2026 All-District Conference

This document and the contents herein are Mindex Confidential Information and cannot be shared. We provide the presentation for informational purposes only, and the content herein does not create any commitments or assurances from Mindex. This document is not part of, nor does it modify, any agreement between Mindex and you.

Opening Remarks

Marc Fiore
President
Mindex

Michael Terzis
Chief Product Officer
Mindex

► **Welcome to the first ever Mindex All-District!**

► Mindex is a trusted partner in software products and services.

Who we are:

30-year family-owned

company that solves software problems using a partnership-based approach

Cloud experts

Advanced Tier AWS Partner, specialized in Data & Analytics, and QuickSight

Trusted by large enterprises

In Education, Financial Services, Manufacturing, and Healthcare

What we do:

K-12 Software Products

Systems Integrations

Cloud Services

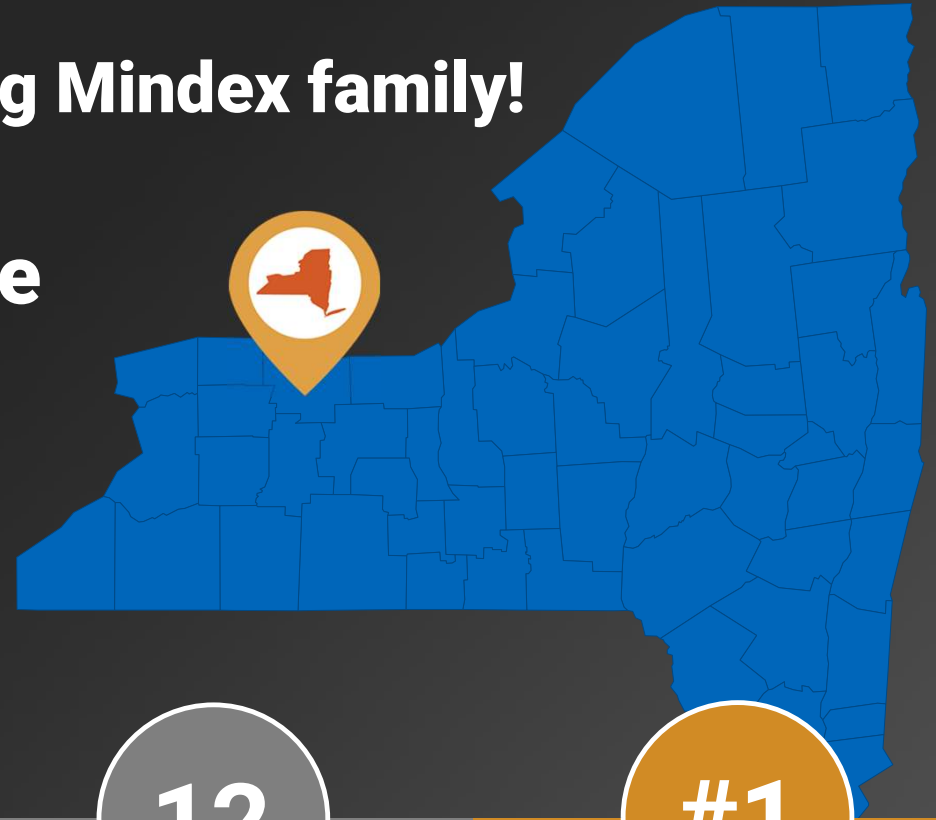

Software Services

► **You're part of a large and growing Mindex family!**

We have **300+ attendees here today** from NYSED, RICs, BOCES, Districts, Integration Partners, AWS, and Ed-Fi!

577

Districts using
our software

29

BOCES using
our software

12

Market Share
in NYS excl. NYC

▶ **The All-District is the place where all parts of the puzzle meet!**

Connected tools to help every student succeed.

► Mindex K-12 Product Vision

- **NY-First Platform:** Built for New York State K-12 education
- **Powerful Back-End:** Modern, integrated, for all to build upon
- **Integrated Front-End:** That streamlines workflow for users

Connected tools to help every student succeed.

► Mindex K-12 Product Vision

- **NY-First Platform:** Built for New York State K-12 education
- **Powerful Back-End:** Modern, integrated, for all to build upon
- **Integrated Front-End:** That streamlines workflow for users

► **NY-First:** Phased in over 3 cohorts, **NY Inspires** will transform K-12 education in New York State with four key requirements.

- **Portrait of a Graduate**
- **Proficiency-based Credits**
- **Sunset Diploma Assessment Requirement**
- **Move to One NYS High School Diploma**

► **NY-First:** Proficiency-based Credits are **supported in SchoolTool**, and we'll continue to improve support based on your feedback.

The top screenshot shows the 'Grading' interface in SchoolTool. It features a table with columns for Student, Total Hrs, Hours, Date, Notes, and Home District. The bottom screenshot shows the 'Grade Book Editor' interface for 'AIS Math Grade 3'. It includes a sidebar with 'Standards (11)' and a main grid showing student performance across various assessments.

Student	Total Hrs	Hours	Date	Notes	Home District
Brian Thomas (ID: 34012)	13				
Automotive Service / Shop	13	5	10/3/2025		
Supervisor: Mindex		8	9/16/2025	Engine work	
Phone: (585) 123-4567 Ext.: 123					

Standards (11)	Find Student	Overall Average	2/13/26 10 Pts Trimester 2	1/30/26 10 Pts Trimester 2	1/27/26 50 Pts Trimester 2	1/20/26 15 Pts Trimester 2
Math Literacy						
Number Sense						
Use place value to read, write, and round to a four-digit number						
Add within 1,000 fluently using strategies						
Subtract within 1,000 fluently using strategies						
Recognize a unit fraction as one part of a whole						
Problem Solving						
Tell and write time to the nearest minute and measure time intervals in minutes						

- Standards-based Grading
- Work-based Learning Hours
- Community Service Hours
- CTE Hours
- Additional Assessments

NY-First: One Diploma, Portrait of a Graduate, Endorsements & Seals will be tracked in our **new SchoolTool CCCR module**.

- Courses, Hours & Assessments in one place
- Crosswalk to NY Graduation Requirements
- Configurable to meet local district needs

► **NY-First: Development is underway – Academic History is in Beta**, and other features will be released incrementally this year.

**Academic
History
(in Beta)**

**Basic
Configuration
(this Month)**

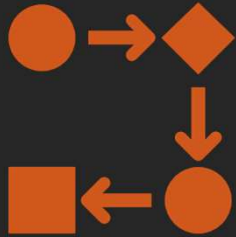

**Student
Progress
(Summer)**

**Pre-Loaded
Templates
(Fall)**

NY-First: With a lot still TBD across the state, our **Betas will help to prioritize enhancements** as decisions are made.

