2.1 SOT Roles and Responsibilities Review-Basham

4.0 General Discussion

4.1 School Performance Plan Update

Biggest opportunity is reading. Our goal is to get to 41% proficiency by 2021.

Goal 2 is in math, we will increase the number of students proficient at the 60th percentile. Both goals include parent engagement. All dollars support these goals. SOT will provide input in January for next year. This year's was approved.

4.2 Comprehensive Support and Improvement Update

State requires updates. Next one is due in January after the MAP Assessments.

We identify our progress, and steps we will take to be successful.

We are looking at the bottom quartile. Kindergarten numbers are skewed due to parent help. Other grades are spot on. We always get good growth.

We set targets in fall, then reevaluate and set new goals. We are responsible to report to the state report.

4.3. K-12 Student Code of Conduct Input

Basham showed parents how to find student code of conduct on our website. It tells the types of incidents and resolutions contained. Delineates minor behavior and major and major behavior. Discussed AUP first including resolutions. Some may include law enforcement involved. We at RTES we want students in school so we use other ways to encourage appropriate behavior.

With SCOC- Any input from parents?

Google form is available and the District is requesting input from parents and staff members.

Kelly Schumacker was introduced to SOT and she gave us a run down on all of the things Communities In Schools and what services are offered. She does a needs assessment each year, and our school decided attendance was the biggest focus. We track attendance and try to remove barriers so students come to school. She provides food, clothing, counseling, and homelessness. Kelly connects our Social Workers, she works with Three Square and Eyecare for Kids. Channel 8 interviews site coordinators also on Thursdays to showcase CIS.
