Discrimination on the basis of sex includes discrimination on the basis of sex, pregnancy, or related conditions, sexual orientation, and gender identity or expression.

The Board is committed to maintaining an education and work environment that is free from sex discrimination (including sex-based harassment), responding promptly and effectively when it has knowledge of conduct that reasonably may constitute sex discrimination, and addressing sex discrimination in its education program or activity. Persons who commit sex-based harassment are subject to the full range of disciplinary sanctions set forth in the "Nondiscrimination on the Basis of Sex in Education Programs or Activities" policy.

The Board will provide persons who have experienced sex-based harassment ongoing remedies as reasonably necessary to restore or preserve access to the District's education program or activity.

NONDISCRIMINATION BASED ON GENETIC INFORMATION OF THE EMPLOYEE

The Board prohibits discrimination on the basis of genetic information in all aspects of employment, including hiring, firing, compensation, job assignments, promotions, layoffs, training, fringe benefits, or any other terms, conditions, or privileges of employment. The Board also does not limit, segregate, or classify applicants or employees in any way that would deprive or tend to deprive them of employment opportunities or otherwise adversely affect the status of the person as an employee, based on genetic information. Harassment of a person because of genetic information also is prohibited. Likewise, retaliation against a person for identifying, objecting to, or filing a complaint concerning a violation of this policy is prohibited.

In accordance with Title II of the Genetic Information Nondiscrimination Act of 2008, 42 U.S.C. 2000ff, et seq., and 29 C.F.R. Part 1635 ("GINA"), the Board shall not request, require or purchase genetic information of employees, their family members or applicants for employment. Further, in compliance with GINA, applicants and employees are directed not to provide any genetic information, including the individual's family medical history, in response to necessary requests for medical information, with the exception that family medical history may be provided as part of the certification process for FMLA leave, or when an employee is asking for leave to care for an immediate family member with a serious health condition. Applicants for employment are directed not to provide any genetic information, including the individual's family medical history, in response to requests for medical information as part of the District's application for employment process. Employees and applicants for employment shall not be penalized for providing genetic information in good faith in response to a request from a Board employee or agent, unless that applicant or employee refuses to delete the information at the request of the employee or agent of the Board.

The Compliance Officer is the Director of Human Resources and can be reached at (715)345-5512.

The Board offers health services, including a wellness program. Participation in the services/program is voluntary. Genetic information (such as family medical history) may be obtained as part of an individual's participation in the service/program. If that occurs, individual genetic information may be provided to the individual receiving the services and to their health services providers, but only genetic information in aggregate form will be provided to the Board and no applicant or employee shall be identified or identifiable from the reported information.

FAMILY AND MEDICAL LEAVE ACT (FMLA)

In order to qualify to take family and medical leave, an employee must meet one of the following two requirements:

1. An employee who has worked for the District at least twelve (12) months and has worked 1,250 hours in the 12 months immediately preceding the need for leave are eligible for the federal family and medical leave.

OR

2. An employee who has worked for the Stevens Point Area Public School District at least fifty-two (52) weeks and has worked 1,000 hours in the 52 weeks immediately preceding the need for leave are eligible for the state family and medical leave.

An eligible employee can take up to 12 weeks of unpaid leave each calendar year for the following reasons:

1. The serious health condition (as defined) of the employee:
 - a) An employee may take leave because of a serious health condition that makes the employee unable to perform the functions of the employee's position;
 - b) A serious health condition is defined as a condition, which requires inpatient care at a hospital, hospice, or residential medical care facility, or a condition, which requires continuing care by a licensed health care provider.
2. To care for a spouse, child, parent, domestic partner, or domestic partner's parent with a serious health condition;
3. The birth of a child and in order to care for that child;
4. The placement of a child for adoption or foster care.
5. Military Family Leave – up to 26 work weeks
 - a. To care for a family member with a serious illness or injury incurred in the line of duty
 - b. Urgent needs arising out of covered employee's spouse, child or parent being called to active duty in the armed forces. No illness or injury is required.

Spouses who are both employed by the District are limited in the amount of family leave they may take for the birth and care of a newborn child, placement of a child for adoption or foster care, or to care for a parent who has a serious health condition to a **combined** total of 12 weeks.

An eligible employee is entitled to continue health care benefits under the same terms and conditions as when the employee was on the job and is entitled to return to their previous job or an equivalent job at the end of the leave.

If an employee qualifies for Federal and state family and medical leave, the leave runs concurrently. Although the leave is designed as unpaid leave, the employee may substitute paid leave available and take the remainder of the leave as unpaid. Family and medical leave runs concurrently with paid leave available, temporary disability leave and absences due to work-related illness or injury. The District will designate the leave as family and medical leave and notify the employee that accumulated leave will run concurrently.

In some circumstances, an employee may take family and medical leave in blocks of time or by reducing their normal weekly or daily work schedule. Intermittent leave may be taken under the following circumstances:

- an employee is needed to care for a seriously ill spouse, child, or parent;
- an employee requires medical treatment for a serious illness;
- an employee is seriously ill and unable to work; and/or
- an employee becomes a parent or has a foster child placed in their home

When an employee plans to take family and medical leave, the employee is encouraged to give as much notice as possible. While on leave, the employee is requested to report periodically to the Human Resources Office the status of the medical condition and the employee's intent to return to work. An employee returning to work from a medical leave will need a doctor's statement before returning to work. The doctor's statement must state that the employee can return to full duty without restrictions or must specify the employee's restrictions.

The *Notice of Eligibility and Rights & Responsibilities* and Family and Medical Leave brochure are attached as supplemental information.

MAKE YOUR REQUEST IN WRITING

The Human Resources office will work to ensure that your family and medical leave needs are attended to. We do ask that you complete the appropriate paperwork prior to a planned family and medical leave or as soon after an unplanned leave, as possible.

Once you've determined that you qualify for and wish to utilize FMLA, please request the necessary forms. The forms are available in the Human Resources Office or the District website.

You will need to complete the *Family and Medical Leave Request* and your health care provider needs to complete the *WH-380, FMLA Health Care Provider Certification*. After completion, please return the forms to the Human Resources Office.

You will receive the *Notice of Eligibility and Rights & Responsibilities* form.

Upon receipt of your paperwork, we will review the request and complete the *Designation Notice* form and send it to you.

RETURN TO WORK

The District will need documentation of your ability to return to work, from your primary caregiver, before your return.

Just as you had your primary caregiver complete the paperwork, which allowed the leave, your primary caregiver will need to verify that you are able to return to work and perform the essential functions of your position.

The Family and Medical Leave Act (FMLA) provides that an employer may require an employee seeking FMLA protections because of a need for leave due to a serious health condition to submit a medical certification issued by the employee's health care provider. 29 U.S.C. §§ 2613, 2614(c)(3); 29 C.F.R. § 825.305. The employer must give the employee **at least 15 calendar days** to provide the certification. If the employee fails to provide complete and sufficient medical certification, his or her FMLA leave request may be denied. 29 C.F.R. § 825.313. Information about the FMLA may be found [on the WHD website at www.dol.gov/agencies/whd/fmla](http://www.dol.gov/agencies/whd/fmla).

SECTION I – EMPLOYER

Either the employee or the employer may complete Section I. While use of this form is optional, this form asks the health care provider for the information necessary for a complete and sufficient medical certification, which is set out at 29 C.F.R. § 825.306. **You may not ask the employee to provide more information than allowed under the FMLA regulations, 29 C.F.R. §§ 825.306-825.308.** Additionally, you **may not** request a certification for FMLA leave to bond with a healthy newborn child or a child placed for adoption or foster care.

Employers must generally maintain records and documents relating to medical information, medical certifications, recertifications, or medical histories of employees created for FMLA purposes as confidential medical records in separate files/records from the usual personnel files and in accordance with 29 C.F.R. § 1630.14(c)(1), if the Americans with Disabilities Act applies, and in accordance with 29 C.F.R. § 1635.9, if the Genetic Information Nondiscrimination Act applies.

Employee's regular work schedule: _____
Statement of the employee's essential job functions: _____

(The essential functions of the employee's position are determined with reference to the position the employee held at the time the employee notified the employer of the need for leave or the leave started, whichever is earlier.)