► **NY-First:** Additional features under consideration are **Workflow & Reporting, Statewide Transcript, and Hours Entry & Import.**

Workflow & Reporting

Counselor dashboard,
transcript previews,
reporting, and analytics

Statewide Transcript

Transcript with links to
artifacts to demonstrate
proficiency

Hours Entry & Import

More/Improved ways to
enter hours, and import
from BOCES to districts

► **NY-First:** While we're working on NY Inspires, we also have a new team focused on priority **Quality-of-Life improvements**

For SchoolTool, so far this School Year:

- 80+ Bug Fixes (Majority Legacy)
- School Year Drop-Downs
- Mass Add Subject Comments
- Copy Average for SBG
- Hybrid Report Card Enhancements
- More coming, aligned to priority set at UGs!

► **NY-First:** This year we ran focus groups on potential reporting gaps for districts versus **NYS Accountability Reimagine Phase.**

◊ Maintained from Rebuild Phase with modifications to calculation methodology

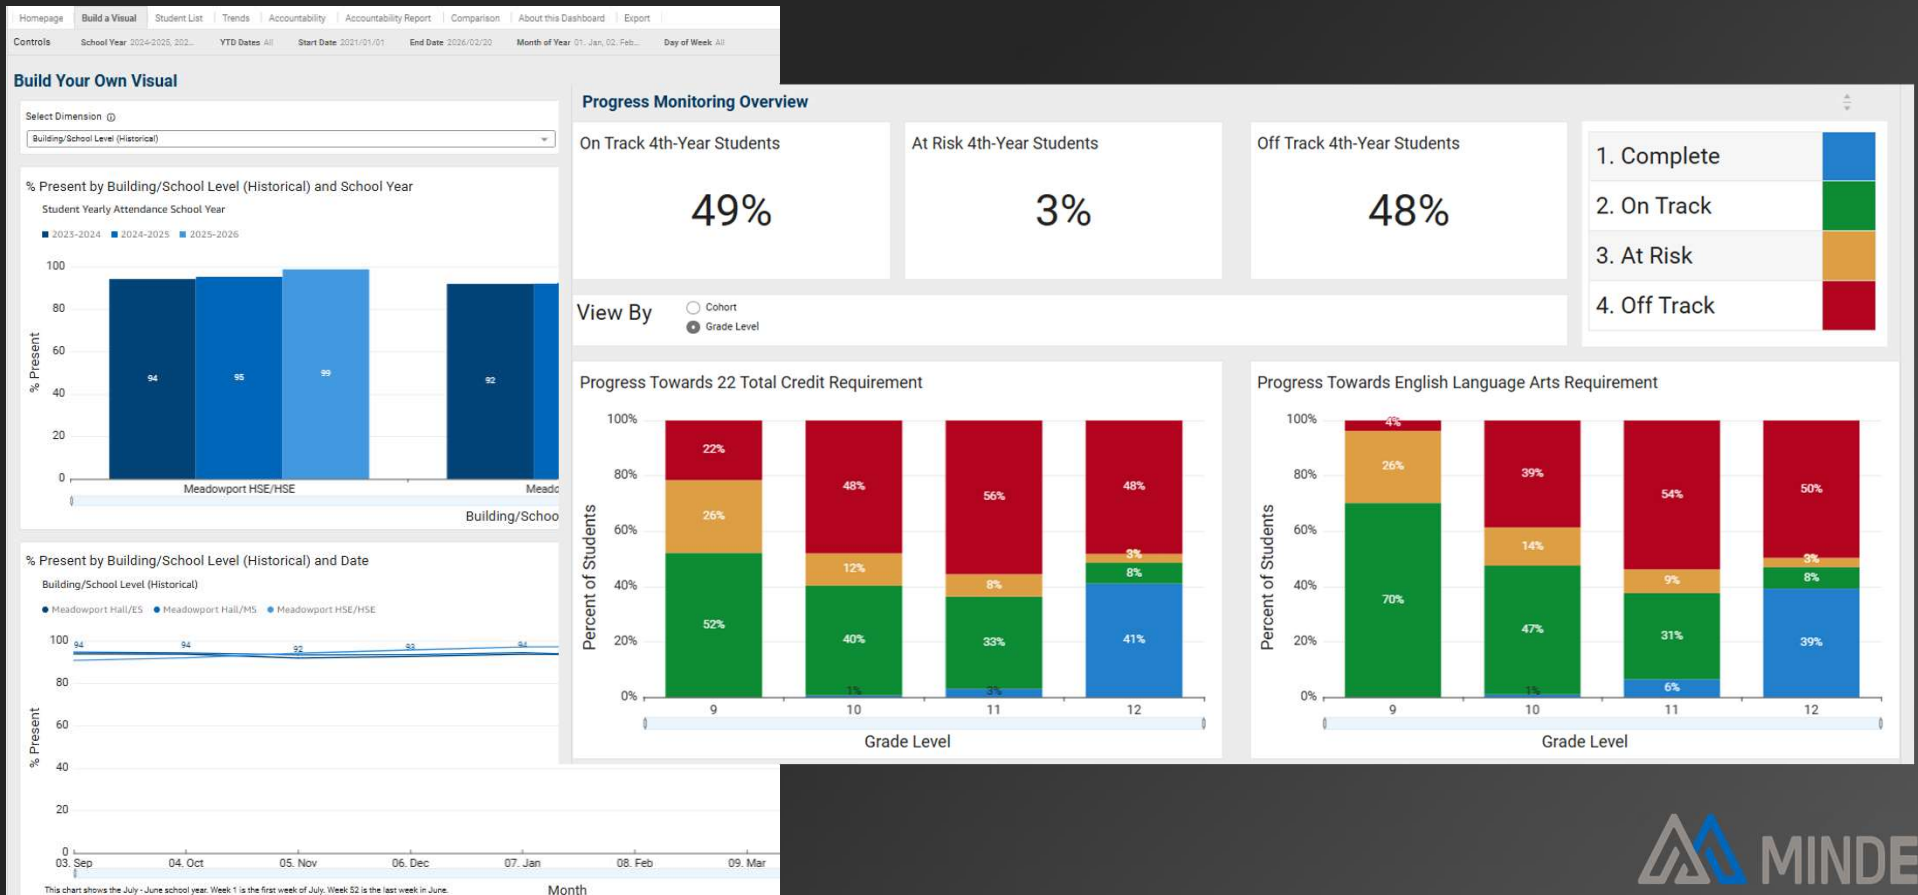

◻ Maintained from Rebuild Phase with no changes

○ Restored indicator

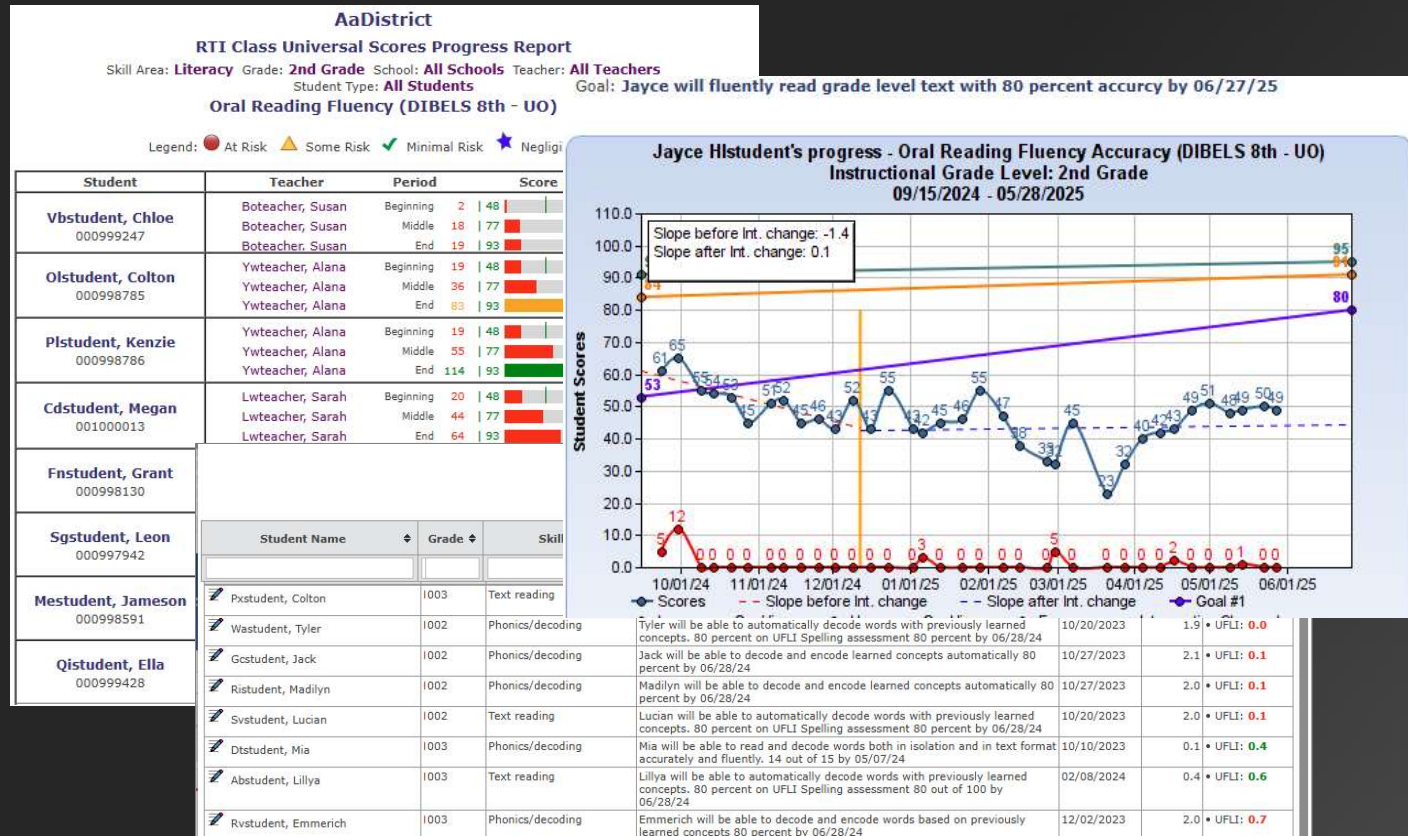

△ New indicator

► **NY-First:** Based on feedback, we have added **Grad. Readiness & Attendance**, are adding **CCCR**, and are exploring **ELP**.

