2024-2025 School Accountability Report Card
(Published During the 2025-2026 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/.
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

Junipero Serra Elementary School was built in 1970. The school has 20 teaching stations (5 buildings, MUR, Library and Administration Offices) providing education for grades K-5. The District takes great effort to ensure that all schools are clean, safe and functional. All bathrooms, classrooms, the MUR and offices are cleaned daily. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. The facilities work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

School Facility Good Repair Status
Using the most recent FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected- September 2025
- The Overall Rating: 97.95%

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Subject	School 2023-24	School 2024-25	District 2023-24	District 2024-25	State 2023-24	State 2024-25

2024-25 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2024-25 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2024-25 California Physical Fitness Test Participation Rates

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2025-26 Opportunities for Parental Involvement

STATE PRIORITY: PARENTAL INVOLVEMENT
The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement
The parents and the community are very supportive of the educational programs in the South San Francisco Unified School District. The Parent Teacher Association (PTA) plays an active role in the community and at school site through fundraising and involvement in special activities. PTA fundraising enables students to attend field trips, assemblies and has supported the purchase of classroom equipment and supplies. Our PTA is very dedicated to helping the students of our school. Junipero Serra's PTA sponsors a variety of events throughout the year including: Family Socials, Larry Itliong Day, Halloween Happening, Wacky Walk, Winter Crafts Workshop, Autism Awareness Month, Welcome Back for Families, Family Nights, a Talent Show, and end-of-the-year luncheon. Our PTA contributes significant financial support to our 5th Grade Outdoor Education, extracurricular activities, field trips, afterschool enrichment activities, and materials for academic program for all the classrooms. The PTA holds regularly scheduled meetings on Thursday of every other month and welcomes all parents to attend. We believe that our school can only be successful with parents, community, and school staff working together as a team.

To learn more about specific opportunities for getting involved, please contact the school principal, Teresa Sampayan, at 650-877-8853 or tsampayan@ssfusd.org

2025-26 School Safety Plan

The safety of the students and staff at Junipero Serra Elementary School is a primary concern. The School Safety Plan includes an overview of the school's current comprehensive safe school programs and initiatives as well as an annual action plan that addresses the four phases of emergency planning: mitigation, preparedness, response and recovery. The plan identifies members of the school's emergency response team, their roles and responsibilities, and their lines of communications with the district's emergency response team. Emergency policies and procedures and the location and inventory of the school's first aid and emergency supplies kits are detailed. Each School Safety Plan incorporates the state's Standardized Emergency Management System and is aligned with the detailed District Emergency Management handbook (The Big Five).

Safety Binders:
Emergency rosters are maintained in the classrooms and office for rapid response in case of an emergency. Practice emergency drills are held regularly, preparing staff and students to respond in an emergency.

The School Safety Plan and all Safety Binders are reviewed, updated and discussed with school faculty from August - October of the current school year. It is also revisited during January of the current school year. DCPD reviewed and provided input in October 2025 and School Site Council reviewed and approved the School Safety Plan.

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Topics for staff development were selected based on teacher and student needs. As new strategies and curriculum materials were implemented in the school, staff development activities followed as support. Teachers and administrative staff worked in concert with the District administrative staff to identify areas of need and options for staff development. Training has included implementation of the following programs: TWIG Science, Illustrative Math (gr 3-5), Professional Learning Communities (PLC), Response to Intervention (RTI), Behavior Intervention, Daily 5 and analyzing achievement data. In addition, teachers have received training to implement IXL, Lexia Core 5, DIBELS, Zones of Regulation, LETRS, SIPPS and Ellevation. Conference style PD provided by EDS on district-wide PD days: topics ranging from Science, math framework, Illustrative Math and the SSFUSD instructional vision.

Training has been implemented through a variety of strategies including after-school workshops, release from class with the use of substitute teachers, web-based seminars, conference attendance, and individual mentoring. Three non-student staff development days are part of the school year calendar. Teachers are supported with the implementation of staff development by offering them a flexible schedule, allowing preparation time on early release days (every Wednesday), providing formative observations and feedback, conducting in-class coaching with the Beginning Teacher Assistance Program, and holding teacher-principal meetings.

This table displays the number of school days dedicated to staff development and continuous improvement.
