PUBLIC PARTICIPATION:

- Mary Farquhar – read summary on history of teachers’ unions; quoted bible verse; asked for Dr. Friebolin’s resignation
- Daniel Heaney – spoke against taking cheap shots at our teachers; against using broad generalizations about teachers from the internet; our teachers work hard every day; test scores being weaponized against our teachers, currently in Portrait of a Graduate meetings where not one person want good test takers, but well-rounded, successful students; thinks we do have successful students in district and something would have to be given up if we just have good test takers and nothing else
- Jenna McHugh – asked about support staff negotiations and whether custodians are receiving a budget cut; stated there are issues with allowing youth groups to use facilities because of custodians’ contractual obligations
- Kenneth Sutton – how why a custodian doesn’t have to be at the 7th Street field during use; asked if a custodian has to be present in all places; asked why classroom pets were removed and who is responsible; spoke about benefits of classroom pets

FOR THE GOOD OF THE ORDER:

- Director Haas asked status of Delaware Avenue property that is for sale and asked for approximate costs to renovate. Mr. Kish stated it was between \$3-4m to renovate plus purchase price of property, and we are unsure of what additional costs might be. We won’t know unless an architect or engineer walks through the property and gives an assessment. Next steps would be to see what the district administration office would cost and then we will be able to do a comparison.
- Director Haas stated the Board will go into an executive session following adjournment.

Director Connell moved, seconded by Director Snyder, to adjourn the meeting at 7:28 p.m.
