INITIATIVE

Step into the world of Therapy Services before college and discover where your future could lead!

Cor Jesu's Summer Therapy Services Experience (STSE) is an engaging, hands-on program designed for juniors and seniors curious about careers in Allied Health—including Physical Therapy (PT), Occupational Therapy (OT), and Speech-Language Pathology (SLP).

In partnership with SSM Health PT, this dynamic five-day experience immerses students in real-world learning. Through interactive activities, simulations, role-playing, and meaningful collaboration with healthcare professionals, participants gain insight into a variety of therapeutic specialties and care settings.
