

FAQ about Three Rivers Performance (TRP) Summer School

This was developed to help people better understand the TRP opportunity.

Where are the classes located?

All TRP Summer School classes will be held at Tomah High School for all grade levels. Training will occur in the high school weight room and gyms, and school training equipment will be utilized. Signs will help you find your way during the first week.

Who can register?

To avoid duplicate entries, parents and students please communicate with each other before registering. Current 5th - 11th grade students can sign up.

What are the dates of the programming?

TRP training courses will run from **June 1 to August 13**. Sessions will be held **Monday through Thursday** each week.

Will transportation be provided?

No transportation will be provided for TRP training courses. These programs are optional, and families are responsible for arranging transportation to and from the school.

If your middle school child is enrolled in additional summer school courses at TMS, they may attend the 9:15 a.m. session. A supervisor will escort them to THS for the class.

Please remember that this is a formal class, and all expectations and safety guidelines **must** be followed.

Can my child participate in both TRP AND Middle School or Elementary Summer School?

Yes! A schedule has been developed to ensure students can participate in both programs without conflict. Transportation is not available for students to go between Middle School and High School during the day, but a supervisor will assist the student to and from TMS and THS.

What if my child has other summer commitments and will miss some sessions?

Students are encouraged to attend as many sessions as possible. Participation is essential for securing funding to offer these programs for free. While occasional absences (a few days or a week) will not impact funding, students who stop attending entirely or unenroll early will not contribute to the required participation levels. Please make every effort to have your child attend consistently.

What does my child need to bring to the program?

A work ethic, a water bottle (if they want), and be appropriately dressed for physical activity.

Where should I drop off my child for this programming?

All programming is near the THS Fitness Center. The easiest way to drop off is by the THS Commons at Tomah High School. The THS Commons doors will be open.

What if I want to register my child but don't know when transportation will be available?

Please **do not register for multiple classes** to keep options open. If the time you originally registered for no longer works, simply contact **Brad Plueger** at bradplueger@tomah.education to request a schedule change. Registering for multiple classes will result in removal from other classes.

Who is the main contact from TRP who runs the sessions?

Jarod Schyvinch (threerivers@tomah.education) leads the TRP staff at Tomah High School. He would be the main point of contact for things related to programming. There will also be a hired teacher for each session, that will be the main contact for attendance.

Will there be “Open Lifting” available for students this summer?

No, open lifting time will not be available. We have partnered with Three Rivers Performance to offer instructor-led workouts through summer school, providing more accessible and higher-level opportunities.
