Dashboards – Landing Page

The screenshot shows the BARS 2.0 dashboard landing page. At the top, there is a navigation bar with 'Advanced Analytics' and 'My Dashboards' dropdown menus. The main content area features the Eastern Suffolk BOCES logo on the left, the 'BOCES Assessment Reporting System BARS' logo in the center, and the 'STUDENT DATA SERVICES' logo on the right. Below the logos, a 'Welcome to BARS 2.0!' message is displayed. A breadcrumb trail shows the path: 'Advanced Analytics > My Dashboards > BARS - AA BARS Intro'. The page includes instructions on how to use the dashboards, such as selecting a dashboard from a dropdown menu, using filters, and drilling down into data. A footer section provides contact information for help: 'For questions or help contact dwtshelp@esboces.org'. The page is copyrighted by Eastern Suffolk BOCES - Student Data Services in 2020.

Introducing BEACON – Literacy Overview

Innovative Dashboard for MTSS Success
(Multi-Tiered System of Supports)

Proudly serving:

Broome-Tioga BOCES Professional Learning & Innovation Center (PLIC), in collaboration with RISE (Reading Intervention for Student Equity), is supporting the BEACON dashboard initiative as part of the RISE grant's long-term sustainability goals. RISE has funded the development of the dashboard and will continue to fund participating RISE districts' access to the UDAs and the dashboard for the 2025-2026 school year. Beginning in the 2026-2027 school year and beyond, BEACON will be available through our service guide. Nine SCRIC SchoolTool districts are participating in this grant.

BEACON (Building Equity through Assessment of Children's Overall Needs) provides a key indicator of how students are likely to perform on the Grades 3-8 state assessments. It is a part of a broader effort to efficiently and effectively integrate data to support MTSS data visualizations and informed decision-making.

History:

DIBELS[®] (Dynamic Indicators of Basic Early Literacy Skills) is a research-based set of procedures and measures used to assess the development of early literacy skills. DIBELS is owned by the University of Oregon and licensed for use by Amplify.

BEACON is based on DIBELS literacy assessments, but due to the proprietary limitations of DIBELS, BEACON was developed by BTBOCES PLIC to provide full control over data navigation and customization. BEACON removes the constraints previously imposed by proprietary products that restricted our ability to modify build-in constraints.

Below the breadcrumb is a navigation bar with icons for home, back, forward, and refresh. The main navigation area includes a "By Period" dropdown and several filter tabs: "By Assessment (K-3)", "By Assessment (4-8)", "Sort by Score", "By Teacher", "Student Progress", and "Goals Set". Below this is a "Controls" section with filters for "School Year 2025-2026", "Assessment Grade All", "Building (Current) All", "School Level (Current) All", "Building/School Level (Curr... All", "Grade Level (Current) All", and "Assessment Composit". On the left side of the dashboard is a logo for "Professional Learning & boces Innovation Center". The main content area has a heading "About this dashboard:" followed by a paragraph: "This dashboard summarizes student performance across literacy assessments. Visuals are broken down by assessment, period of the year, grade level, and support level, with summary visuals on each page to show the portion of students in each subgroup. You can use the controls at the top of any page to filter visuals on that page, or click on any visual segment to view details on the students that make up that subgroup."

Dashboard Overview

This dashboard was created to provide a **centralized view of key student performance indicators**.

Main Goals

- Monitor student attendance trends
- Track behavioral incidents over time
- Analyze academic performance
- Identify patterns that may impact student success

Why It Matters

- Helps educators identify **at-risk students**
- Supports **data-driven decisions**
- Provides **clear visual trends** across the school year

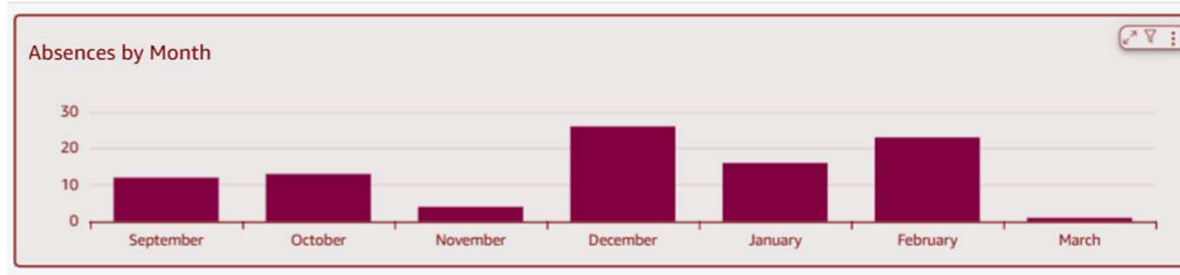

Student Absenteeism & Absences by Month

The dashboard provides two views of attendance data:

Overall Student Absenteeism

- Shows the total absence rates
- Helps identify students with high absence levels

Absences by Month

- Displays attendance patterns across the school year
- Helps detect seasonal trends (ex: winter spikes)

Benefits

- Early identification of attendance concerns
- Supports targeted attendance interventions

Behavior and Academic Performance Tracking

Discipline Incidents by Month

- Tracks behavioral incidents throughout the year
- Identifies months with higher disciplinary activity
- Helps evaluate effectiveness of behavior interventions

Course Scores

- Displays student performance across courses
- Helps identify subjects where students struggle

Assessments

- Measures performance on key tests and evaluations
- Helps track progress over time
