

ARTIFICIAL INTELLIGENCE (AI) IN GFPS CLASSROOMS

WHAT PARENTS SHOULD KNOW

GFPS is thoughtfully integrating AI to enhance learning while teaching responsibility and ethics.

1. WHAT IS AI?

AI (Artificial Intelligence) is technology that can create content, help answer questions, or assist with tasks like writing and problem-solving.

In GFPS, these tools are used to **SUPPORT LEARNING**—never to replace teachers or student thinking.

2. HOW STUDENTS USE AI

GRADES K–6:

Students learn about AI, focusing on understanding, safety, and digital citizenship.

GRADES 7–12:

Students may use AI tools with teacher guidance to support learning, research, and idea development.

ALL GRADES:

Teachers may use AI to plan lessons, create materials, and support instruction.

3. HOW DOES AI SUPPORT LEARNING?

AI can help students:

- Brainstorm ideas and organize thinking
- Get extra practice and support
- Encourage creativity and problem-solving
- Personalize learning experiences

4. EXPECTATIONS FOR RESPONSIBLE USE

- AI is a learning tool, not a shortcut.
- Students must cite AI use, just like any other sources.
- Submitting AI-generated work as their own is plagiarism.
- Teachers clearly communicate when and how AI can be used.

5. BUILDING CRITICAL THINKERS

Students are taught to:

- Question and verify AI responses
- Recognize that AI can sometimes be inaccurate or biased
- Use their own thinking alongside technology

6. PROTECTING STUDENT PRIVACY

- Students are taught not to share personal or sensitive information in AI tools.
- Use is limited to approved and teacher-guided platforms.

7. IMPORTANT NOTES ABOUT ASSESSMENTS & GRADING

- AI may be used for studying or practice when allowed by the teacher.
- Use of AI during tests or assignments is decided by the teacher.
- Teachers use multiple ways—not just technology—to evaluate student work.

OUR GOAL

To prepare students to use AI responsibly, ethically, and effectively—skills that will help them succeed in school, career, and life.

AI IS A TOOL FOR LEARNING — NOT A SHORTCUT — AND ALWAYS USED WITH TEACHER GUIDANCE.

Feel free to contact your child's teacher with any [questions](#).
