Launch your career in finance as a Personal Financial Analyst, helping clients meet their financial goals while building experience with a CRM system. This opportunity offers **company-paid training**, classes, and licensing support (with a small state background check fee), and is **open to high school graduates** with an interest in business, entrepreneurship, marketing, or finance. Positions are available nationwide with flexible **part-time, full-time, and internship options**, and 10 openings currently available.