SECTION II - HEALTH CARE PROVIDER

Please provide your contact information, complete all relevant parts of this Section, and sign the form. Your patient has requested leave under the FMLA. The FMLA allows an employer to require that the employee submit a timely, complete, and sufficient medical certification to support a request for FMLA leave due to the serious health condition of the employee. For FMLA purposes, a "serious health condition" means an illness, injury, impairment, or physical or mental condition that involves *inpatient care* or *continuing treatment by a health care provider*. For more information about the definitions of a serious health condition under the FMLA, see the chart on page 4.

You may, but are **not required** to, provide other appropriate medical facts including symptoms, diagnosis, or any regimen of continuing treatment such as the use of specialized equipment. Please note that some state or local laws may not allow disclosure of private medical information about the patient's serious health condition, such as providing the diagnosis and/or course of treatment.

WORKERS' COMPENSATION

The District is committed to the promotion of safety awareness and accident prevention. Occasionally, an employee has an accident or suffers a work-related injury or illness. The District ensures that the employee will receive the appropriate medical care and treatment, provided the employee provides immediate notification regarding a work-related injury, so that the employee can return to good health and employment as soon as possible.

In accordance with state law, the District provides workers' compensation benefits to employees who suffer a work-related illness or are injured on the job. Benefits help pay for medical treatment and provides state regulated income while recovering.

An employee injured on the job is required to complete an Accident Report immediately, online through Public School Works, or as soon as practical, and is also required to report the injury to the employee's direct supervisor/principal. The Accident Report can be accessed online via the District website / Staff Portal / Submit Accident Report and complete this in Public School Works. The employer must submit a report of injury or disease to the employer's worker's compensation insurance carrier within seven (7) days after the date of a work-related injury which causes permanent or temporary disability resulting in compensation for lost time.

Any employee who seeks medical treatment or is unable to report to work after an injury must provide a doctor's Return to Work Recommendation (RTW) form. If and when an employee is able to return to work, the doctor's RTW recommendation must state that the employee can return to full duty without restrictions or must specify the employee's restrictions. The Return to Work form can be accessed online via the District website and print this for your doctor to complete.

If the employee is unable to return to work after seven (7) working days, the employee must call the employee's direct supervisor/principal each week to report the employee's status. Each time the employee goes to the doctor, the employee is required to fax or hand carry a copy of the doctor's RTW Recommendation form to the direct supervisor/principal **and** the Business Office within 24 hours of the doctor's visit.

BLOODBORNE PATHOGENS EXPOSURE CONTROL PLAN

The District has developed and maintains a Bloodborne Exposure Control Plan that complies with the Occupational, Safety and Health Administration (OSHA) requirements. The purpose of this plan is to create a healthy work environment through a plan to control or minimize occupational exposure to Hepatitis B Virus (HBV), Human Immunodeficiency Virus (HIV), and other bloodborne pathogens for employees who face a health risk from exposure to blood and other potentially infectious materials.

The Bloodborne Pathogens Exposure Control Plan is for employees who:

- provide services in a public facility providing health care related services; and/or
- otherwise have a risk of exposure to blood or other material potentially containing bloodborne pathogens.

A copy of the Bloodborne Pathogens Exposure Control Plan is available in each direct supervisor/principal's office or on the District's website under the Building and Grounds page. The plan provides guidelines on:

- how to handle and dispose of sharps (i.e. needles);
- how to handle and dispose of possibly contaminated materials;
- which employees are affected by the OSHA standard; and
- what housekeeping controls should be followed in cases of a possible bloodborne pathogen exposure.

If an employee has a bloodborne pathogen incident, the incident must be reported immediately to the direct supervisor/principal who will advise the employee of the next course of action and report the exposure incident to the Human Resources Office or Business Services. If an employee has not received the Hepatitis B vaccine, the employee shall be offered the vaccine within 24 hours of the exposure incident.

An annual review and training related to bloodborne pathogens will be provided.

Breaks and meal periods may only be taken during times designated by the employee's direct supervisor/principal and as may be further specified in other parts of this *Handbook*. Any time spent not working during an employee's scheduled day must be accounted for with approved leaves of absence.

The District will monitor attendance and absence patterns. The following incidents will be investigated and may result in the appropriate level of discipline including oral and/or written reprimand, suspension and/or possible dismissal from employment:

CHILD ABUSE REPORTING

The District recognizes the serious school, family and societal problems associated with child abuse and neglect. Wisconsin law requires school employees to report all suspected incidents of child abuse and/or neglect to the proper authorities within the community.

All District employees having reasonable cause to suspect that a student, seen in the course of the employee's professional duties, has been abused, threatened, or neglected, shall immediately inform, by telephone or personally, the Portage County Health and Human Services Department at (715) 345-5350, as mandated by law, and then the direct supervisor/principal. The oral report given to the agency shall include the name and age of the student, the student's home address, the parent/guardian's name or other person(s) responsible for the student's care, and the circumstances surrounding the suspected abuse or neglect.

If the Portage County Health and Human Services Department is closed, the Portage County Sheriff's Department (715) 346-1400 or police department shall be contacted. It is not the responsibility of school personnel to prove the student has been abused or neglected, only to report the suspected case(s).

No employee shall be disciplined or discharged from employment for making such a report. Failure to report suspected cases of student abuse or neglect, by those required by law to do so, is punishable by a fine of not more than \$1,000 or imprisonment of not more than six (6) months or both.

Reports to the Portage County Health and Human Services Department include abuse, sexual assault, neglect, and emotional damage.

DRESS CODE

Employees are expected to dress professionally on a daily basis in order to set an appropriate example for students, coworkers, and the general public. Employee attire and grooming must enhance and promote and not detract from the learning/educational environment of students in their classes, school programs, school-related activities, the environment of coworkers, and the environment and success of any activity taking place at any time in any District facility, grounds, or site. Each employee's position will have an impact on attire. For some positions, the District requires that the employee wear a uniform or a uniform style of dress. For some positions, protective clothing and/or equipment must be worn during certain activities. The direct supervisor/principal will notify each employee about the specific dress code for their position in the District and any changes related thereto throughout the school year.

The direct supervisor/principal will enforce the dress code. A direct supervisor/principal may, at their discretion, make an exception(s) to attire in specific situations when appropriate.

DRUG- AND ALCOHOL- FREE WORKPLACE

The District recognizes that the use or abuse of illegal drugs and alcohol has a significant negative impact on workplace safety, worker's compensation claims, sick pay benefits, absenteeism, and productivity. In addition, because our enterprise is educating students, it is paramount that all employees observe the law and District rules regarding drugs and alcohol so that as role models students may learn from our example.

The District provides and maintains voice-mail, fax machines, computers, Internet access and email for employees' use in order to provide an efficient environment in which to fulfill District responsibilities. Employee communication and use of these systems shall be held to the same standards as all other professional communications. The Districts computers, network, internet and other technologies do not constitute a public access service or public forum.

Employees are expected to exercise responsible behavior when on the network and only use computers for educational material suitable to a school setting. Employees who use the systems inappropriately may be subject to loss of access privileges and other appropriate discipline.

Inappropriate uses include, but are not limited to:

- communications that contain ethnic slurs, inappropriate racial references, sexually explicit, obscene or harassing messages that would constitute harassment of others;
- unauthorized attempts to access, retrieve, read or listen to another person's computer, email or voice-mail account without prior authorization;
- transmission of sensitive, confidential or proprietary information to unauthorized persons or organizations;
- downloading, displaying or printing distasteful or offensive materials, including without limitation, "adult", racist or hateful materials, or visual depictions that are obscene, or child pornography; and/or,

USE OF PERSONAL COMMUNICATION DEVICES

Employees are responsible for using personal communication devices (PCDs) in a safe and appropriate manner and in accordance with this policy, as well as other pertinent Board policies and guidelines. This includes using a PCD that may be Board-owned or personally-owned (regardless of whether the Board pays the employee an allowance for use of the device, the Board reimburses the employee, or the employee receives no remuneration).

Conducting District Business Using a PCD

Employees are permitted to use a PCD to make/receive calls, send/receive emails, send/receive texts, and send/receive instant messages that concern District business of any kind. Employees are responsible for archiving such communication in accordance with the District's requirements. **PCD communication sent and/or received by a public (school) employee using a PCD may constitute public records. Additionally, PCD communications about students sent and/or received by an employee using a PCD may constitute education records if the content includes personally identifiable information about a student.**

Safe and Appropriate Use of a PCD

Employees are prohibited from using a PCD while operating Board-owned vehicles and potentially hazardous equipment. Employees are required to comply with all applicable laws while driving.

