordinator, as annually appointed by the Superintendent, and/or Principal of the school or work site location supervisor attended by the person believed to have suffered discrimination/harassment. If a report is made to a Principal or work location supervisor, the Principal or work location supervisor will forward the complaint to the Coordinator. The complainant need not be the victim of the discrimination/harassment but may be any person aware of the conduct.
2. Upon receipt of a discrimination/harassment complaint, the Coordinator will (a) facilitate a prompt investigation of the complaint, (b) take any interim action necessary to protect students, staff or operations of the school or work location pending the result of the investigation, and (c) make any necessary reporting of the allegations. Said investigation will consist at a minimum of interviewing the complainant, accused person(s) and persons with direct knowledge of the alleged events. Said investigation will be concluded as soon as practicable, and generally within fifteen (15) business days (defined as days when the District Central Office is open for business) of receipt of the complaint. Upon completion of the investigation the Coordinator will initiate such remedial actions as are necessary to prevent any further harassment. Such steps may include: counseling, suspension, expulsion or any other remedial action deemed appropriate to address and eliminate further discrimination/harassment. Upon completion of the investigation the Coordinator will notify appropriate parties (which may include the alleged victim(s), accused and/or their parents or legal guardians) in writing of the substance of the investigation and remedial measures to be taken pending any appeal. The Coordinator will retain, review and analyze the investigative file of each complaint and will report the results of the review and analysis annually to the Superintendent.

3. The complainant may seek a review of the initial decision by written request received by the Coordinator within five (5) business days of the date of the decision.
4. Upon timely written request, the Coordinator will forward a copy of the investigative file to the COO. The COO or designee will have up to fifteen (15) business days to review the appeal, investigative file and the previous decision and determine, if additional investigation is warranted, any change in the remedial action recommended. The COO or designee will promptly notify appropriate parties of the appeal decision.
5. The decision of the COO or his/her designee will be the final decision under this Policy. Additional due process will be provided for any disciplinary measures as required by law.

The complainant retains at all times the right to contact the Office of Civil Rights or the Equal Employment Opportunity Commission with regard to any allegations that the District has violated any law.

This Policy will be distributed to all students annually. Additionally, the Coordinator and other employees designated by the Superintendent will receive appropriate training in investigating, remediating and analyzing complaints of discrimination/harassment on an annual basis.

*Appropriate Federal agencies promulgate regulation from time to time to implement Federal Laws prohibiting discrimination in schools and the workplace. To the extent that this Policy is inconsistent with or conflicts with any of those regulations the current regulation controls and the part or parts of this Policy inconsistent with or in conflict with those regulation will be rescinded.

Cherokee County Board of Education

Appendix E (II): School Board Policy Regarding Sexual Harassment

Board Policy

Descriptor Code: JCAC (2)

Sexual Harassment

The District adheres to all federal, state and local civil rights laws prohibiting discrimination in education. As a recipient of federal financial assistance for education activities, the District is required by Title IX of the Education Amendments of 1972 to ensure that all of its education programs and activities do not discriminate on the basis of sex, gender or gender identity. The District also prohibits retaliation against any person opposing discrimination or participating in any discrimination investigation or complaint process.

This Policy is intended to reflect the requirements of the new federal regulations pertaining to Title IX of the Education Amendments Act of 1972, which became effective on August 14, 2020. The Grievance Procedures included in this supplemental Policy are structured according to requirements of the new Title IX regulations.

While all forms of discrimination and harassment are prohibited in the District and addressed under Board Policy JCAC, the purpose of this supplemental policy is to address, and only to address, *sexual harassment as defined in Title IX* that occurs within the educational programs and activities of the District, and to provide a grievance process for investigating and reaching a final determination of responsibility for a formal complaint of sexual harassment.

This Policy establishes the roles and responsibilities of the applicable Title IX Investigator(s), Title IX Coordinator, Decision-Maker and Appeals Decision-Maker. The Superintendent of Schools will also develop administrative guidelines and checklists to aid investigations.

I. DEFINITION

Sexual harassment (Title IX Prohibited Conduct) is conduct on the basis of sex (including, without limitation, gender, sexual orientation and/or gender identity), occurring in the District's education program or activity that satisfies one or more of the following:

1. Unwelcome sex-based/related conduct occurring in the United States determined by a reasonable person to be so severe, pervasive AND objectively offensive that it effectively denies a person equal access to the education program or activity (this standard requires consideration of all the facts and circumstances, including, but not limited to, the ages and disability statuses of the harasser and victim and the number of individuals involved and their authority); OR
2. Sexual assault, dating violence, domestic violence or stalking as defined in the United States as defined in state or federal law.

Behaviors that constitute sexual harassment may include, but are not limited to: Sexually suggestive remarks or jokes; verbal harassment or abuse; displaying or distributing sexually suggestive pictures, in whatever form (e.g., drawings, photographs, videos, irrespective of format); sexually suggestive gesturing, including touching oneself in a sexually suggestive manner in front of others; harassing or sexually suggestive or offensive messages that are written or electronic; subtle or direct propositions for sexual favors or activities; touching of a sexual nature or groping; and teasing or name-calling related to sexual characteristics or the belief or perception that an individual is not conforming to expected gender roles or conduct. Note: incidents of the above conduct would still need to satisfy one or both of the criteria in paragraphs 1-2 of this definition.

