AGENDA

1. Review the final condition.
2. Update the community on the status of construction progress to date.
3. Walkthrough a slideshow of construction photos showing the process.
4. **Look ahead.**
    1. The project is on budget and on schedule, targeting “first day” in April 2027.
    2. Masonry (CMU) will continue for the next few months.
    3. Precast plank installation will continue once CMU reaches the third-floor level.
    4. Roofing will start in the summer, aiming to get dry-in late summer.
    5. Interior work will continue – ductwork, plumbing, electrical rough-in, etc.
    6. Masonry veneer (Brick) will start in the summer.
    7. Windows will start in the late summer.