Employees may not use a PCD in a way that might reasonably create in the mind of another person the impression of being threatened, humiliated, harassed, embarrassed or intimidated.

Employees shall limit communications to matters within the scope of the employee's professional responsibilities.

Preferably, staff shall use online automated text services provided by the District or private companies to text students for official District communications and not personal accounts.

Consider carefully student and staff interactions on private social media accounts. It is recommended that staff not friend or follow students on social media. District approved sites or pages are preferred and provide openness, visibility and accessibility. Staff using social media accounts representing the District or District-sponsored activities, must be approved by, and registered with the Director of Communications and the appropriate administrator responsible for each function. Only the appropriate administrator responsible for each function or designee has permission to communicate via social media on behalf of the District or District-sponsored activities.

An employee's personal or private use of social media may have unintended consequences. While the Board respects its employee's First Amendment rights, those rights do not include permission to post inflammatory comments that could compromise the District mission, undermine staff relationships, or

cause a substantial disruption to the school environment. This includes staff members' online conduct that occurs off school property including from the employee's personal computer. Posting on social media should be done in a manner sensitive to the staff member's professional responsibilities.

Employees shall not electronically record by audio, video, or other means, any image or conversations at meetings unless each and every person present has been notified and consents to being electronically recorded. Employees shall not electronically record telephone conversations unless all persons participating in the telephone conversation have consented to be electronically recorded. Surreptitious, unauthorized recording of others disrupts District workplaces, impairs employee relationships and cooperation and is injurious to employee morale. These provisions are not intended to limit or restrict electronic recording of publicly posted Board meetings, grievance hearings, and any other Board sanctioned meeting recorded in accordance with Board policy. These provisions are not intended to limit or restrict electronic recordings involving authorized investigations conducted by District personnel, or authorized agents of the District, or electronic recordings that are authorized by the District, e.g. surveillance videos, extracurricular activities, voicemail recordings. The provisions found in Board policy 9151 governs electronically recording students.

Upon request from Administration, an employee will provide the phone number(s), social network site(s), or other information regarding the method(s) of electronic media the employee uses to communicate with any currently enrolled students.

Duty to Maintain Confidentiality of Student Personally Identifiable – Public and Student Record Requirements

Employees are subject to all applicable policies and guidelines pertaining to protection of the security, integrity and availability of the data stored on a PCD, regardless of whether they are Board-owned and assigned to a specific employee or personally-owned by the employee. EMPLOYEE ASSISTANCE PROGRAM

The District recognizes that employees have personal or emotional problems from time to time. The District provides employees' access to a confidential Employee Assistance Program (EAP) to help individuals deal with life's stresses and difficulties. Services are provided by confidential counselors employed by an outside agency, and EAP visits or details are not shared with anyone in the District. All employees of the District, regardless of hours worked or temporary status, are eligible for the EAP.

The EAP is designed to provide assistance in the early identification of problems followed by appropriate referral to professional resources. EAP services may be accessed through self-referral or informal supervisory referral.

- The EAP protects the privacy of the individual.
- Employment status will not be jeopardized by seeking assistance.
- The decision to utilize the EAP is voluntary.

If an employee feels they would benefit from the EAP, the employee may contact the agency at 715-344-6379 or by visiting their website at www.aeas-eap.com.

HARASSMENT

The District seeks to provide a professional work and academic environment comprised of people who respect one another and who believe in the District's values. Harassment and bullying is a form of misconduct that undermines the integrity of the District's employment and academic relationships. All employees and students must be allowed to work and learn in an environment that is free from intimidation and harassment.

Harassment or similar unacceptable activities which create a hostile, intimidating or offensive work and learning environment are specifically prohibited by the District. Bullying and harassment can arise from a broad range of physical and verbal behaviors, which can include, but is not limited to

- physical or mental abuse;
- racial, ethnic or religious insults or slurs;
- unwelcome sexual advance, touching or demands for sexual favors, accompanied by implied or over promises or preferential treatment or threats concerning an individual's employment or academic status;
- sexual comments, jokes or display of sexually offensive materials;
- sex-oriented name calling;
- deliberate, repeated making of verbal or written comments that insult, degrade or stereotype an employee or employee group; and/or
- engaging in or threatening to engage in action that has no legitimate business purpose and which would reasonably cause an employee to fear for physical safety or emotional welfare.
- the use of language, behavior, image and symbols that express prejudice against a particular group or groups on the basis of any protected characteristic(s).

These activities are offensive and inappropriate. It is the responsibility of administration and all employees to ensure that these prohibited activities do not occur.

Any employee who engages in harassment or similar unacceptable behavior or retaliates against another individual because the individual made a report of such behavior or participated in an investigation of a claim of harassment is subject to discipline including oral and/or written reprimand, suspension and possible dismissal from employment and judicial charges as outlined in state statute.

Any employee who believes that they have been the subject of prohibited harassment or similar unacceptable behavior or retaliation should report the matter. Employees will follow the steps and procedures outlined in Board Policy 3362 Employee Anti-Harassment to address all such incidents.

All such reports will be investigated promptly and will be kept confidential within the boundaries of the investigation and the law.

THREATENING BEHAVIOR TOWARD STAFF MEMBERS

Staff members should be able to work in an environment free of threatening speech or actions and where staff, students and visitors behave in a respectful manner.

Threatening behavior consisting of words or deeds that intimidate a staff member or cause anxiety concerning the staff member's physical and/or psychological well-being is strictly forbidden. Any student, parent, visitor, staff member, or agent of the School Board who is found to have threatened a member of the staff will be subject to discipline, for staff, up to and including unpaid suspension and/or termination of employment. Threatening behavior will be reported the appropriate law enforcement authorities.

Reporting Threatening Behavior

All employees have the responsibility to report threatening behavior, whether that behavior is exhibited by another employee, student or visitor. Employees should take all incidents (or reports of incidents) of threatening behavior seriously. Employees should contact one of the following immediately:

- Facilities & Safety Manager
- Direct Supervisor or Director
- Director of Human Resources

If an employee or another person is in imminent danger, 911 should be contacted at once and then one of the above listed individuals should be notified.

INVESTIGATIONS

The District expects to provide employees with a healthy work environment. The purpose of an investigation is to determine, to the best of a direct supervisor/director's ability, the facts surrounding alleged employee misconduct in the workplace. Investigations will be conducted in a fair and objective manner. In the event of a District investigation or inquiry, the District has an expectation of employee cooperation.

Every District employee has an affirmative duty to provide the direct supervisor/principal (or any other District official assigned to investigate) all relevant and factual information about matters investigated unless the investigation involves potential criminal conduct. An employee failing to volunteer information during an interview shall receive a directive from an administrator to provide a statement. The employee's failure to comply with the directive may constitute "insubordination," a violation that will be grounds for appropriate disciplinary action including oral and/or written reprimand, suspension and possible dismissal from employment.

If the alleged employee misconduct may constitute criminal conduct by the employee, the employee will be notified in writing of the charges being investigated prior to the interview and may be provided a *Garrity* warning during the investigation interview, advising the employee of the employee's rights on issues that tend to implicate the employee in a crime.

A *Garrity* warning acknowledges that certain questions asked may also be (or become) the subject of criminal proceedings against the employee. The warning grants use immunity in that an answer given by the employee, or evidence derived from the answer may not be used against the employee in any criminal proceeding, except for perjury or false swearing. The employee's answer may be used against the employee related to District performance concerns.

The District may place an employee on administrative leave, with or without pay, during an investigation into alleged misconduct by the employee.

4. **Military Leave.** The state and federal laws governing military leave are intended to ensure that employees who serve or have served in the Armed Forces, Reserves, National Guard or other “uniformed services:” (1) are not disadvantaged in their civilian careers because of their service; (2) are promptly reemployed in their civilian jobs upon their return from duty; and (3) are not discriminated against in employment based on past, present or future military service. This Employee Handbook provision governs unless in contradiction with federal or state law.

