Policy Number: C108
Title: Social Events and Program Trips
Section: Students

I. Purpose

The Joint Operating Committee recognizes the value of student social events and program trips in enhancing and enriching the school experience for the students of this school.

II. Authority

The Joint Operating Committee will make school facilities available and provide appropriate staff for the conduct of social events within the school facilities which have been recommended by the Executive Director and approved by the Joint Operating Committee.

For social events which take place outside school facilities, approval is required by the Joint Operating Committee and recommended by the Executive Director.

As voluntary participants in school social events and program trips, students shall be held responsible for compliance with rules set forth in advance for their conduct, and infractions of those rules will be subject to the same disciplinary measures as are applied during the regular school program.

Participation in school events is not a right and may be denied to any student who has demonstrated disregard for the rules of the school.

This policy does not apply to international travel. The Joint Operating Committee does not sponsor or sanction student travel to foreign countries. While students and staff may participate in travel programs to foreign countries, participation in any international travel program shall not be construed as sponsorship by the Joint Operating Committee. With approval of the Joint Committee, representatives of outside travel programs may disseminate information about program services, but such allowance shall also not be construed as sponsorship by the Joint Operating Committee. Any information provided by outside travel programs must make expressly clear that such programs are not part of the EASTERN program and are in no way sponsored by the Joint Operating Committee.

III. Delegation of Responsibility

The Director shall develop procedures for the conduct of student social events and program trips which shall include the following:

- A. the designation of a staff member who shall be the EASTERN employee responsible for the event.
- B. the provision of adequate adult supervision or police protection as required by the circumstances of the event.
- C. the formulation of rules and regulations governing the conduct and safety of all participants and the promulgation of such rules and regulations to all students and adults involved.
- D. the formulation of rules and regulations governing the conduct of representatives of outside travel programs when disseminating program information on EASTERN property.