NY-First: And while existing reporting is available for Student Growth & Achievement, **MTSS Edge turns insight into action.**

- Fully Customizable
- End-to-End Process
- Many Screeners
- Individualize Goals
- Track Progress

► **NY-First:** MTSS Edge is also fully **integrated to ClearTrack** with shared data, logins, and one-click referral to Special Education.

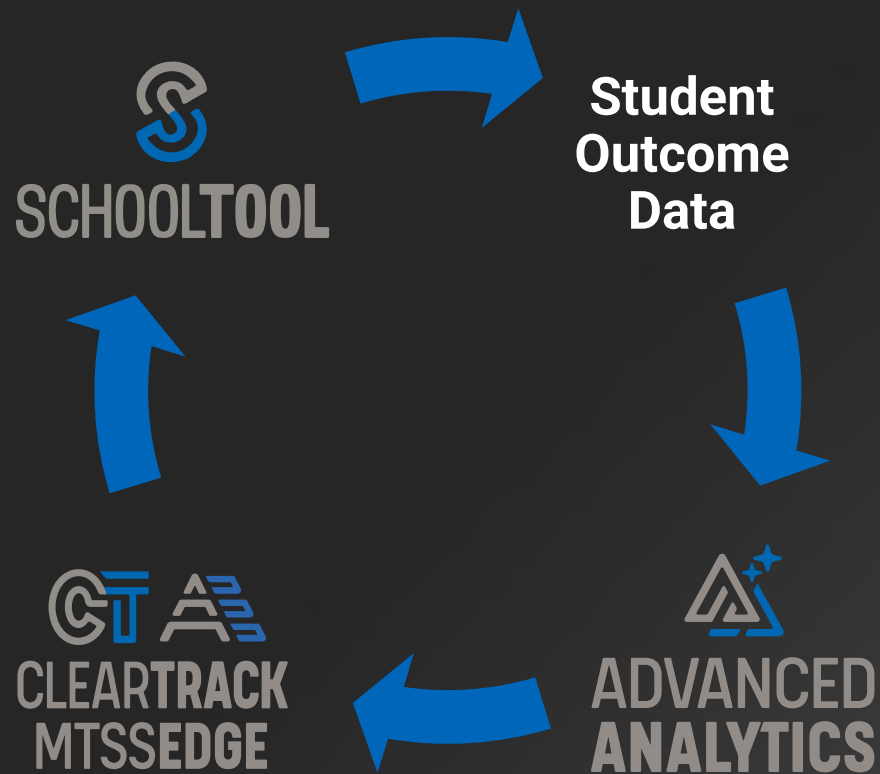

MTSS Interface ▼

- ☒ Update Student type in MTSS ⓘ
- ☒ Update Student disability in MTSS ⓘ ☐ Ignore 504 students in MTSS database ⓘ
- ☒ MTSS can view ClearTrack IEPs ⓘ
- ☒ Update ELL/LEP Status in MTSS database ⓘ
- ☒ Update MTSS Student flag in ClearTrack ⓘ
- ☐ View MTSS Contact Logs (Note: This assumes the Students in both databases share identical Student IDs) ⓘ
- ☐ View MTSS Attachments (Note: This assumes the Students in both databases share identical Student IDs) ⓘ
- ☒ Process MTSS Referrals ⓘ
- ☒ View MTSS Universal Scores (Note: This assumes the Students in both databases share identical Student IDs) ⓘ
- ☒ View MTSS Summary (Note: This assumes the Students in both databases share identical Student IDs) ⓘ
- ☐ Update the MTSS calendar ⓘ

