Policy Number: C129
Title: Career and Technical Student Organization Competitions
Section: Students

I. Purpose

The Joint Committee recognizes the value of student participation in Career and Technical student organization activities that are an integral part of the curriculum. The Joint Committee further recognizes the desirability of encouraging students who have earned the right to compete at the State and National levels in Career and Technical Student Organization (CTSO)competitions to participate in such competitions.

This policy will provide guidelines to determine when the Joint Committee will support the participation of students in State and National CTSO competitions.

II. Guidelines

Students eligible to compete for first place recognition in State CTSO competitive events shall be sponsored by the school.
Students who, through State level CTSO competitive events,have achieved first place status and who are eligible to compete for first place recognition in National CTSO competitive events shall be sponsored by the school. Students who have achieved second place status through state level CTSO competitive events and who are eligible to compete for first place recognition in National CTSO competitive events due to the inability of the first place winner to compete shall be sponsored by the school.
