Addendum #2

RFP# 25-26-004-Groundskeeping Services

Question:

- 1.) How am I to provide pricing? Do we use our own sheet and just provide an annual price for all services?
- 2.) Also, in the RFP it states a mowing schedule. I do not see this anywhere.

GRASS CARE:

- General: Grass height maintained according to species and variety of grass. Mowed according to service schedule. Reseeding or sodding must be done when bare spots are present. Weed control is practiced when weeds are present and visible. Some pre-emergent herbicide products may be used at this level.

Or this.

FREQUENCY: Landscape maintenance shall take place according to the frequency tables shown in the proposal form.

- 3.) For the reference form, does the references need to be school districts or can they be current commercial properties that are being serviced?
- 4.) The 1295 form, is this necessary for all proposals prior to acceptance or consideration?
- 5.) On the ACH form I am a bit skeptical on giving out my account information prior to the acceptance of my bid, can that specific information be given if my bid is accepted?

District Response:

- 1.) This is a CSP and vendors price should be attached in their submitted bid, broken down by campus for weekly services.