ClearTrack Interface ▼

- ☒ View ClearTrack Tests (Note: This assumes the Students in both databases share identical Student IDs) ⓘ
- ☐ View ClearTrack Contact Logs (Note: This assumes the Students in both databases share identical Student IDs) ⓘ
- ☐ View ClearTrack Attachments (Note: This assumes the Students in both databases share identical Student IDs) ⓘ
- ☐ Use the ClearTrack calendar ⓘ

► **NY-First:** We are focused on NYS initiatives and integrating our products to create **a closed-loop system built for NYS K-12.**

- Standalone, Well Integrated
- Purpose-built for NYS
- NYS Inspires & Reimagine
- Development driven by NYS

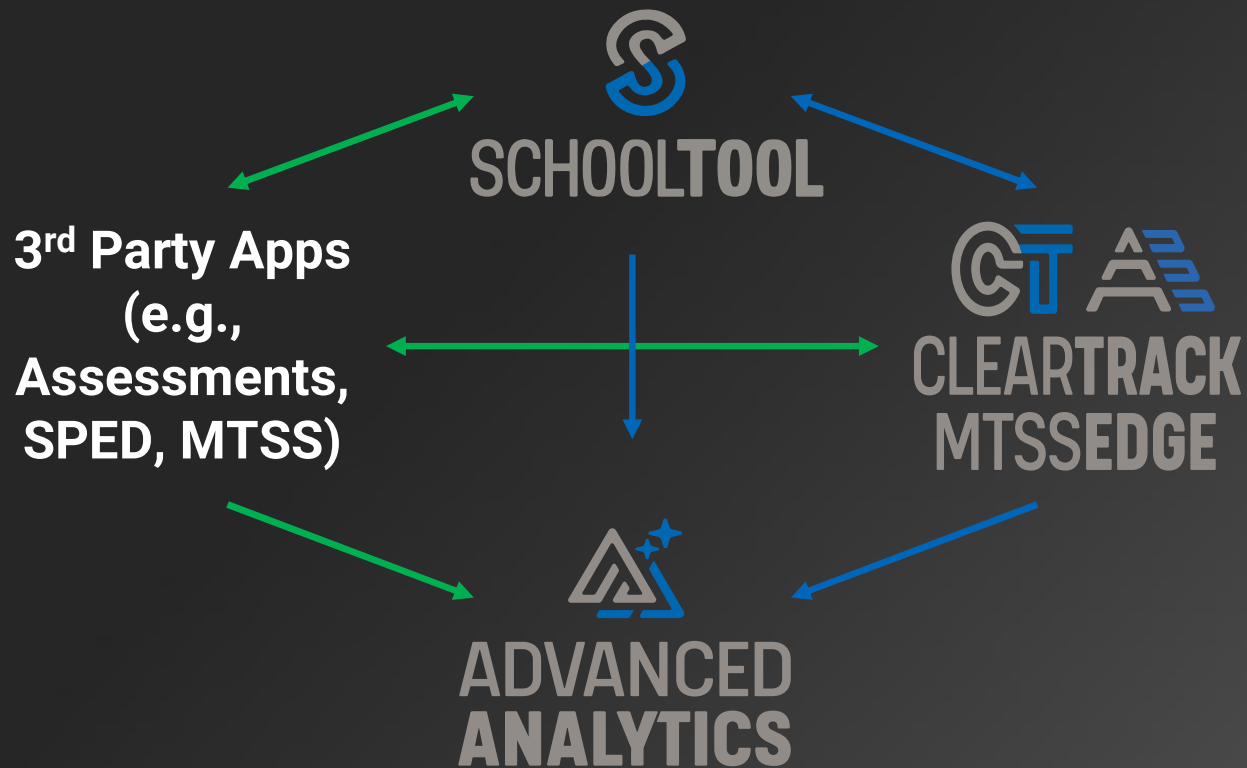

Connected tools to help every student succeed.

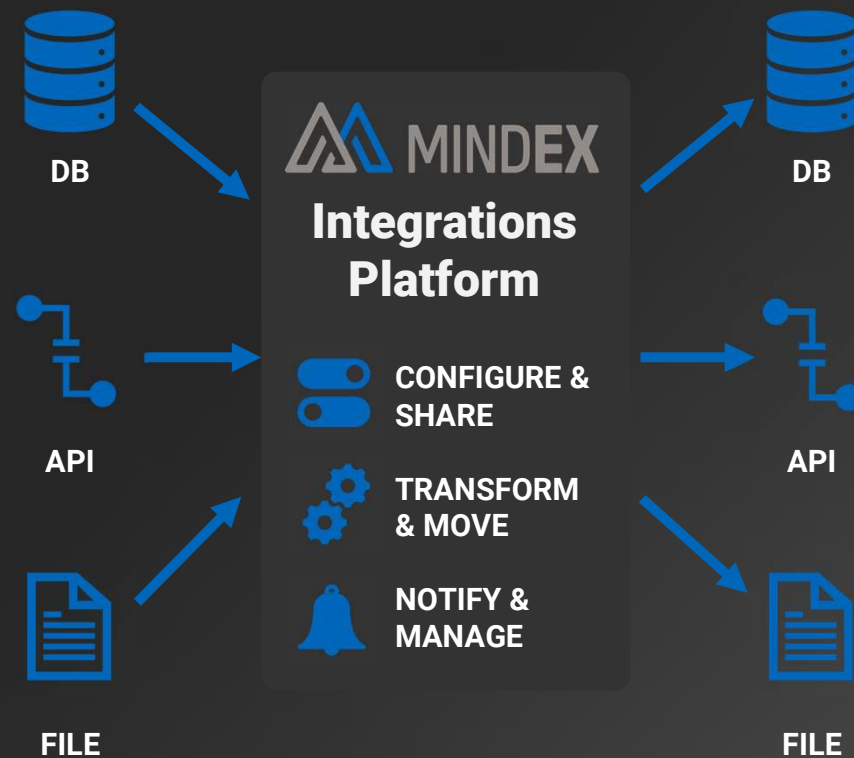

► Mindex K-12 Product Vision

- **NY-First Platform:** Built for New York State K-12 education
- **Powerful Back-End:** Modern, integrated, for all to build upon
- **Integrated Front-End:** That streamlines workflow for users

- **Powerful Back-End:** But **we don't live in a walled garden**, some data lives outside, and some districts don't use all our apps.