II. GRIEVANCE PROCEDURES

The Title IX Grievance Process is initiated by way of a Formal Complaint ("complaint" or "formal complaint") filed by the Complainant, the Complainant's parent/guardian, or the Title IX Coordinator.

A. Formal Complaint Requirements

At a minimum, a formal complaint must:

1. Contain the name and address of the Complainant and the student's parent or guardian if the complainant is a minor student;

2. Describe the alleged sexual harassment in sufficient detail to include the known identities of persons involved, the conduct allegedly constituting sexual harassment and the date and location of the incident.
3. Request an investigation of the matter, and
4. Be signed by the Complainant, Complainant's parent or Title IX Coordinator, as applicable.

The complaint may be filed with the Title IX Coordinator in person, by mail or by email. Complaint forms may be obtained from the Title IX Coordinator, the District's Student Code of Conduct or on the District's websites. The Title IX Coordinator may be contacted in person, by mail, by telephone or by email, using the contact information contained within the Student Code of Conduct or posted on the District's website. Unless otherwise designated by the Superintendent and posted on the District's Title IX website notice, the District Title IX Coordinator shall be the Executive Director of Administrative Leadership (EDAL) whose office is located at 1205 Bluffs Parkway, Canton, GA 30114, general phone number 770.479.1871.

B. Initial Steps and Notice of Formal Complaint

1. The Title IX Coordinator will provide a Notice of Formal Complaint to the Complainant and the Complainant's parent/guardian, and to the Respondent (if known) and the Respondent's parent/guardian within five calendar days of receiving a Formal Complaint, which will include the following:
 - a. The District's Title IX Grievance Process Administrative Guidelines;
 - b. A notice of the right to pursue informal resolution provided both the Complainant and Respondent agree;
 - c. The Rights and Responsibilities of Parties and Witnesses in Title IX Investigation;
 - d. The specific allegations of sexual harassment including any additional information obtained by the Title IX Coordinator;
 - e. A statement that the Respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made at the conclusion of the grievance process;
 - f. Notice that each party may have an advisor of their choice, who may be, but is not required to be an attorney;
 - g. Notice that each party is entitled to inspect and review evidence; and
 - h. A reference to the District's Code of Conduct that prohibits knowingly making false statements or knowingly submitting false information.
2. The Title IX Coordinator will then examine the allegations in the Formal Complaint, to determine whether even if assumed true, the allegations are sufficient to sustain a finding of sexual harassment under this Policy.
3. The Title IX Coordinator will contact the Complainant to discuss and offer supportive measures. The Title IX Coordinator may contact the Respondent to discuss, and or impose, non-disciplinary supportive measures.
4. If the Formal Complaint fails to satisfy the definition of sexual harassment in this Policy, the Complaint will be dismissed by the Title Coordinator. If a Complainant is dismissed, the decision to dismiss the Complainant may be appealed in accordance with the procedures described in Section E. Appeals of this policy to the Chief Operations Officer (COO) of the District who shall act as the Appeals Decision-Maker. The COO's office is located at 1205 Bluffs Parkway, Canton, GA 30114, general phone number 770.479.1871.
5. If the Formal Complaint is not dismissed or informally resolved, the Title IX Coordinator will designate a school-based Title IX Investigator (Title Investigator), to conduct an investigation into the allegations. The school Principal or his/her designee will serve as the Title Investigator.

C. Investigation

1. The Title Investigator will:
 - a. Provide an equal opportunity for the parties to present witnesses, and other inculpatory and exculpatory evidence;
 - b. Provide the parties with the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice;
 - c. Provide, to a party (e.g., Respondent, Complainant, parent/guardian and/or advisor, as appropriate), written notice of the date, time, location, participants and purpose of investigative interviews, or other

- meetings, with sufficient time for the party to prepare to participate within the timeframes established within this Policy; and,
- d. Provide both parties an equal opportunity to inspect and review any evidence submitted and/or obtained as part of the investigation that is directly related to the allegations raised in a Formal Complaint.
2. The Title Investigator may collect relevant evidence, other information and may also interview parties and/or witnesses. In addition, a Complainant or Respondent may:
 - a. Submit evidence to the Title Investigator;
 - b. Submit a list of witnesses to be interviewed by the Title Investigator; and/or
 - c. Request that the Title Investigator attempt to collect non-privileged information not accessible to the requesting Party.
 3. At the conclusion of the investigation and response timeline, the Title Investigator will prepare a written investigative report.
 4. The Title Investigator will provide the investigative report to the Title IX Coordinator, to each party and each party's advisor, if any.
 5. The Title Investigator will endeavor to complete the investigation and provide the Investigative Report within one calendar month of the date the Written Notice of Formal Complaint is sent to the Parties. With the Title IX Coordinator's express permission, this timeframe may be extended in complex matters or matters with multiple witnesses to give the Title Investigator enough time to gather relevant evidence and schedule witness interviews.
 6. The Title IX Coordinator will forward the investigative report and all evidence collected by the Title Investigator to the Decision-Maker for consideration and decision.

