A screenshot of the Amazon Quick Suite Dashboards interface. The interface has a dark header with 'Explore', 'Amazon Quick Suite', and 'Dashboards' tabs. A left sidebar contains navigation options: Home, Favorites, Chat agents, Spaces, Flows, Research, QUICK SIGHT (Analyses, Dashboards, Scenarios, Stories, Topics, Datasets, My folders, Shared folders), and QUICK AUTOMATE. The main content area is titled 'Dashboards' and features a large purple banner with the text 'Share interactive data visualizations' and 'Share custom, interactive visualizations that help your team turn data into actionable insights. Stay focused on your goals by filtering visualizations, and generating snapshots to highlight key information.' Below the banner is a table of dashboards. A tooltip points to the 'Sales Over Dashboard' row, stating: 'Select from relevant dashboards. Building powerful dashboards is as easy as describing what you want in natural language.' The table has columns for Name, Owner, Last Updated, and Action. At the bottom right, there is a pagination control showing 'Items per page' set to 50, with page numbers 1, 2, and 3 visible.

Name	Owner	Last Updated	Action
Eliminate Persistent Passwords		6 minutes ago	⋮
Sales Over Dashboard		10 minutes ago	⋮
Marketing Vendor Catalog		2 hours ago	⋮
AMZL-NA I&I Workflow DQRI	Others	2 hours ago	⋮