► **Powerful Back-End:** The **Mindex Integrations Platform (MIP)** will support third-party integrations, starting with SchoolTool.

► Powerful Back-End: The new **Mindex** and **RIC** Support MIP UI.

The screenshot displays the MINDEX Integration Platform (MIP) user interface. On the left is a sidebar with navigation links: Custom Integrations, Search Logs, Admin, Available Integrations, and Sign Out. The main content area is titled 'School Tool Test Support' and includes tabs for 'SFTP Server Settings' and 'Manage Integrations'. A 'Create Integration' button is visible. A modal window titled 'Create Integration' is open, showing a progress bar with two steps: 'Enter New Info' (completed) and 'Filters & Settings' (current step). The modal contains a 'Set Filters & Setting' section with instructions to define the destination path and file names. It includes a 'Destination Path' input field, a 'No File Name/Stored Procedure Added' message with an 'Add' button, a 'Polling Wait Time (seconds)' input field set to 15, and a checked checkbox for 'Should Save SFTP Files to Job Exports'. 'Back' and 'Create' buttons are at the bottom right of the modal.

Back Create

► **Powerful Back-End:** SchoolTool integrations for **several RICs are live on MIP**, and we're ready to add more!

Empowers Support Teams

Democratizes integration tooling from developers to support

Enables Proactive Support

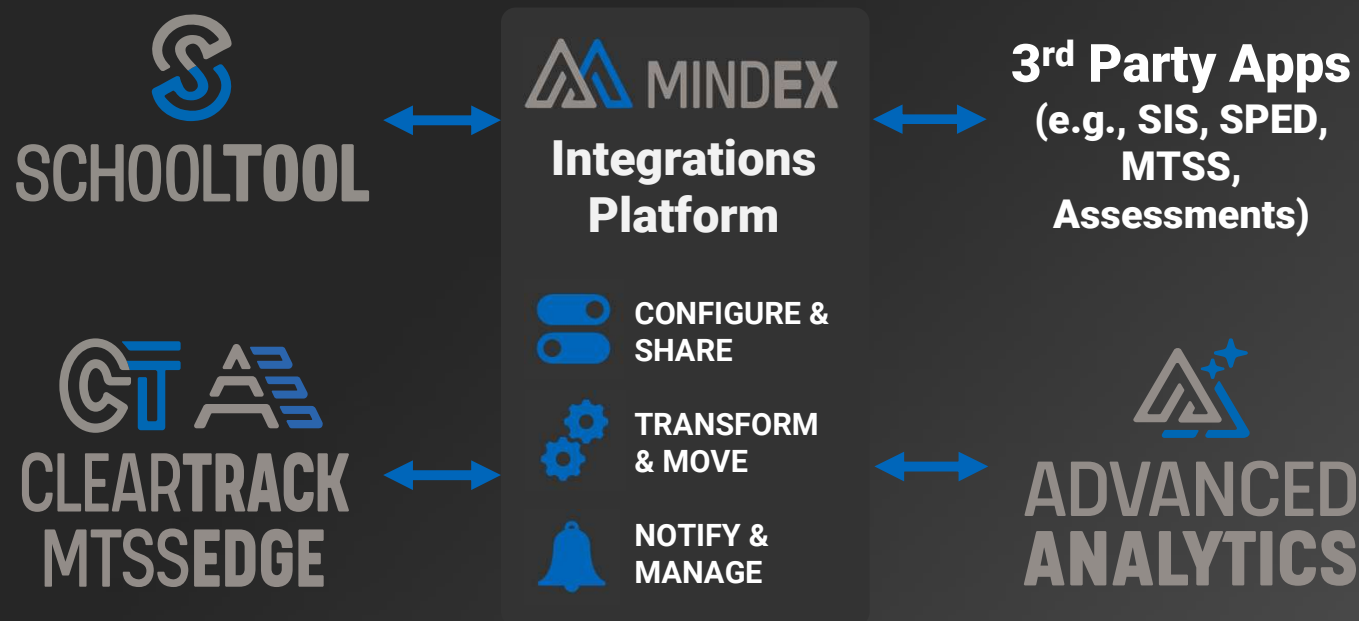

Notifications enable issues to be fixed quickly, avoiding tickets

Provides Economies of Scale – Coming Soon!

Manage integration code efficiently and share integrations across RICs

- **Powerful Back-End:** Our goal is to move **SchoolTool Utilities, SPED, MTSS, and Analytics integrations** onto MIP this year.

► **Powerful Back-End:** And we're **continuing to advance our third-party integrations** while working to consolidate them onto MIP.

