Moment of Silence (House Bill 623)

Beginning July 1, 2026, new legislation requires all K–12 schools to start each day with a brief moment of silence. During this time, students may choose to reflect, meditate, pray, or engage in another quiet, non-disruptive activity. We will remind families again in August and will encourage you to talk with your child about your expectations and how they may wish to use this time.