D. Decision-Maker

1. The Decision-Maker is the individual with the responsibility of making determinations of responsibility with respect to formal complaints of sexual harassment in accordance with the Title IX Grievance Process. The Decision-Maker will have adequate training and will not be the Appeal Decision-Maker, the Title Investigator(s) or the Title IX Coordinator. Unless otherwise designated by the Superintendent and posted on the District Title IX website notice, the District's Title IX Decision-Maker will be the other Executive Director of Administrative Leadership (EDAL II) whose office is located at 1205 Bluffs Parkway, Canton, GA 30114, general phone number 770.479.1871.
2. After the Title Investigator has concluded the collection of evidence and provided the Investigative Report, the Decision-Maker will afford each party 10 calendar days to submit written, relevant questions to the Decision-Maker for any party or witness.
3. The Decision-Maker may omit any questions as not relevant. Should the Decision-Maker exclude a question, the Decision-Maker will explain to the party proposing the questions why the question(s) was not relevant.
4. Questions and answers considered by the Decision-Maker should be included in the Decision-Maker's Written Determination of Responsibility. Questions not posed as being irrelevant along with a rationale regarding the question's relevance will also be included in the Decision-Maker's Written Determination of Responsibility.
5. The Decision-Maker will then provide the relevant questions to the party/witness, with copies to each party, and provide no less than 10 calendar days for written responses, likewise to be provided to each party.
6. The Decision-Maker will then provide five calendar days each for supplementary, limited follow-up questions and five calendar days for answers and may provide for additional rounds of follow-up questions, as long as the provision is extended to both parties equally.
7. The standard of proof to be used for Formal Complaints in determining whether a violation has occurred and/or that the Respondent is responsible shall be the preponderance of the evidence standard, which is only

met when the Complainant convinces the Decision-Maker that there is a greater than 50% chance that the claim is true (i.e., more likely than not).

8. The Decision-Maker must issue a Written Determination of Responsibility within 10 calendar days after the close of the period for responses to the last round of follow-up questions.
9. The Decision-Maker may impose disciplinary sanctions and remedies if the Written Determination of Responsibility substantiates the allegations contained in the Formal Complaint.

E. Appeals

Either party may appeal the Decision-Maker's Written Determination of Responsibility or the dismissal of a Formal Complaint by notifying the Chief Operations Officer (COO) in writing ("written appeal") with a copy of the appeal to the Title IX Coordinator. The written appeal must be received by the COO within 10 calendar days of the Decision-Maker issuing the Written Determination of Responsibility or the written notice of dismissal being communicated to the parties.

The Appeals Decision-Maker has the responsibility to decide any appeal with respect to formal complaints of sexual harassment in accordance with the Title IX Grievance Process. The Appeals Decision-Maker will have adequate training, be free from conflict of interest and will not be the Decision-Maker, the Title Investigator(s) or the Title IX Coordinator.

For the purpose of this Policy, unless otherwise designated by the Superintendent and posted on the District's Title IX website notice, the District' Appeals Decision-Maker will be the Chief Operations Officer (COO) whose office is located at 1205 Bluffs Parkway, Canton, GA 30114, general phone number 770.479.1871.

1. Within three school days of receipt of the written appeal, the Appeals Decision-Maker will provide a Notice of Appeal to each party and to the Title IX Coordinator, with a copy of the written appeal.
2. Each party will have five school days from the date the Notice of Appeal is delivered to the parties to submit a written statement ("appeal statement") in support of, or challenging, the determination of responsibility or dismissal with copies to Title IX Coordinator and other party.
3. The Appeals Decision-Maker may refer an appealed issue back to a prior point in the grievance process for clarification and/or further investigation with written notice to the parties and the Title IX Coordinator.
4. The Appeals Decision-Maker will provide a written appeals decision within 10 calendar days after considering the record and the parties' appeal statements.

F. Timeframe of Grievance Process

The District will make a good faith effort to conduct a fair, impartial grievance process in a timely manner designed to provide all parties with a prompt and equitable resolution. It is expected that in most cases, the District will seek to complete the investigation and make a determination within 80 calendar days from the filing of a Formal Complaint. In any event, the District will not compromise a thorough and fair process in order to meet the 80-day timeframe from the filing of a Formal Complaint to the conclusion of the investigation and determination of responsibility by the Decision-Maker. If any party chooses to appeal the outcome, the timeframes below provide for an additional 30-day period to submit, respond to and for the Appeals Decision-Maker to make a decision regarding the appeal. If any deadline under the guidelines set forth below falls on a weekend or holiday, there will be an automatic extension to the next business day.

If the Parties elect to engage in an Informal Resolution, the timeframes below will be suspended during the pendency of that process.

A person may also file a complaint with the appropriate federal, state or local agency within the time frame required by law. Depending upon the nature of the complaint, the appropriate agency may be the Federal Equal Employment Opportunity Commission (EEOC), Office for Civil Rights (OCR) of the U.S Department of Education, the Department of Justice and/or the Georgia Department of Education.

