

METRO RESA ELA AND MATH PRESENT

TALK, READ, WRITE, SOLVE: LITERACY IN K-5 MATHEMATICS

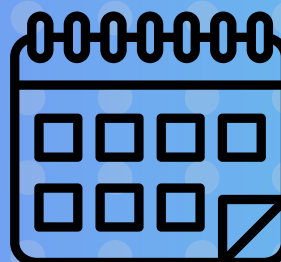

Sessions will be held at the Metro RESA Campus in Smyrna, Georgia.

\$99

This interactive session explores how integrating academic language, reading, and writing can deepen students' mathematical thinking in K-5 classrooms. Participants will examine strategies such as using discussion, picture books, and writing to help students make sense of mathematics, explain their reasoning, and build strong understanding. Educators will leave with ready-to-use ideas to boost engagement in the classroom and support every learner in strengthening both literacy and mathematics.
