Responses to RFI received:

1. - Question: Will you please provide your market basket items along with pricing so I can accurately determine the markup required for this RFP? Additionally, how would you like us to handle vendors that are FOB to us and require a freight charge to deliver product to our warehouse?

Response: The District provided a Market Basket excel file along with the bid documents. Those are our core items which will be used to determine the pricing aspect for this bid. The markup portion would be for non-core items from manufacturers with the SuperCoOp. Regarding the freight charge question, if freight needs to be added as part of your cost, please do so. The District is looking for unit costs or "delivered price" to determine the award of the RFP.