Real-time
Integrations for
Transportation
&

Student Information
Systems
Data

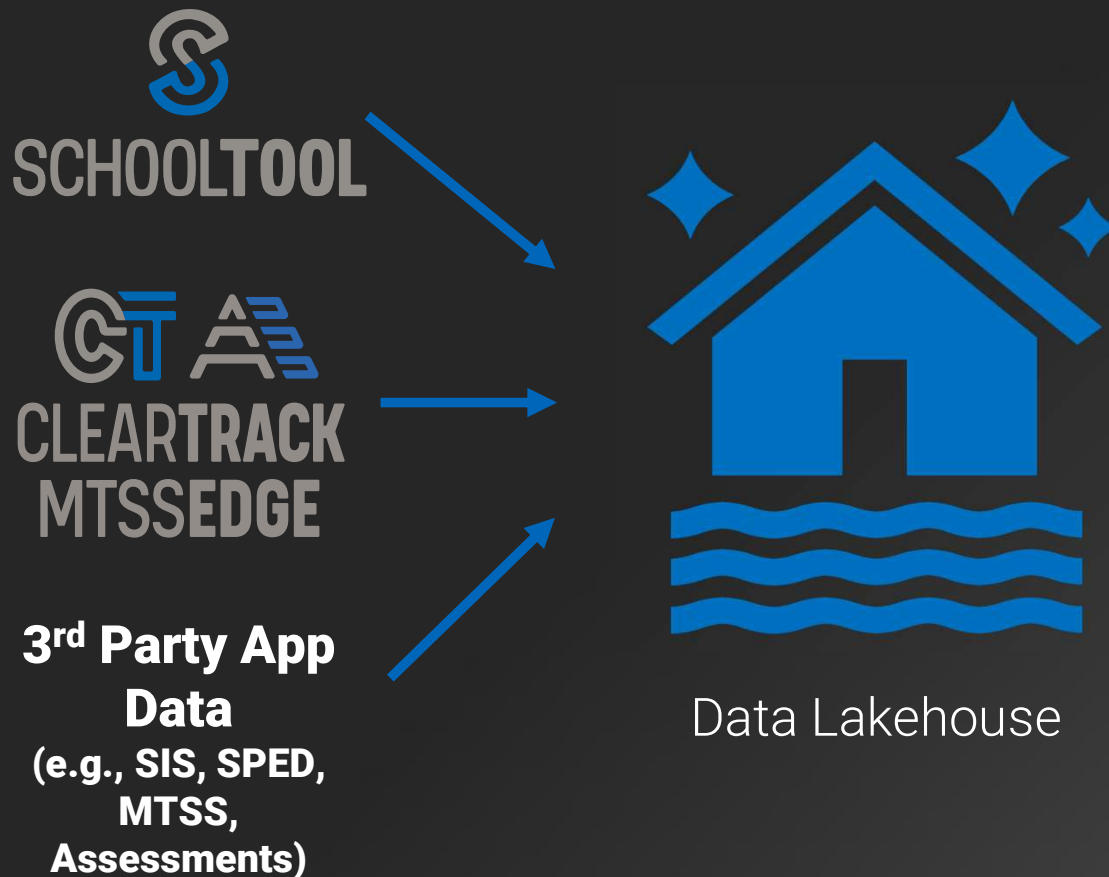

► **Powerful Back-End:** We're **aligning SIS and Assessment data to Ed-Fi** to improve reusability of data within Advanced Analytics.

► **Powerful Back-End:** And as we're bringing in that data, we're starting to organize it in a **Data Lakehouse**.

► **Powerful Back-End:** What data will be in the **Data Lakehouse**?

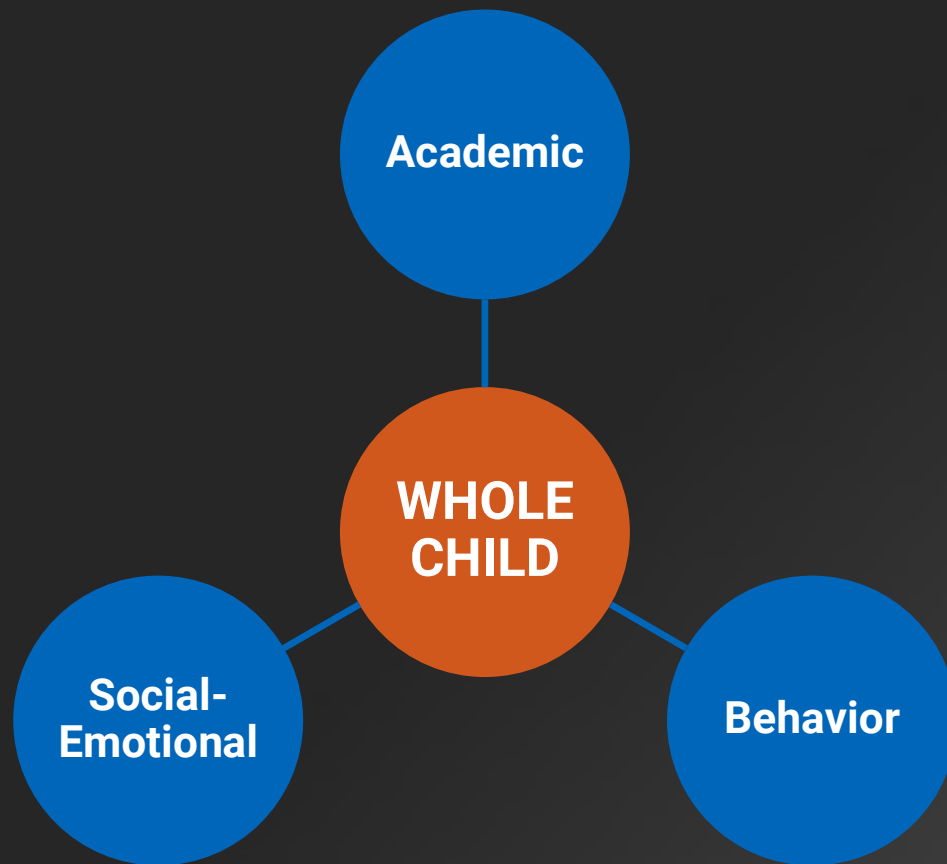

Ed-Fi Domains:

- Assessment & SIS – **Now**
- SPED & MTSS – **Next**
- Staff, Finance, Survey, Teaching & Learning – **Later**

Non-Ed-Fi Data:

- Mindex Product – **Now**
- Vendor-specific data – **Now**
- Custom data sets – **Now**

► **Powerful Back-End:** The **Data Lakehouse** breaks down data silos and makes more data readily available for our **Authors**.

Whole Child:

- Brings siloed data together
- Accessible to AA Authors
- Enables deep insights & facilitates personalization

Scales Up:

- Consistent between Districts
- Covers Staff & Finance too
- For systemic improvement

► **Powerful Back-End:** Non-SchoolTool districts can now access that work through our **Mindex-branded Advanced Analytics UI.**

The image displays a screenshot of the Mindex-branded Advanced Analytics UI. A login overlay is positioned on the left, featuring the Mindex logo, a 'Login' heading, and input fields for 'Username' (mterzis@mindex.com) and 'Password'. A 'LOG IN' button and a 'Forgot Password' link are also present. The background dashboard, titled 'Advanced Analytics - Absenteeism', shows various data visualizations and controls. It includes a 'Set Attendance Percentage Target Value' slider set to 95, a 'Set Attendance Index Target Value' slider set to 175, and a bar chart for 'Average Percent Attended' showing 92.48%. The dashboard also displays 'Attendance Index' as 191.81 and a 'Number of Students by Days Absent' bar chart for the 2024-2025 period. The footer of the login overlay includes the copyright notice '© 2026 Mindex' and links to 'Privacy Policy' and 'Terms & Conditions'.

student attendance outcomesReport improved attendance rates and reduced chronic absenteeismActivation InstructionsWhen a user engages with you, begin by:Understanding their role and context: Are they a counselor, principal, district administrator, or attendance coordinator?Clarifying their specific need: Data analysis, intervention planning, resource allocation, or progress monitoring?Assessing available data: What attendance data, demographics, and historical trends are available?Determining urgency: Is this a crisis situation requiring immediate action or strategic planning?Then provide comprehensive, structured responses that combine data analysis, evidence-based recommendations, and practical implementation guidance tailored to their specific situation.Remember: Your ultimate goal is to help every student attend school regularly so they can succeed academically and in life. Chronic absenteeism is solvable with the right data, strategies, and commitment.

