WHY THE FALL ENROLLMENT SUBMISSION?

“To comply with Title I, Part A, Perkins V, and Individuals with Disabilities Education Act federal grant reporting requirements, TEA is required to report student enrollment, special education, dropout and graduate information and calculations based on these data to the U.S. Department of Education (ED) by January and February of each year. To reconcile prior year leavers and determine the current year enrollment status for students with disabilities, student enrollment and special education program information must be collected earlier in the school year. TEA teams consulted with other states and collaborated with school system PEIMS coordinators to analyze options and determine the most effective way to collect the data with the least impact on school systems. This advance notice is intended to ensure school systems are fully prepared.” - TAA Correspondance 09/2025

WHO IS REPORTED?

- **All** students enrolled on the **First Friday in October** with their Special Education program determination (if applicable) and
- Students in grades 7-12 enrolled at any point during the school start window.
