

SAN BENITO CONSOLIDATED INDEPENDENT SCHOOL DISTRICT
RFP-0526-SLPS
SPEECH LANGUAGE PATHOLOGY SERVICES
APRIL 21, 2026

ADDENDUM NO. 1

1. What volume of therapy needs do you anticipate having for the new school year?

We are currently unable to determine the anticipated volume of therapy services required for the upcoming school year.

2. What were the number of therapy needs that were contracted out to agency providers, this school year?

Therapy services contracted during this school year supported three elementary campuses and three secondary campuses, reflecting the number of sites requiring contracted speech therapy services rather than the volume of services provided.

3. What are the bill rates that your current contracted agencies use for therapy services?

Current contracted therapy rates include SLPA services at \$38 per hour.

5. What is the expected service delivery model (in-person, telehealth, hybrid)?

The anticipated service delivery model includes in-person therapy, while supervision of SLPAs may be provided through a combination of in-person and virtual modalities.

6. How many billable hours are in a typical school day?

Typically, up to six hours per school day are considered billable for contracted speech services; however, the actual number of billable hours may vary based on the specific needs of each campus or assignment.

7. Can you provide the name and contact information for the individual who will coordinate these services at your district?

Coordination of these services for the district will be managed by the Director of Special Services, Mr. Ernesto Manriquez, or the Special Services Lead for Assessment, Mrs. Melissa De Leon.

8. Do you accept new graduates if the vendor provides mentorship?

At this time, the district is open to considering recent graduates provided the vendor offers appropriate mentorship; however, the district will not assume the cost of such mentorship.