For purposes of providing compensation to employees taking military leave, the District shall provide such compensation to employees on military leave by paying the difference between the employee’s regular pay and any compensation received by the employee for the leave day, to ensure the employee’s pay during their absence is the same as they would receive during their civilian employment. If the stipend received is equal to or greater than the pay of their civilian employment, the District shall issue no payment to the employee for military leave.

II. Time-Off Without Pay

Time-off without pay must be requested at least two (2) weeks in advance, except in emergencies, through the employee's direct supervisor/principal. Time off without pay is only available for use after all paid leave is exhausted and appropriate supervision for the classroom has been secured.

The employee may be required to provide written medical certification that s/he will serve as a donor and the amount of leave time necessary.

Leave taken for this purpose is unpaid, however, an employee is eligible to substitute available accrued paid leave for all or some of the leave taken under this policy. An employee must provide as much advance notice as possible so as not to unduly disrupt the District's operations. The employee will be returned to the same position upon return or if that position is no longer available an equivalent position and shall not lose any benefits during leave, including the right to continue health insurance coverage as provided for in the District's FMLA policy, Policy 3430.01.

Leave for voting is provided on an unpaid basis. However, the District Administrator may approve the leave with pay or allow the employee to substitute paid leave for the unpaid Election Day leave. Staff members may not be penalized for using voting leave.

G. Election Official Leave

The District Administrator shall approve a one (1) day unpaid leave of absence for any staff member who is appointed to serve as an election official, provided the staff member has given the District at least seven (7) days' notice of the leave. PAID VACATION

Paid vacation will be provided to employees hired after July 1, 2012 (calendar year full-time and calendar year part-time employees) as reflected in the attached chart. All existing calendar year employees as of June 30, 2012 will retain their current accrual balances and schedules. A calendar year employee is defined as an employee who is scheduled to work two hundred and sixty (260) days per year. This includes Support Services, Custodians, Clerical, and Food Service employees. Administrators are governed by their individual contracts.

The vacation schedule for employees hired prior to July 1, 2012 and new employees (July 1, 2012 and after) is attached to this section.

Employees transitioning from a school year position to a calendar year position after July 1, 2012 will receive a prorated Years of Service calculation based on their previous position's scheduled hours. Once their service level is calculated, they would earn vacation according to the same schedule as new hires.

An employee who has not worked a full calendar year prior to July 1 will earn a pro-rated amount of vacation based on the number of months worked from date of hire to June 30. An employee who is hired between the first and the fifteenth of a month shall receive credit for the full month. An employee hired after the fifteenth of a month will begin accruing vacation on the first of the month following their date of hire.

Vacation time may be taken in not less than 1/4 hour segments, as arranged with the direct supervisor/principal. Requests for vacation time shall normally be made and approved at least five (5) working days prior to taking such leave. No employee may be denied the ability to take all accrued vacation during a 12-month period, but the direct supervisor/principal shall have the right to approve requested vacations on a first-come, first-serve basis, as necessary, to accomplish work objectives.

An employee may carry over a total of five (5) vacation days.

PHYSICAL EXAMINATION

Upon initial employment, new employees must furnish evidence of freedom from infectious disease, including a tuberculin skin questionnaire. If the employee's tuberculin skin test is positive, a chest X-ray shall be required. The Board shall pay the cost for any required physical examination, which shall be performed by the District's authorized medical provider. Evidence that an employee is of sufficient health to perform the essential functions of the assignment is necessary to make binding the offer of employment or initial contract, as applicable, with the District.

As evidence of fitness for duty, the District may require a physical and/or mental examination, at the District's expense, where reasonable doubt arises in the minds of the District concerning the current health of the employee as it relates to the ability to perform the functions of the job. Any required testing shall be consistent with limitations imposed by applicable state and federal law. Failure to comply with such request or failure to provide a doctor's certification of sufficiently sound health to perform duties may be subject to discipline including oral and/or written reprimand, suspension, and/or possible dismissal from employment.

An employee may request an exemption from the physical examination requirement for religious reasons by filing an affidavit with the District. The Board shall not discriminate against any employee for filing an affidavit seeking an exemption from the physical requirement.

The District shall maintain all physical examination records and other medical records in a file separate from all other personnel records, and shall treat such records as confidential medical records in accordance with state and federal laws and regulations.

PERSONAL PROPERTY

A. Liability

The District does not assume any responsibility for loss, theft, and/or damages to personal property. In order to minimize risk, the District advises employees not to carry unnecessary amounts of cash or other valuables. If employees bring personal items to work, they are expected to exercise reasonable care to safeguard them. The District is not liable for vandalism, theft, and/or any damage to employees' personal property including but not limited to vehicles (motorized and non-motorized) parked on school property. This includes any potential damage occurring during a police search of District buildings and grounds. The District carries no accident insurance or other insurance coverage for any loss or injury for which the District does not have legal responsibility.

B. Search of Personal Effects and Work Spaces

Employees shall have no expectation of privacy to items in plain view, including, but not limited by enumeration to, automobiles parked on the District's property, items left on top of or within desks and cabinets, lockers, etc. Items not in plain view and contained within personal property, e.g., purse, satchel, wallet, coat, backpack, etc., may be searched in accordance with applicable state and federal law. EMPLOYMENT PROCESS

These employment processes apply to all District openings unless an exception is made by the Human Resources Director.

I. Job Posting

When a position becomes vacant or a new position is created, and the District has decided to fill the vacancy, notice of such available position will be posted internally and may be posted externally simultaneously for a minimum of five (5) working days, unless the District requires a shorter posting period due to pressing needs. The District retains the right to temporarily fill vacant positions at its discretion during the posting and selection period.

Vacancy notices will be posted on the District web site under the “Employment Opportunities” tab of the Human Resources page, District buildings, and other sites as deemed appropriate. Postings may also be available in the Human Resources Office. The vacancy notice will include a basic description of the position duties, essential credentials, a filing deadline, and the name of the contact person.

External applicants for all positions must complete an application. External applicants for certified positions (teachers and administrators) plus supervisors and directors must provide the following:

1. cover letter;
2. application;
3. resume;
4. references; and
5. copies of transcripts and licenses.

Internal applicants (individuals already employed by the District) can apply for openings indicating their interest through WECAN.

II. Procedures

The procedures described below represent the requirements to help ensure that a fair and objective process exists for the hiring of the best possible candidate.

1. When a vacancy occurs in the District, a posting form is submitted to the Human Resources office for approval and posting.
2. Any employee interested in a posted vacancy can apply through WECAN.
3. In order to determine whether individuals are qualified and capable to perform the duties, the hiring supervisor/principal, or their designee, must interview the candidates to understand their skills, knowledge and abilities.

4. Interviews may be more detailed or briefer based on whether the position is incremental or a new position.

III. Interviewing

To maximize learning for students, the District wants to ensure that we have employees well matched to their positions. The interview process is a valuable tool for a supervisor to assess an applicant's suitability for a position. It is also the applicant's opportunity to gain knowledge about the duties and responsibilities of the position and the current and future working environment.

Interview teams will be determined by the hiring supervisor and approved by the Human Resources Director and should be tailored to match the size, scope and complexity of the job. The teams may include administrators, certified staff members, classified staff member, District students, parents of District students and community members. At a minimum, the interview team should prepare for the interview by reviewing the application materials, the position description and the qualification requirements for the position. All interview teams are bound by the confidentiality section of this handbook.

At the conclusion of the initial interview process, there may be a recommendation for employment or, if necessary, a recommendation for additional rounds of interviews. Additional preparation will be done prior to interviews when the interview team convenes.

IV. Selecting

The District recognizes that a world class educational system depends upon consistently using sound procedures for selection of candidates for various positions. The District retains the right to select a qualified applicant for any position based upon stated position descriptions and posted job requirements and qualifications. The District considers qualifications that are related to the position and exceed those minimum qualifications listed in the position description.

The term applicant refers to both internal and external candidates being considered for the position. Seniority helps prepare employees through career growth and experience, but it is not the primary selection criteria.

