JOIN AN APPRENTICESHIP PROGRAM UNIQUE TO MISSOURI AND THE NATION

This is an entirely new model for superintendent certification — and it starts with you. Here's what sets this program apart.

Experience over theory
You'll work in Missouri school districts on school finance, district leadership and operations.

First in the nation
Our program is the only apprenticeship registered by the U.S. Department of Labor leading to superintendent certification in the U.S.

Collaboration that benefits you
Missouri State and Missouri's top education organizations work together to train the next generation of leaders. Together, we've built a stronger preparation program.