Within any resolution process related to this Policy, the District will provide reasonable accommodations to persons with disabilities and religious accommodations, when that accommodation is consistent with state and federal law.

This Policy will be distributed to all students annually. Additionally, the Title IX Investigator(s), Title IX Coordinator, Decision-Maker and Appeals Decision-Maker and other employees designated by the Superintendent will receive appropriate training in investigating, remediating and analyzing complaints of sexual harassment on an annual basis.

*Appropriate Federal agencies promulgate regulation from time to time to implement Federal Laws prohibiting discrimination in schools and the workplace. To the extent that this Policy is inconsistent with or conflicts with any of those regulations, the current regulation controls and the part or parts of this Policy inconsistent with or in conflict with those regulations will be rescinded.

Appendix G: CCSD Anti-Bullying Provisions for Local Schools

The following provisions serve as administrative guidelines for schools in addressing anti-bullying provisions. In conjunction with statutory requirements contained within GA Code § 20-2-751.4, these guidelines provide school stakeholders with existing provisions regarding the District's continued efforts to eliminate all forms of bullying within the scope of its authority and jurisdiction.

Anti-Bullying Statement (should be posted at local school sites)

The District expressly prohibits the bullying of any person, by any means, at school, on school property or at school-related functions.

Defining Bullying and Cyberbullying as an Infraction.

The current School Board's Code of Conduct defines bullying as the following:

- Any willful attempt or threat to inflict injury on another person, when accompanied by an apparent present ability to do so;
- Any intentional display of force such as that which would give the victim reason to fear or expect immediate bodily harm; or,
- Any intentional written, verbal or physical act, which a reasonable person would perceive as being intended to threaten, harass or intimidate. Such acts could include causing the following:
 - physical or visible bodily harm;
 - substantial damage to property;
 - disruption of school;
 - substantially interferes with the student's education;
 - is so severe/persistent/pervasive that it creates an intimidating or threatening educational environment; or,
 - has the effect of substantially disrupting the orderly operation of the school.

Notes Relative to Identifying Bullying Behavior

- These actions are prohibited, by any means, at school, on school property, at school bus stops or at school-related functions. This statement is inclusive of the use of technology or other equipment owned by the District and/or located at a school for the purposes of bullying another student.
- These actions may not be confined to events that occur on school property, on school vehicles, at designated school bus stops or at school-related functions or activities, or by use of data or software that is accessed through a computer, computer system, computer network or other electronic technology of a local school system.
- Assistance in differentiating bullying from isolated incidents of aggressive, intimidating or threatening behavior is provided by Dr. Dan Olweus (noted researcher in school bullying), who defines bullying as "repeated negative, ill-intentioned behavior by one or more students directed against a student who has difficulty defending him or herself. Most bullying occurs without any apparent provocation on the part of the student who is exposed."

The current School Board's Code of Conduct defines cyberbullying as the following:

- Cyberbullying is defined as bullying via the use of the Internet, interactive and digital technologies (such as computers, PDAs, etc.) and/or mobile telephones that includes the following:
 - Is directed specifically at students or school personnel
 - Is maliciously intended for the purpose of threatening the safety of those specified or substantially disrupting the orderly operation of the school, and
 - Creates a reasonable fear of harm to the students' or school personnel's person or property or has a high likelihood of succeeding in that purpose.

Notes Relative to Identifying Bullying Behavior

- These actions are prohibited at school, on school property, at school bus stops and at school-related functions. This statement is inclusive of the use of technology or other equipment owned by the District and/or located at a school for the purposes of bullying another student.
- These actions may occur on school property, on school vehicles, at designated school bus stops or at school-related functions or activities or by use of data or software that is accessed through a computer, computer system, computer network or other electronic technology of the District.

- However, these actions may not be confined to events that occur on school property, on school vehicles, at designated school bus stops or at school-related functions or activities, or by use of data or software that is accessed through a computer, computer system, computer network or other electronic technology of a local school system.
- Electronic communication includes, but is not limited to, any transfer of signs, signals, writings, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system.

Consequences for Bullying and Cyberbullying

Consequences for grades K-5:

- Punishment at the discretion of the Principal (The student's age/level of maturity or development should be considered in relation to the offense).

Consequences for grades 6-12:

- First Offense: Punishment at the discretion of the Principal.
- Second Offense: One to nine days of assignment to Alternative School (high school)/In-School Suspension. Recommendation for long-term suspension or expulsion may also be made at the discretion of the Principal.
- Three or More Offenses: Nine days of assignment to Alternative School (high school)/In-School Suspension. A recommendation for long-term assignment to Ace Academy or expulsion will be made by the Principal.

If the offense occurs on a bus or at a bus stop, in addition to the school disposition, the student will be suspended from bus transportation. The Principal or designee will also convene a parent/guardian conference in which a behavior contract is entered into by and between the District, the student and the parents or guardian. Such behavior contract may specifically specify, among other things, prohibited behavior, seating assignment or such other limitations or prohibitions as the Principal or designee deems appropriate.