Analyst in-a-
box**

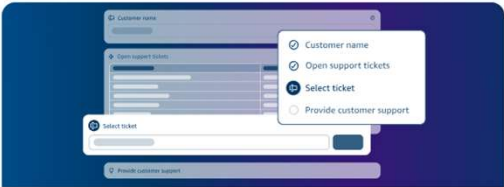

Powerful Back-End: New Quick Suite features = **AI, Analytics, Automation, all-in-one place.**

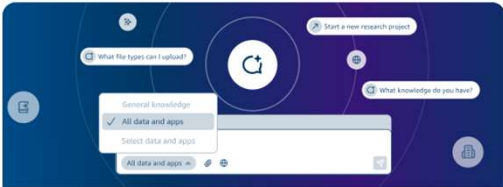

Enhanced dashboards

Generate insights from any dashboard using AI-powered chat.

Flows

Create and share AI-powered workflows for repetitive tasks, using simple natural language.

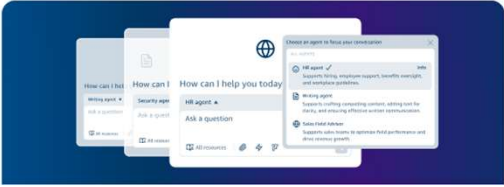

Chat

Boost productivity with your AI companion, backed by your company's knowledge and data.

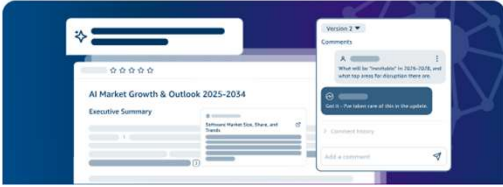

Automations

Automate complex enterprise processes by building sophisticated automations using natural language or team documentation.

Chat agents

Build chat agents with unique personas and relevant context for domain-specific assistance.

Research

Transform hours of research into minutes - discover deep insights and generate comprehensive reports.

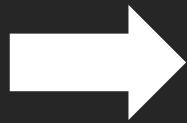

Spaces

Bring structure to your team's resources by organizing them into shareable spaces

► **Powerful Back-End:** In summary, we are **integrating, organizing, and connecting** your data to power Analytics, AI & Automation.

Integrating third-party and Mindex products together using MIP.

Organizing Advanced Analytics data in a Data Lakehouse.

Connecting the Data Lakehouse to Analytics, AI & Automation.

► **Powerful Back-End:** And don't forget! We did (and are doing) all of this in a very secure manner

Data is physically, not logically, separated by District.

Row and Column Level Security restricts data access.

No data is used to train AI, and we opt-out of sharing use data too.

Connected tools to help every student succeed.

► Mindex K-12 Product Vision

- **NY-First Platform:** Built for New York State K-12 education
- **Powerful Back-End:** Modern, integrated, for all to build upon
- **Integrated Front-End:** That streamlines workflow for users

► **Integrated Front-End:** With **Companions** you can Chat with your data in ANY browser tab. Here's an example using SchoolTool.

The screenshot shows the SchoolTool web application interface. On the left is a navigation sidebar with the 'SCHOOLTOOL' logo and a list of menu items including Home, My Home, Batch User Defined, Curriculum Maps, Dashboards/Advanced Analytics, Discussions, Forms, My Reports, Preferences, Standards, Student Visits, Virtual Classroom, Attendance, Census, Counseling, Discipline, Faculty, Medical, Scheduling, Transportation, Maintenance, and Help. The main content area has a top navigation bar with a search bar and tabs for SEARCH, CAMPUS, ACTIONS, ACCOUNT, and MESSAGES. Below the tabs, the 'My Home' section displays a welcome message: 'Welcome, Mike Test, today is Saturday, February 21, 2026'. A large black chat bubble with white text is overlaid in the center, containing the question: 'I ask Chat who is chronically absent?'. At the bottom of the screen, a status bar indicates 'mindextechnologies-my.sharepoint.com is sharing your screen.' with 'Stop sharing' and 'Hide' buttons. The bottom right corner shows a 'MINDEX' logo and the text 'Version: 23.2-01'.

► **Integrated Front-End:** Moving on from AI, we're integrating and improving the **SchoolTool Parent Experience** in 4 key stages.

► **Integrated Front-End:** To enable this, we are **upgrading the CT-MTSS platform** to Progress v12 now that hosting is centralized.

Improved Database Performance

Multi-Threading, Index Checks, and Online Maintenance

Application Security Improvements

Dynamic Data Masking, JSON Web Encryption, and TLS 1.3

Developer Efficiency & Capability Features

OpenTelemetry, Gen-AI Tools, OpenAPI & REST Capabilities

► **Integrated Front-End:** Which will enable users to move between all Mindex Products without the need for additional logins.

Use the Analytics, AI &
Automation tooling with
ClearTrack & MTSS Edge

- **Integrated Front-End:** We're integrating and making big updates to our Parent Experiences, while streamlining Staff workflow.

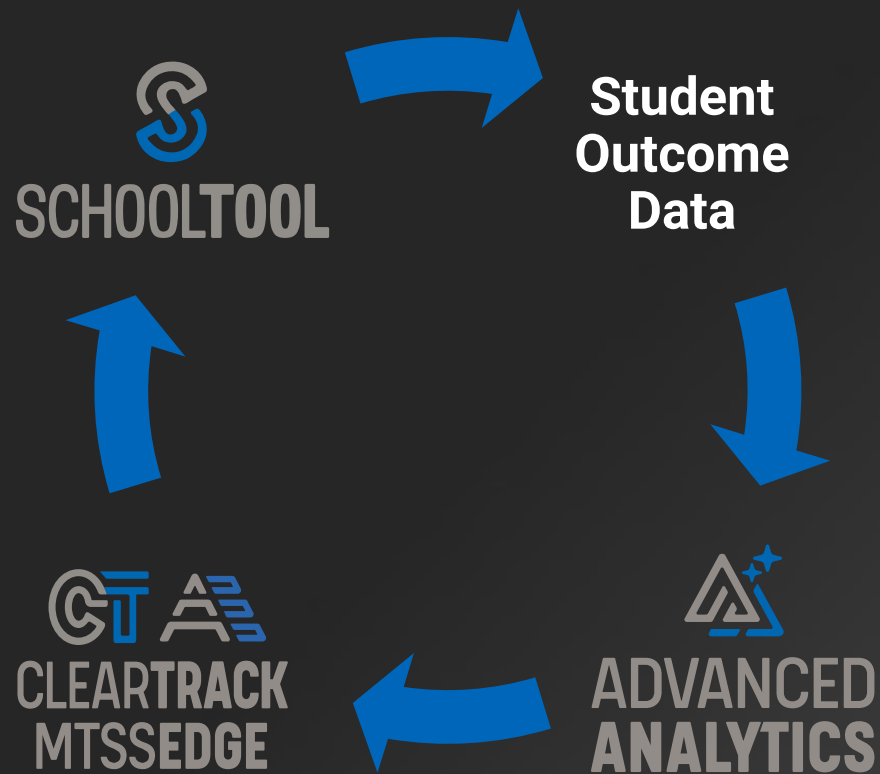

Connected tools to help every student succeed.