The District does not discriminate against any applicant for employment on the basis of the protected class, race, color, creed, religion, sex (including transgender status, change of sex, sexual orientation, sexual stereotypes, sex characteristics, or gender identity), national origin, ethnic background, age, pregnancy, genetic information, handicap or disability, marital status, citizenship status, veteran status, military service ancestry, arrest record, conviction record, (as defined in 111.32, Wis. Stats.), use or nonuse of lawful products off the District's premises during non-working hours, declining to attend an employer-sponsored meeting or to participate in any communication with the employer about religious matters or political matters, or on any other characteristic protected by law or other Board policies in its employment process. Employment decisions will be made on the basis of each applicant's job qualifications, experience, selection process assessments, background checks, references and abilities.

EMPLOYEE APPRAISAL

Annual performance appraisals are an important part of the life of the employee with the District. This is an opportunity to let each employee know how the employee is meeting the job responsibilities and duties of the employee's position, noteworthy areas of performance, how performance may be improved, and to receive feedback from the employee regarding concerns.

Appraisals will include observations, feedback, development, conferences, and a collection of other appropriate data. Some job factors, but not all, that will be evaluated are quality of work, dependability, adaptability, job knowledge, judgment, and attitude.

A confidential, personal conference between an employee and the direct supervisor/principal shall take place with each performance appraisal. Supervisors have the right to conduct additional performance reviews throughout the year.

A signed copy of an appraisal will be filed in the employee's personnel file, which is kept in the Human Resources Office. An employee has the right to submit comments to the appraisal within thirty days, which will be attached to the appraisal.

POSITION DESCRIPTIONS

The District documents work and describes roles and duties in position descriptions. It helps the employee know what is expected by clearly defining the work to be performed in relation to the overall goals of the work unit and the District. The position description is used as an information source for the recruitment and selection plan if a position is vacant. The position description can also be the basis for identifying training needs and criteria for evaluating performance.

The position description is the key document in determining the appropriate Fair Labor Standards Act (FLSA) status of a position. It is descriptive of the major goals and worker activities of the position. The position description is not intended to limit the supervisor's right to assign additional work to employees.

Direct supervisors/principals and employees are responsible for assuring that the work duties defined in the position description is the work that is actually performed by the employee and that the position descriptions are reasonably current descriptions of the work performed.

REASSIGNMENT/TRANSFER

The District reserves the right to reassign or transfer any employee when the Superintendent (or designee) determines that the reassignment/transfer is in the best educational interest of students and best operational interests of the District.

If the request for reassignment is made by the employee, it is a voluntary transfer. If the reassignment is initiated by the District, it is an involuntary transfer.

Voluntary Transfer

All employees may request transfers to other employment positions within the District. For non-certified staff, this is accomplished through the posting process for open positions. Certified staff may submit a letter requesting transfer to the Human Resources Office no later than March 1 of the year preceding the transfer. Transfer requests shall be granted only if the transfer will maintain or improve the effectiveness of the District.

Involuntary Transfer

The District reserves the right to transfer an employee, if qualified, to another position. No employee will be involuntarily transferred by the District without a conference with the employee's supervisor, followed by written notice which will include the reason for the transfer. The District will assist employees and make arrangements with the transfers as mutually determined by the current and future direct supervisors/principals.

The District will provide ample and reasonable notice to employees when making voluntary and involuntary transfers. For teachers, the District will make every effort to notify them by May 1, if possible. For all other employees, the District will provide notice in order to affect a smooth efficient and effective operation of the District.

TRANSITIONAL DUTY

The District strives to promote successful recovery from any work related personal injury or a serious medical condition and recognizes the importance of a transitional work assignment in assisting an employee's return to the normal course of employment in as short a time period as possible. The transitional work program maintains established work habits, aids reintegration into the work environment, and assists the injured employee back to full duty requirements as documented in the position description.

The District has developed these guidelines for supervisors to follow when an employee returns to work with restrictions:

- reporting for transitional temporary reassignment that is offered by the District is mandatory once the employee's physician indicates a release to modified duty for a work related injury;
- modified duty will continue until the employee is released to regular job duties by the physician or has reached an end of healing as it relates to the work related injury;
- temporary, transitional work may be in another building, and scheduled hours may be changed to meet the needs of the temporary assignment;
- in no event shall the length of transitional or modified work assignment exceed ninety (90) calendar days; and/or
- it is the responsibility of the employee to notify the direct supervisor/principal if the work assigned exceeds the restrictions placed on the employee by the physician.

EMPLOYEE RESIGNATION

An employee wishing to resign shall give written notice of resignation of employment, as soon as possible, with a minimum two week notice, to the Director of Human Resources. A teacher requesting release from the contract after June 15, or by terminating services during the term, will be assessed liquidated damages as follows:

June 16 through June 30: liquidated damages in the amount of \$1000.00

July 1 through July 31: liquidated damages in the amount of \$2000.00

August 1 and thereafter: liquidated damages in the amount of \$3000.00

The Superintendent may waive this provision under exceptional circumstances upon written request from the employee.

Upon recommendation from the Director of Human Resources, the Superintendent will submit the recommendation for resignation to the School Board for action.

The failure of a certified employee to electronically sign, date, and return their employment contract to the District by June 15th, in accordance with Wis. Stat; 118.22, constitutes a resignation from employment effective June 16th, rendering the contract null and void as of that date. Should the District determine that the newly created vacancy resulting from this passive resignation be filled the position will be posted, advertised and filled per the District's normal recruitment process.

When terminating employment from the District, an employee's holiday and/or vacation time earned balance will be reconciled on the last paycheck. For year-round employees the District's obligation to pay its share of the employee's insurance benefits (if applicable) will terminate at the end of the month in which the employee works the last day. For school year employees, the District's obligation to pay its share will terminate at the end of August, as long as the school year employee worked their last scheduled work day of the school year.

The Director of Human Resources (or designee) will offer to conduct a personal exit interview either in writing or face to face. Exit interview documentation will be filed separately from the employee's personnel file.

REGULAR WORK SCHEDULE AND HOURS

Employees are employed on a ten, eleven, or twelve month basis, according to the work schedule and position determined by the District. A calendar is adopted each year by the Board designating employee work schedules, break periods and holidays. Notice of the annual work schedule will be made available on the District website by the Human Resources Office.

Administrative and certified employees have individual contracts with the District. Non-certified employees are employed “at-will.” Administrative and certified employees are exempt from receiving overtime pay. Non-certified employees are non-exempt and subject to overtime and are not authorized to work in excess of their assigned schedule without approval from their direct supervisor/principal.

A regular, full-time workday is eight hours. Due to different schedule requirements, employee’s starting, lunch, break and ending times may vary due to different assignments and locations. The employee’s direct supervisor/principal will schedule working hours, break periods, and lunch periods.

Typical Hours of Operation for the District buildings are as follows

8:00 a.m. – 4:30 p.m. Monday through Friday	Bliss Educational Services Center
8:00 a.m. – 4:00 p.m. Monday through Friday	Elementary schools
7:35 a.m. – 3:35 p.m. Monday through Friday	Junior High schools
7:25 a.m. – 3:25 p.m. Monday through Friday	SPASH and Fernandez Learning Center
Hours determined by direct supervisor	Support Services Building

A regular full-time workweek is forty (40) hours. The regular workweek is five (5) consecutive days unless the direct supervisor/principal assigns the employee to a different work schedule. This section shall not be construed as a guarantee or limitation on the number of hours per day or the hours in a workweek, which may be scheduled or required by the District.

ADDITIONAL HOURS AND OVERTIME – APPROVAL AND ASSIGNMENT

The District pays overtime for non-exempt employees in accordance with federal wage and hour laws. All employees are classified as either exempt or non-exempt for purposes of overtime compensation. Teachers and administrative employees are exempt and therefore ineligible for overtime compensation. A non-exempt employee is not authorized to work beyond the normal work schedule without advance approval from the direct supervisor/principal unless there is an emergency.

Overtime is legally defined as all hours worked in excess of forty (40) hours in a week (Monday through Sunday) and is not measured by the day or by the employee's regular work schedule. An employee who must work beyond their normal schedule, but less than forty (40) hours, will be compensated at straight-time or equivalent time off in the same workweek. Time worked over forty (40) hours per week is paid at one and one-half (1.5) times the rate of regular pay. Time worked per week, for purposes of calculating overtime pay, does not include sick, vacation, holiday or personal leave time. The reason for the overtime must be indicated on the employee's timesheet.