Reporting Bullying

- Any school employee, upon becoming aware that an incident of bullying has occurred by personally witnessing the event, or through reporting by students and/or parents, will take appropriate steps to ensure that the school's administration is aware of that incident.
- There is no expectation relative to investigations made through an anonymous reporting when the accusations of bullying cannot be substantiated with other sources or witnesses.
- Any student who knowingly files a false report of bullying is guilty of such and will be punished under existing disciplinary provisions.
- Retaliation for the reporting of bullying incidents is expressly prohibited.

Investigating and Documenting Bullying

- Upon receiving a report of a bullying incident, an appropriate, timely investigation will be conducted by the school's administration.
- An administrative investigation will include timely, parental notification of both the victim's parents and the alleged aggressor's parents; appropriate, policy-driven consequences applied to the incident if a bullying incident is determined to have occurred; a safety plan for the victimized student if a bullying incident is determined to have occurred; and, identification of the potential building (or campus) "hot spot," so as to reduce any further potential for repeated incidents of bullying.
- Relative to reporting bullying incidents, schools will maintain compliance with existing State School Board Rule.

Developing/Implementing Bullying Prevention Programs at Local Schools

Each school within the District will develop, or implement an existing, school-wide bullying prevention program based on research-based best practices.

Note: "Best Practices" include the involvement of school stakeholders in the development/implementation of the bullying prevention program, as well as timely, effective school-to-home communications regarding the ongoing success of any such program.

Appendix H: Student Activity Code of Conduct

I. Introduction

The District has determined that participation in interscholastic/extracurricular activities is a privilege for students enrolled in the District. A student participating in such activities is considered to be a school leader and with leadership comes additional responsibility. Consequently, students must adhere to the standards and expectations contained in the District's Activity Code of Conduct. As such, if a student violates these standards, schools may withdraw the privilege of participating in these activities, regardless of whether the violation occurred at a school-related or non-school-related activity. Schools may also withdraw the privilege of participating in these activities if the student violations occur outside of the scope of the activity's "season" or beyond the scope of the school day or year.

II. Student Infractions and Standards of Behavior

Student Infractions: Any student who commits the following infractions may be suspended or permanently dismissed from the team:

- 1.) Hazing other students-school clubs and student organizations will not use hazing or degradation of individual dignity;
- 2.) Missing practice, rehearsal or activities (unless excused by the coach or sponsor);
- 3.) Skipping class and/or truancy;
- 4.) Acting in an unsportsmanlike manner when representing the school;
- 5.) Violating team curfews (as established by the coach or sponsor);
- 6.) Academic dishonesty;
- 7.) Any behavior which results in discipline by the school administration; and
- 8.) Any behavior which, in the opinion of the administration, reflects in a negative manner on the team, activity, athletic program or school.

Standards and Expectations for Behavior: Students participating in interscholastic/extracurricular activities must comply with the following standards and expectations for behavior:

- 1.) Establishing and promoting a positive self-image for the program, school and District;
- 2.) Exhibiting good sportsmanship;
- 3.) Supporting team/activity rules developed by the activity's coaches or sponsors;
- 4.) Adhering to the District's Code of Conduct;
- 5.) Observing all standards and guidelines established by the Georgia High School Association (GHSA) Constitution and by-laws; and
- 6.) Obeying local, State, and Federal laws governing behavior and conduct. *

Note: Provisions for dealing with starred () items above are contained in Section V of this document.*

III. Dispositions for Student Infractions and Standards of Behavior

Dispositions for student infractions and violations of standards and expectations of behavior include, but are not limited to, the following:

- Additional practice or conditioning time;
- Conferencing between sponsor/parent or sponsor/student athlete;
- Loss of position or awards privileges;
- Suspension and/or removal from team.

IV. Suspensions for Student Infractions and Standards of Behavior

Applying Suspensions: Relative to suspensions, progressive discipline processes will be utilized to create the expectation that the degree of discipline will be in proportion to the severity of the behavior, as well as consideration given to each student's previous discipline history and other relative factors.

- | | |
|--------------|--|
| 1st Offense: | Amount of suspension will be at the discretion of the Principal |
| 2nd Offense: | Suspension will be a minimum of twice the suspension for the first offense |
| 3rd Offense: | Permanent suspension |

Reporting Suspensions: Parent/guardian will be notified of the student's suspension. A suspension report will be filed with the Office of Student Activities and Athletics.

Transferring of Suspended Student Athletes: Students suspended from activities will not regain eligibility by transferring to another school within the District.

V. Dispositions and Guidelines for Chemical Use and/or Student Arrests

Reporting of Chemical Use and/or Student Arrests: A student (or his/her parent/guardian) is responsible for informing a school official, which may include the Principal, Athletic Director or his/her Head Coach or sponsor, of misconduct involving chemical use and/or a student arrest. This report must occur within five calendar days of the incident or the student faces disciplinary action up to, and including, partial or permanent suspension.

Confirming Student Arrests: Student chemical use and/or arrests that are verified through a reliable source (school administrator, teacher, coach/sponsor, staff member, parent of involved student, District Police Department, etc.) will be appropriately investigated by the school administration or designee.