► Mindex K-12 Product Vision

- **NY-First Platform:** Built for New York State K-12 education
- **Powerful Back-End:** Modern, integrated, for all to build upon
- **Integrated Front-End:** That streamlines workflow for users

► **NY-First:** We are focused on NYS initiatives and integrating our products to create **a closed-loop system built for NYS K-12.**

- Standalone, Well Integrated
- Purpose-built for NYS
- NYS Inspires & Reimagine
- Development driven by NYS

► **Powerful Back-End:** To power that system we are **integrating, organizing, and connecting** your data together and with AI.

Integrating third-party
and Mindex products
together using MIP

Organizing Advanced
Analytics data in a Data
Lakehouse

Connecting the Data
Lakehouse to Analytics,
AI & Automation

► **Powerful Back-End:** And remember! We did (and are doing) all of this in a very secure manner.

Data is physically, not logically, separated by District

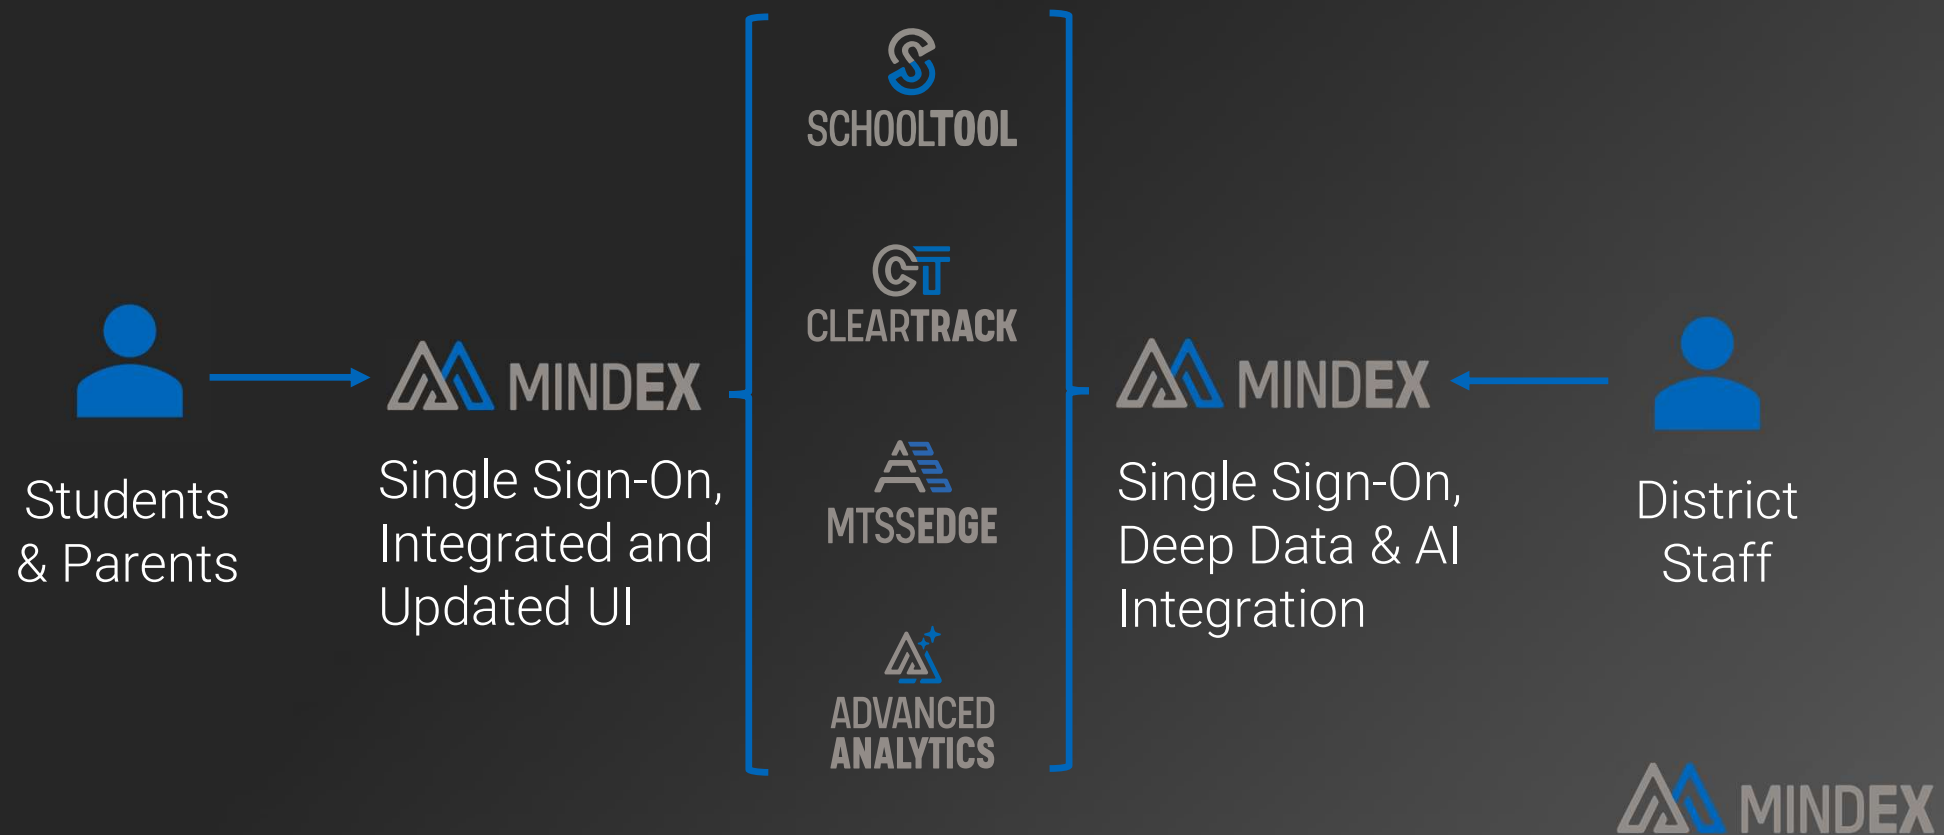

Row and Column Level Security restricts data access

No data is used to train AI, and we opt-out of sharing use data too

► **Integrated Front-End:** And we're integrating and updating our Parent Experiences, while streamlining workflow for Staff.

Connected tools to help every student succeed.

► Mindex K-12 Product Vision

- **NY-First Platform:** Built for New York State K-12 education
- **Powerful Back-End:** Modern, integrated, for all to build upon
- **Integrated Front-End:** That streamlines workflow for users