- **Approval:** In order for an employee to work beyond their contract hours in any week, prior approval must be obtained from the direct supervisor/principal. Exceptional cases requiring overtime may be approved after the overtime is worked when all direct supervisor/principals are unavailable and such pre-approval may cause harm to students, staff, the community or District property.
- **Assignment:** Non-emergency scheduled overtime assignments will be filled using volunteers first, with as much notice as possible, and if insufficient volunteers are found, the work will be assigned to a qualified employee(s) as determined by the District. If no one volunteers to perform the overtime, the District may assign the work on a rotating basis within the applicable job classification. Emergency overtime assignments shall be assigned at the discretion of the District.

COMPENSATORY TIME OFF

The District pays overtime for non-exempt employees in accordance with federal wage and hour laws. All employees are classified as either exempt or non-exempt for purposes of overtime compensation. Only non-exempt employees (hourly employees) are entitled to overtime compensation.

In lieu of overtime or additional pay, a non-exempt employee may, at the employee's option, request to receive compensatory time off. Compensatory time off may be taken by mutual agreement between the direct supervisor/principal and the employee. Time worked will be granted at equal compensatory time for hours worked under forty (40) hours per week. One and one-half (1.5) hour of compensatory time will be granted for each one (1) hour of work above forty (40) hours worked per week. Time worked per week, for the purposes of calculating compensatory time does not include sick, vacation, holiday and/or personal leave time. The District's workweek is defined as Monday through Sunday.

The direct supervisor/principal and the employee must agree to overtime or compensatory time before the employee performs the work compensable as additional or overtime. If compensatory time is accrued at a rate equal to one (1.0) hour of work time, it must be taken within the pay period when it is earned. These approved extra hours would be recorded and submitted through True Time. If an employee accrues compensatory time at a rate equal to one and one-half (1.5) hours per one hour worked, then it will be stored in True Time and utilized throughout the school year upon the supervisor's/administrator's approval.

An employee may accumulate up to twenty-four (24) hours of compensatory time off at any given time. The District, in its sole discretion, may pay cash in lieu of accrued compensatory time off at any time. Any unused compensatory time off will be paid out on the last paycheck of the fiscal year (June) in which the time was earned.

The District may, at its discretion, deny a request to use compensatory time off if the employee's absence on the day(s) requested would cause an undue disruption to the District's operations (e.g., another employee of the department has already requested leave on that day; the District has a special event scheduled such as an open house or parent-teacher conferences; the District is unable to find a substitute employee and be left short-staffed, etc.)

If the District denies a request to use compensatory time off, it may either substitute the leave with cash compensation or notify the employee of a suitable time in which the employee may use earned compensatory time within a reasonable period of time of the original request (e.g., within two weeks of the request).

LUNCH AND BREAKS

The District recognizes the importance for an employee to take a break from normal position duties. This may be accomplished through a thirty (30) minute, duty-free lunch break, and, whenever possible, fifteen (15) minute rest breaks.

Direct supervisors/principals will schedule lunches and/or breaks in order to properly plan the work of District employees and commensurate with the number of hours employees work during the work day.

Breaks cannot be used to make up lost time due to absences or tardiness nor can they be “saved” and used as vacation or as a reason to start late or leave early. If a break is not utilized, such break may not be taken during a subsequent work period.

EMERGENCY SCHOOL CLOSING

The Superintendent (or designee in the Superintendent's absence) shall determine if and when schools shall be closed. Notification of school closings will be given to employees, students, parents, and the community as soon as practical and depending on the circumstances involved. For each school cancellation, the Superintendent shall determine if E-Learning will be implemented.

School closings affecting after school and weekend activities will be made on a case by case basis, depending on the activity, people/organizations involved, and situation(s) causing school closings.

Buildings and Grounds employees are required to report to work in order to maintain the safety of sites and facilities for employees who do report to work. Extenuating circumstances that may prevent Buildings and Grounds employees from reporting to work need to be approved by the employee's supervisor.

EA's, Food Service and Transportation staff do not come to work and can work from home during the Emergency School Closing days in a school year or be absent from work and either utilize a paid personal day or utilize an unpaid day if paid personal days are exhausted. A "Task for Working from Home" list will be provided to EA's, Food Service and Transportation staff in the Emergency School Closing communications on the day of the Emergency School Closing.

Administrators, non-certified full year employees, school year clerical and all professional exempt employees may work remotely with supervisory approval.

Certified staff will work at home or at work using the District E-Learning program should the Superintendent determine the school cancellation day be utilized as an E-Learning day.

If the Superintendent determines that it is not an E-Learning day certified staff can work from home during the Emergency School Closing days in a school year or be absent from work and utilize a paid personal day or utilize an unpaid day if paid personal days are exhausted.

Should the District exceed the number of school closing days without E-Learning days built into the school year calendar, teachers and school year staff will be directed not to report to work as make-up days with students will be scheduled for another time.

Certified staff who had pre-scheduled approved FMLA time off or a medical leave of absence may not cancel the pre-scheduled approved FMLA time off or medical leave of absence in the event of an emergency closing.

During summer school, summer school staff should not report to work if there is an emergency closing. Employees who are paid hourly will not be compensated for time not worked.

SCHOOL CALENDAR

The school calendar will be in accordance with state law. The Board of Education annually adopts the official school calendar upon recommendation by the Superintendent. The Superintendent will ensure that the District meets state requirements for instruction.

Employees will be required to meet the school day standards for instructional, in-service, and workdays as adopted by the School Board.

Parents, students, and community members will be informed of the school calendar and daily school hours. The school calendar and school hours will be publicized annually at least six (6) months prior to the opening of school in the fall.

PAYROLL

Employees will be paid bi-weekly, every other Friday. Starting January 2012, the District will require the use of direct deposit of an employee's payroll compensation. An employee's net compensation (wages less deductions) is deposited into a checking or savings account as long as the financial institution is connected to the Automated Clearing House (ACH). The direct deposit option guarantees that the employee's compensation will arrive at the designated financial institution on payday and eliminates the possibility of a check being lost. Notification to payroll in the Human Resources Office is required if financial institutions are changed or a current account is closed.

Starting October 2013, the District will require employees to access their advice of deposit through Employee Access on the District website at <https://skyfin.pointschools.net/scripts/wsisa.dll/WService=wsFin/skyportlogin.w>. Payroll will no longer be printing and distributing these for employees.

An employee is able to amend the W-4 form at any time and should return an amended form directly to payroll in the Human Resources Office.

Unless an employee is working in an exempt position under the Fair Labor Standards Law (FLSA), all hours worked must be recorded and submitted to the payroll department through True Time each Monday. If additional hours are worked, the direct supervisor/principal must approve additional hours in advance.

Employees are required to enter regular scheduled work hours and any additional hours on True Time, which will automatically be forwarded to the direct supervisor/principal for approval upon timesheet submission.

The pay date schedule will be adjusted and communicated every 11 years due to calendar "creeps" and leap years.

DIRECT DEPOSIT

Effective January 1, 2012, all District employees shall participate in a direct deposit of the employee's payroll compensation. An employee's net compensation (wages less deductions) is deposited into a checking or savings account as long as the financial institution is connected to the Automated Clearing House (ACH). It is the employee's responsibility to notify payroll in the Human Resources Office if the financial institution is changed or the current account is closed.

Direct deposit statements will be available on the *Employee Access (ERMA)* on the District website. Non-exempt employees will receive information indicating the number of hours for which straight time hourly pay is received and the number of hours for which the overtime rate of pay is received.

In addition, each employee shall have access to electronic records indicating the number of accumulated sick leave days, the number of remaining personal leave days and the number of vacation days remaining, if applicable.

LIABILITY INSURANCE

Our District has a **General Liability policy** which affords coverage for bodily injury, property damage, and personal and advertising injury to a third party for which the District is legally obligated to pay. This policy is extended to include employees as insureds for acts within the scope of their employment. The coverage is not impacted by an employee's union status. (For example, a student stands on a desk, falls to the floor, and breaks an arm. The parents file a lawsuit naming the District, the school, and the teacher for their child's injuries and claims lack of supervision. The District's General Liability policy would afford coverage for each party named in the lawsuit. The employee's personal assets would not be at risk.)