Penalties for Chemical Use, Alcohol/Drug Related and/or Other Non-Felony Offenses: An athlete who is in violation of Chemical Use and/or arrested for, charged with, or found guilty of a misdemeanor will receive the consequences as outlined below:

- 1st Offense: The student will lose a minimum of 30% of the current season or the next season in which the athlete competes. The penalty will be immediately assessed to the athlete's next competition. If the offense happens prior to the season starting, the athlete may be permitted to try-out for the activity but will then serve the suspension at the start of the season. During the suspension, the student may practice with the team if the coach/school permits. Practicing and team travel during the suspension is a local school decision.
- 2nd Offense: The student will be suspended from all practices/competitions for one calendar year from the date of the incident. In the event a student's calendar year suspension results in reinstatement to activities during the season of an activity which requires tryouts, the student will be permitted to participate in tryouts at the same time as his/her peers.
- 3rd Offense: The student will lose the privilege to participate in extracurricular activities for the remainder of their high school career.

Suspension Guidelines:

- 1.) When assessing a suspension, only GHSA regular season and playoff games will count towards the suspension. Although scrimmages are considered practices and do not count towards the overall game suspension total(s), the player will also forfeit participation in any scrimmage(s).
- 2.) If a student is suspended, playoff games count towards the game suspension (i.e. a football player caught with alcohol after the 9th game of the season and the team qualifies for state, the student would serve a 30% suspension, in this case 3 games.) In this scenario, the student would be suspended for the 10th game, 1st and 2nd rounds of playoffs, if applicable. If the team were eliminated, the student would be suspended for the 10th game and the 1st game of the following season.
- 3.) Suspensions for one-sport athletes: if a suspension occurs out of season, the student will serve the imposed suspension the following year.
- 4.) Suspensions for multi-sport athletes: a suspension may carry over from one sport to another. For this rule to be applicable, the student must have played the 2nd sport the previous year, with a freshman student serving as an exception. A student may not play a second sport to avoid serving a suspension in their primary sport. The District Athletic Director will make the final determination in these cases.

Suspension totals are based on the number of varsity games allowed according to GHSA By-Laws. Partial numbers are rounded up. Suspension per sport will be:

<u>Sport</u>	<u>GHSA Varsity Games</u>	<u>Missed Games (30%)</u>
Baseball	30	9

*Discretion of the Principal

Suspensions of activities not considered under the prevue of GHSA competitions will be at the discretion of the Principal.

Addressing Felony Arrests and/or Convictions: Felony arrests constitute an immediate suspension from activities. Relative to that arrest, any subsequent felony conviction of a student may result in a permanent dismissal from activities.

Guidelines: A student who is arrested, indicted, convicted of or charged with a felony or act that would constitute a felony if committed by an adult should be automatically suspended from interscholastic/extracurricular activities. Students will not be permitted to participate in preseason activities. All DUI offenses will be dealt with according to these guidelines.

Duration: The student will remain suspended from extracurricular activities until:

- 1.) The charges are completely dismissed;
- 2.) The charges are reduced to a misdemeanor, in which case the student would be subject to penalties outlined for misdemeanor infractions;
- 3.) The student is found not guilty; or
- 4.) The student serves his/her consequence as outlined below:

Once the student successfully completes the consequences assigned by the judge or agreed to by the student, including probation or diversion, the student may be permitted to participate in extracurricular activities. The student is responsible to provide evidence that all sentencing and/or fines have been satisfied, including, but not limited to, probation and/or community service have been satisfied.

VI. Duration of Code of Conduct

The Student Activity Code of Conduct will be in effect year-round.

Appendix I: Notes for Students and Parents Regarding On-Line Use

Section I: Internet Safety Tips

The Internet is an effective tool for communicating, learning and collaborating. However, there are safety precautions that must be taken when navigating through cyber space—always ask a trusted adult for permission or guidance if you are unsure about any online activity.

For Students:

- Never give out personal information about yourself, your family, your school or your activities to anyone on the Internet.
- Choose usernames and screen names that are generic and anonymous.
- Use caution or seek guidance prior to completing a form or questionnaire.
- Do not send or post a picture of yourself, your family or friends.
- Never agree to meet anyone that you met online.
- Don't open an email from anyone you don't know.
- Tell a trusted adult right away if you read or see anything on the Internet that makes you feel uncomfortable.
- Know how to exit an inappropriate website.
- Avoid violating copyright laws by copying words, pictures, sound or video from someone else's website without permission.

For Parents: Along with assisting your child with the tips (provided), parents should also:

- Set clear rules for Internet use.
- Encourage your child to avoid sharing any type of personal information over the Internet without your permission.
- Ask your child to tell you if something or someone online makes them feel uncomfortable or threatened.
- Advise your child not to download programs, music or files without your permission. File-sharing and taking text, images, sounds or video from the Internet may be illegal.
- Teach your child responsible, ethical online behavior.
- Talk to your child about online dangers and let them know you are there to help them get out of a bad situation.
- Protect your child by the use of computer security tools such as content blockers, firewalls and pop-up blockers.
- Communicate regularly with your child about their online experiences.
- Consider "Internet Safety Contracts" with your child. Some helpful websites for these contracts and discussions with your child include: www.netsmartz.org, www.isafe.org and www.ikeepSAFE.org (for younger children).

