 - 2.1. 2022-2023 Budget Review
 - 2.1.1. Thoughts on adding a Behavior Strategist or AP Feedback from the team is that an AP may be more beneficial because of the needs of the school (i.e. behavior needs, bullying, etc.); Any decision would require an amendment to the budget; This will also be put to Leadership as well. The option to add both to the budget is possible as well.
 - 2.2. Winter MAP Data MAP has been administered twice so far this year (Fall 2021 and Winter 2021). 40th %ile is our "marker" for at-risk students.

- 2.4.** SPP Review and Recap Basham shared the SPP Status Tracker with the team. She also explained that the building is now engaged in data team meetings to review MAP data with teachers weekly. Absences have affected how well we have been able to do this. There have been changes to the schedule to help alleviate this going forward, but staff has been very positive and receptive to these data conversations. Family engagement is our goal #2. The family meetings have been going well and increasing steadily. Topics for future meetings will be grade level specific and will host grade level teachers. The last goal involved emotional regulation in regards to the Panoramic Survey. Mrs. Coffey is currently conducting classroom lessons to introduce vocabulary and strategies to students. Schedule interruptions have been challenging, but she is so far able to overcome them. A second counselor has been tagged as a hiring priority and counselor lessons will be shared on our Canvas page. 7 Habits

lessons are also continuing in Humanities. Basham expressed that she is really pleased with overall progress with the SPP.