Our District has a **Professional Liability policy**, typically referred to as an Educators Legal Liability or School Leaders Errors and Omissions policy. This type of policy affords coverage for wrongful acts, which include actual or alleged errors; misstatements or misleading statements; or an act, omission, neglect, or breach of duty by an insured in the discharge of District-related duties. This coverage responds to financial loss of a third party as opposed to bodily injury, property damage, and personal, advertising injury. The definition of insured is also extended in this policy to all employees, including temporary or substitute employees, while acting within the course and scope of their employment while conducting District business. This policy is also not impacted by an employee's union status. (For example, a parent files a complaint with the Department of Education claiming the Individual Education Plan (I.E.P.) failed to educate their child. The complaint specifically names the teacher, the school, and the District. The District's Professional Liability policy would afford coverage for each party named in the lawsuit. The employee's personal assets would not be at risk.)

Our District has an **Umbrella policy** which provides coverage in excess of the General Liability and Professional Liability policy. The General Liability and Professional Liability policies typically provide a \$1, \$2, or \$3 million limit of liability, and the Umbrella policy attaches to these limits to provide additional coverage. Sometimes the Professional Liability policy will not be attached to the Umbrella policy. It is recommended that the District's Umbrella policy is reviewed to confirm the Professional Liability policy is included in the schedule of underlying insurance.

Wisconsin State Statutes

In addition to the insurance coverages purchased by the District, Wisconsin State Statutes also provide protection for employees of governmental units. The protection includes limitations on tort and civil liability awards and an obligation of the governmental unit to provide employees with defense.

Non-certified Staff

1. **Wages for New Positions** – Newly created positions require the drafting of a new job description to establish and describe duties and responsibilities, and an evaluation using a standard job evaluation method, to determine the appropriate classification and pay level.
2. **Promotion Increases** - An employee promoted from a lower classification on the wage schedule to a higher classification on the same schedule shall move to the step in the higher classification closest to the employee's current wage, but not less than the employee's current wage, plus one (1) step. An employee promoted (moving to a level with a higher entry wage rate) from one wage schedule to another wage schedule shall be placed on the step closest to their current step, but not less than the employee's current wage.
3. **Voluntary Demotion** – An employee voluntarily moving from a higher classification on the wage schedule to a lower classification on the same schedule, shall move to the step in the lower classification closest to, but not lower than, the employee's current wage. If the employee's wage exceeds the lower classification's range maximum, the employee's wage shall be adjusted to the lower classification range maximum. Placement for an employee voluntarily moving to a classification with a lower entry wage rate on another wage schedule will be evaluated on a case by case basis. Years of district experience and classification experience as well as internal comps will be analyzed to determine placement. If an employee has previously worked in the position, the employee may be placed in a step that the employee would have attained if they had remained in the position.

4. **Involuntary Demotion, Non-Performance Related** – An employee who is demoted a classification for non-performance reasons shall be placed on a step in the lower classification closest to, but not lower than, the wage the employee was receiving when the demotion occurred. 5. **Involuntary Demotion, Performance Related** – An employee who is demoted a classification for performance reasons shall move to the step in the lower classification closest to, but not higher than, the wage the employee was receiving when the demotion occurred. If the employee's wage at the time of the demotion exceeds the lower classification's range maximum, the employee's wage shall be adjusted to the lower classification's range maximum.
6. **Position Reclassification to a Higher Classification** – An employee in a position reclassified to a higher classification shall move to Step 1 of the higher classification. If the employee's wage is above the higher classification's Step 1, but below the classification's maximum, the employee shall move to the step closest to, but not lower than, the wage the employee was receiving prior to the reclassification. If the employee's wage exceeds the higher classification's maximum, the employee shall retain their current wage and shall not be eligible for further base-accumulating increases until their wage is within the higher classification's range.
7. **Position Reclassification to a Lower Classification** – An employee in a position reclassified to a lower classification shall move to the step in the lower classification closest to, but not lower than, the wage the employee was receiving when the reclassification occurred. If the employee's wage exceeds the lower classification's maximum, the employee shall retain their current wage and shall not be eligible for further base-accumulating increases until their wage is within the lower classification's range.
8. **Temporary Appointments** - An employee temporarily appointed to a position in a higher classification shall receive at least the minimum of the higher classification. If their current pay exceeds the minimum, or if HR determines, they shall be placed at a step that provides an increase over their current pay for the duration of the appointment.
9. **Call Time for Custodians and Maintenance Personnel** – Call time will be paid when an employee is called to return to work for hours other than their normal shift or regularly scheduled assignments, including, but not limited to, emergency repairs, building alarms, etc. Employees who qualify for call time shall be paid one (1) hour wages as call pay in addition to the pay for time worked. DISCIPLINE, DISCHARGE and NONRENEWAL

Discipline, discharge and non-renewal decisions are governed by Wisconsin Statutes, and Board Policies 3139, 3140, and 3141.

The district believes that a balance between fairness and the ability to manage personnel decisions is necessary. This balance serves the interests and rights of employees and the district.

The superintendent may discipline and/or recommend to the board the discharge of administrators and teachers using the good and sufficient reason standard. Good and sufficient reason is defined as those reasons which are not wholly frivolous and inconsequential.

For purposes of the non-renewal of contracts for teachers and administrators, the board's actions will comply with the applicable statutes; the board may non-renew individual contracts for good and sufficient reason.

The superintendent may discipline and/or discharge all other district staff. Such discipline and discharge may occur for any reason so long as the reason is not discriminatory or otherwise prohibited by law.

These standards for discipline, discharge, and non-renewal do not apply to changes in hours of work, layoff, and/or reduction-in-force decisions.

Discharge of any contracted employee shall be made as a recommendation by the superintendent to the board, and the board, by its action alone, may discharge an employee.

Discipline and Discharge Standards Summary

Discipline	Good and sufficient reason	Not discriminatory or otherwise prohibited by law
Discharge during contract or school year	Good and sufficient reason	Not discriminatory or otherwise prohibited by law

3. Seniority List – The District will produce a seniority list for employee information.

D. Step Four – Re-employment

Employees who have been laid off may apply for positions for which they are qualified, and as those positions become available.

Employees who are laid off or reduced in hours shall not lose any benefits they have accrued if they are rehired within one year. Benefits are defined as length of service, sick leave, and vacation (if applicable) earned as an employee.

REDUCTION IN FORCE (RIF) - CERTIFIED STAFF

In the event the District determines to reduce the number of certified positions (full non-renewal) or the number of hours in any position (partial non-renewal), the provisions set forth in this section shall apply.

The District will provide notice of non-renewal in accordance with timelines set forth in Wisconsin Statute §118.22. The non-renewal notice shall specify the effective date of the non-renewal and the right to a private conference.

GRIEVANCE PROCEDURE

The District shall provide an orderly process for prompt and equitable resolution of grievances. The Board intends that, whenever reasonable, grievances are resolved at the lowest possible administrative level. Grievances may relate to discipline, termination and/or workplace safety. The grievance must specify the individual harm alleged.

Definitions

A. Grievant

A grievant is an employee whose own substantial interests related to termination, discipline, or workplace safety are adversely affected by a final administrative decision.

B. Grievance

A grievance is a formal written complaint by an employee that a final administrative decision related to termination, discipline, or workplace safety violated, misapplied, or misinterpreted a Board policy, administrative regulation or procedure; specified federal or State law or rule; or in the case of an employee with a written employment contract, the terms of such written employment contract.

C. Days

Days means calendar days.

D. Impartial Hearing Officer

The Board shall adopt, as the need arises, a resolution authorizing an Impartial Hearing Officer who will then be appointed by the Board to hold a grievance hearing and make a decision regarding the grievance. The Impartial Hearing Officer shall not be an officer, agent, or employee of the District at the time of appointment.

E. Employee Discipline

The term “employee discipline” shall be narrowly construed to mean a suspension without pay, or a demotion or reduction in rank, pay, or other benefits, imposed by the District for disciplinary reasons, but shall not include the following;

- termination, non-renewal of teacher contracts, non-renewal of administrator contracts, layoffs or workforce reduction activities;
- adverse employment actions other than a suspension without pay, or a demotion or reduction in rank, pay or other benefits, imposed upon the employee for disciplinary reasons;
- lateral transfers or reassignments;
- plans of performance improvement;

- performance appraisals;
- documentation of employee acts and/or omissions in an employment file;
- oral or written reprimands or warnings;
- administrative suspension, with or without pay, pending investigation of misconduct or nonperformance; and/or
- non-disciplinary wage, benefit, or salary adjustments, or reductions in assigned hours.