Section II: Using Social Networking Sites

Some students choose to use social networking sites in offensive, disrespectful and inappropriate ways. While the District uses "best practices" to filter access to such sites on school computers, these sites can be accessed on personal computing devices and smart phones. Also, sometimes while at school, students will share what they have read. This creates disruptions and negatively impacts peer relationships, as well as the learning environment.

Section III: Cyberbullying

Cyberbullying, or Internet Bullying, is using the Internet or other digital devices to send or post negative messages, images or video clips about others. It can take many forms, including posting or sending mean or embarrassing comments and/or images on chat rooms, message boards, websites, social networking sites, online gaming sites, cell phones, instant messages or e-mail. Cyberbullying is a form of emotional bullying that instills feelings of fear, isolation and humiliation among its targets.

Parents/guardians should discuss cyberbullying behavior, encouraging children to speak out against cyber bullying they witness and to report instances to the appropriate person. Incidents of cyberbullying which occur at school or using school District technologies will be investigated by school administrators. However, these actions may not be confined to events that occur on school property, on school vehicles, at designated school bus stops or at school-related functions or activities or by use of data or software that is accessed through a computer, computer system, computer network or other electronic technology of a local school system. In addition, parents/guardians need to set up guidelines for appropriate use for each new piece of technology that is brought into the home.

Section IV: Internet Safety Policy

Additional information in this regard is contained in the School Board's Internet Safety Policy (IFABB), which can be obtained in the Online Policy Manual located on the District website.

Appendix J: Bring Your Learning Device (BYLD) Program (HS)

CCSD **high school students** schools may bring their own technology to District campuses that are participating in the Bring Your Learning Device (BYLD) program. **Personal technology devices are not permitted grades K-8**

Definition of Technology

For purposes of BYLD, "Technology" means personally owned Internet-accessible, wireless, portable, electronic equipment used for instructional purposes. All approved devices must allow access to the Internet through a fully functional Web browser and be capable of accessing the District Guest network. Approved devices **in high school only** include: smartphones, iPads, iPods, Smart Watches, laptops, netbooks, tablet computers and eReaders that meet the definition of technology.

Internet

All Internet access **on personally owned devices in high school** will ~~occur~~ **utilize** using the District BYLD network. Cellular network adapters and hotspots are not permitted to be used by students to access the Internet at any time.

Security and Damages

Responsibility to keep privately owned devices secure rests with the individual owner. Neither the District nor its staff or employees is liable for any device stolen or damaged on campus. Personal devices that are reported as stolen, lost or damaged while in the care of the student will be treated as any other personal item (such as coats, purses, books, gym bags, shoes, etc.).

Student Agreement

The use of personal technology to provide educational material is not a necessity but a privilege. A student does not have the right to use his or her laptop, cell phone or other electronic device while at school without express permission from the teacher. When abused, privileges may be taken away. When respected, privileges will benefit the learning environment.

Students and parents/guardians participating in BYLD must adhere to all Board policies and the District Internet Acceptable Use Policy, IFBG.

In order to be a responsible electronic citizen in the District, students are expected to follow these guidelines.

- Students may use these devices in the classroom when the teacher determines it is appropriate for educational purposes. Students must learn when to use and not to use technology, including headphones. If they are not sure, students must ask for clarification.
- All devices must remain silent or be put away unless being used within a lesson during class time. Personal technology cannot be used during campus, district or state testing.
- Devices must have the ability to enhance the educational process and must be able to access the Internet.
- Students are responsible for making sure devices are fully charged prior to use in class.
- Technical support for personal devices will not be provided by teacher, staff or District Technology Staff.
- Personal devices will not be allowed to connect to the District network; they will only access the BYLD network.
- Students must comply with acceptable use terms for accessing the Internet while on school campus.
- Students are responsible for the security of their personal devices.
- The device may not be used to cheat on assignments or tests or for non-instructional purposes during instructional time.
- Personal technology with photographic or video capabilities may only be used with explicit permission from the classroom teacher or Principal.
- The device may not be used to record, transmit or post photographic images or video of a person, or persons on campus during school activities and/or hours unless assigned by the teacher as allowed by the District Internet Acceptable Use Policy.
- The device may only be used to access files or Internet sites which are relevant to the classroom curriculum.
- Non-instructional games are not permitted.
- Students must comply with teachers' request to turn off the device.

- Students are responsible for ensuring that any computers or computing devices, diskettes, CDs, memory sticks, USB flash drives, or other forms of storage media that they bring in from outside the school are virus free and do not contain any unauthorized or inappropriate files.
- Students are NOT permitted to use their own computing devices to access the Internet via personal Wi-Fi accounts, “hot spots” or by any manner other than connecting through the wireless connection provided by the school system.
- Students may not use devices during non-instructional times, such as passing periods, lunch and before/after school without express permission from the school’s administration.
- All devices should be clearly labeled with student’s full name. Password protection is recommended. Parents and students should discuss insurance, data plans and fees, as these are not the responsibility of District faculty.
- Students are responsible for personal property brought to school and should keep personal items with themselves or in a locked space. Lost and found devices must be immediately reported and/or turned over to a teacher or administrator.
- Students take full responsibility for personal digital devices at all times. The school is not responsible for the security of the device.

