

Can the Monday after Easter (March 29) be a holiday?
 In 2027, March includes Spring Break and Good Friday. DPC members determined it would be more beneficial to place a holiday in another month to better distribute time off throughout the year.

Can we add a holiday in April?
 The STAAR/End of Course exam testing window is April 5 through 29. The calendar prioritizes student academic success; therefore, additional holidays are not scheduled during this important time.

UPDATE: WEATHER MAKE-UP DAYS FOR 2025-26

The April 6 and May 15 inclement weather days on the 2025-26 Academic Calendar will be student holidays.