Employee Termination

The term “employee termination” shall be narrowly construed to mean a separation from employment initiated by the District, but shall not include the following;

- layoffs;
- reduction in workforce activities;
- voluntary termination including, without limitation, quitting and resignation;
- job abandonment;
- end of employment due to disability;
- retirement;
- death; and/or
- end of employment and/or completion of assignment of limited term, temporary, seasonal, substitute, or part-time employees.

F. Workplace Safety

The term “workplace safety” shall be narrowly construed to refer to

- an existing condition that substantially endangers an employee’s health and safety; **OR**
- any workplace policy or procedure established by state or federal law or the Board to protect the safety and health of employees in the District and is alleged by an employee to have been violated and to have substantially adversely affected the employee’s safety at a District workplace.

Informal Resolution Before a Grievance is Filed

Before a grievance is filed, the employee must first take the concern to the employee’s direct supervisor/principal. If the situation isn’t resolved by the direct supervisor/principal, then the next step is for the employee to take the issue to the next level supervisor/administrator.

If the issue concerns the next level supervisor/administrator, the employee may seek to resolve the concern with the Director of Human Resources.

Employee termination decisions and contract non-renewal decisions are not subject to the informal resolution process.

Filing a Grievance

If the informal resolution process does not resolve the concern, and the employee believes that the concern(s) rises to the level of a grievance, the employee may initiate a formal grievance. A grievance involving employee termination or discipline shall be filed no later than twenty-one (21) days after the employee receives notice of the discipline, termination, or non-renewal of a contract pursuant to Wis. Stat. §§ 118.22 or 118.24. A grievance involving workplace safety shall be filed no later than twenty one (21) days after the employee first attempts to resolve the workplace safety concerns through the informal resolution process.

Revised 06-2020

Approved 09-12-11

Level One

- A. The grievant may initiate a formal grievance by obtaining a grievance form from the immediate direct supervisor/principal or from the Human Resources Department, filling out the form, and providing a copy to the direct supervisor/principal and the Director of Human Resources. On the form, the grievant shall (1) identify the category of grievance; (2) describe the attempts to resolve the complaint informally; (3) identify the facts supporting the grievance; (4) specify the policy, rule, regulation, or law alleged to have been violated; and (5) describe the relief requested.
- B. The Director of Human Resources (or designee) shall act on the grievance within seven (7) days of the filing of the grievance. If the Director of Human Resources (or designee) denies the grievance, the Human Resources Director or designee shall inform the grievant who shall have seven (7) days to appeal the denial to the Superintendent by filing a letter of appeal with the Superintendent. If the Superintendent (or designee) denies the grievance, the Superintendent (or designee) shall inform the grievant who shall have seven (7) days to appeal the denial to the School Board by filing a letter of appeal with the Board President through the Board Clerk.

Level Two

- A. Within ten (10) days after receipt of an appeal from a grievant, the Board President shall appoint an Impartial Hearing Officer as authorized by resolution of the School Board.
- B. The hearing shall be recorded and the grievant shall be given the opportunity to have the hearing conducted in open session, subject to such other legal requirements relating to confidentiality or privacy, which may apply to the subject matter of the hearing, e.g., student confidentiality.
- C. The Impartial Hearing Officer shall issue a written decision no more than thirty (30) days after the hearing is concluded, unless the Impartial Hearing Officer notifies the parties that more time is needed and the reasons therefore. The need for post-hearing briefs, as determined by the Impartial Hearing Officer, shall be sufficient reason to extend the deadline.
- D. The Impartial Hearing Officer shall inform the parties that an appeal of the decision may be taken to the Board if filed within ten (10) days of the receipt of the decision of the Impartial Hearing Officer, after which the decision of the Impartial Hearing Officer shall become final.

Level Three

- A. If either party is aggrieved by the decision rendered by the Impartial Hearing Officer, either party has the right to file a written appeal with the Board within ten (10) days of receiving the Impartial Hearing Officer's decision, after which the decision of the Impartial Hearing Officer shall become final.
- B. Except for grievances involving an employee termination or teacher or administrator contract non-renewal under Wis. Stat. §§ 118.22 or 118.24, the Board may, at its sole discretion, assign an appeal panel of at least three members of the Board, for the purpose of considering appeals under the grievance procedure.
- C. The Board or appeal panel shall make every reasonable effort to meet, consider and decide the appeal within sixty (60) days after receipt of the appeal.

- D. The Board President shall give ten (10) days notice to the parties of an appeal hearing before the Board or appeal panel, if such a hearing is necessary.
- E. The Board or appeal panel shall review the grievance on the record established by the Impartial Hearing Officer unless it determines that additional information is needed. Each party may make a brief oral presentation to the Board or appeal panel to summarize their position. The appeal hearing shall be recorded and shall be held in closed session, unless the parties are allowed to present additional information, in which case the grievant shall be given the opportunity to have the evidentiary portion of the appeal hearing conducted in open session, subject to such other legal requirements relating to confidentiality or privacy, which may apply to the subject matter of the hearing, e.g. pupil confidentiality.
- F. The Board or appeal panel may affirm, reverse, or modify the decision of the Impartial Hearing Officer.
- G. Procedural errors, which do not have a substantial affect on the rights of the parties, shall not be grounds for reversal of any decision.
- H. The decision of the Board or appeal panel shall be final. The Board or appeal panel shall make every effort to send to the grievant a written statement of its decision within a reasonable time after hearing the appeal.

Retaliation

No reprisals of any kind shall be taken by the Board or by an employee of the District against any party in interest or other employee on account of the employee filing a grievance or participating in a filed grievance.

Request for Reconsideration of School Board Decision

This policy establishes a procedure for employees to grieve certain termination, discipline, and/or workplace safety administrative decisions. The policy does not grant employees the right to appeal decisions of the Board itself, other than a termination or contract non-renewal decision by the Board. Nonetheless, an employee may file, in writing to the Board President through the Board Clerk, a request that the Board reconsider one of its own decisions. The request shall be filed within fifteen (15) days of the Board's decision and shall state the reasons why the Board should reconsider its decision. The Board may exercise its discretion whether to grant the requested reconsideration.

Nothing in this policy prohibits an employee with a properly issued permit to carry a concealed weapon from exercising their rights consistent with Wisconsin's concealed carry law and the State and Federal gun-free school zones laws. However, a staff member who is the holder of a concealed carry permit license issued or recognized by the State of Wisconsin may not, by virtue of Wis. Stat. 948.605(2)(b)1r, possess a concealed weapon anywhere in or on school grounds, including parking areas.

Definition of "Weapon"

For this policy, the term "weapon" means any object which, in the manner in which it is used, is intended to be used, or is represented, is capable of inflicting serious bodily harm or property damage, as well as endangering the health and safety of persons. Weapons include, but are not limited to, chemical or pepper spray, firearms (including, but not limited to, firearms as defined in 18 U.S.C. 921(a)(3)), guns of any type, including air and gas-powered guns (whether loaded or unloaded), knives, (subject to the exceptions below) razors, with unguarded blades, clubs, electric weapons (as defined in 941.295(1c)(a), Wis. Stats.), metallic knuckles, martial arts weapons, chemical agents, ammunition, and explosives.

Exceptions to this policy include:

- B. Items approved by a Principal the Board as part of a class or individual presentation under adult supervision, including but not limited to hunters' education courses, if used for the purpose of and in the manner approved (working firearms, except those protected at all times by a cable or trigger lock, and live ammunition shall never be approved);
- C. Theatrical props used in appropriate settings;

- D. Starter pistols used in appropriate sporting events; and
- E. A knife lawfully used for food consumption or preparation, or a knife used for a lawful purpose within the scope of the person's employment.

The Superintendent may refer a staff member who violates this policy to law enforcement officials. The staff member may also be subject to disciplinary action, up to and including termination, as permitted by applicable Board policy.

Any staff member who has reason to believe that a person has or will violate this policy shall report to the school Principal or their supervisor immediately. Failure to report such information may subject the staff member to disciplinary action, up to and including termination. The staff member may also confront the person if the staff member believes the risk of injury to self or others is minimal or if immediate action is necessary to prevent injury to any person.