Inappropriate Use

Inappropriate use will generally fall into two categories; procedural and malicious. Procedural issues will be routinely handled within the classroom and common areas of the school without formal intervention. Examples of procedural issues would include having a device out at the wrong time or forgetting to set a phone to silent. More serious and malicious use will be reported to the office. Examples of these types of issues would include:

- Using the personal technology for illegal purposes including, but not limited to, cyber bullying, gambling, pornography and computer hacking.
- Using photographic or video features in any restroom or locker room.
- Purposefully opening, viewing, using or deleting files on another person’s personal technology without permission.
- Electronically posting personal information about one’s self or others (i.e., addresses, phone numbers and pictures).
- Downloading or plagiarizing copyrighted information without permission from the copyright holder.
- Intentionally introducing a virus or other malicious programs onto another person’s personal technology device.
- Electronically posting messages or accessing materials that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another’s reputation or illegal.

Cell Phones/Smart Devices/Earbuds Use Guidelines

Cell phones and earbuds may support learning in high school when used for teacher-approved educational purposes, such as accessing course materials, taking notes, or completing assignments. However, personal devices, including, but not limited to, cell phones, smart watches, smart glasses, and earbuds, can create disruptions or be misused in ways that interfere with the learning environment, including unauthorized recording or communication. To maintain a focused and safe school setting, the following expectations outline when and how personal devices may be used. If a parent/guardian needs to contact a student during instructional time due to an urgent matter, they should contact the school’s front office so appropriate arrangements can be made.

1. Cell phones/Smart Devices/earbuds must be stored out of sight and in silent mode.
2. Students in grades K–8 are not permitted to use personal electronic devices, including cell phones, smart devices, or earbuds, during the school day from bell to bell, during bus transportation (K-5), or at school-sponsored events.
3. Students in grades 9–12 may use cell phones, smart devices, and earbuds during instructional time only for academic purposes with teacher direction and principal approval. These devices may also be used outside of instructional time during designated non-instructional periods (e.g., before school, after school, cafeteria, and during transitions).
4. Cell phone/Smart Devices/earbuds use shall not violate the Bring Your Learning Device (BYLD) guidelines in Appendix J.

5. Cell phones/Smart Devices/earbuds shall not be used for photography or recording unless at the direction of a teacher or administrator for academic purpose.
6. The photographing, recording, or transmitting of profane, vulgar, inappropriate, or threatening material is prohibited.
7. The photographing, recording, or transmitting of a fight, assault, sexual material, drug-related material, or gang-related material is prohibited.

Special Note: Cyberbullying

Cyberbullying is defined as the use of any Internet-connected device for the purpose of bullying, harassing or intimidating another student. This includes, but may not be limited to:

- Sending abusive text messages to cell phones, computers or Internet-connected game consoles.
- Posting abusive comments on someone's blog or social networking site (e.g., Facebook, Twitter, Snapchat, Instagram).
- Creating a social networking site or Web page that masquerades as the victim's personal site and using it to embarrass him or her.
- Making it appear that the victim is posting malicious comments about friends to isolate him or her from friends.
- Posting the victim's personally identifiable information on a site to put them at greater risk of contact by predators.
- Sending abusive comments while playing interactive games.
- Taking videos or photos of anyone while on campus or at a school function - often using a cell phone camera - and posting them online, sometimes manipulating them to embarrass the target.

- The validity of a threat;
- Whether a student poses a threat to himself, school or community;
- Gathering of information, and;
- Provision of relevant information and/or recommendations to appropriate parties.

- There *continues to be* insufficient information for the threat assessment team to be reasonably certain that the student does not pose a threat, or;
- The student appears to be on a path to attack.

Appendix M: Cell Phones/Smart Devices/Earbuds Use Guidelines

Cell phones/Smart Devices (i.e., watches, glasses)/earbuds can be useful for legitimate educational purposes such as notetaking, accessing electronic course materials, and completing assignments. However, cell phones/Smart Devices/earbuds also can be used for illegitimate purposes such as bullying, inappropriate photographing or recording, and distracting from learning. The following rules ensure that cell phones are used solely for legitimate educational purposes. If a parent needs to be in contact with his/her child during instructional hours for an urgent or unexpected matter, he/she may contact the front office and arrangements will be made for the student to call or text.

~~Cell phones and earbuds may support learning in high school when used for teacher-approved educational purposes, such as accessing course materials, taking notes, or completing assignments. However, personal devices, including, but not limited to, cell phones, smart watches, smart glasses, and earbuds, can create disruptions or be misused in ways that interfere with the learning environment, including unauthorized recording or communication. To maintain a focused and safe school setting, the following expectations outline when and how personal devices may be used. If a parent/guardian needs to contact a student during instructional time due to an urgent matter, they should contact the school's front office so appropriate arrangements can be made.~~
