

READY, SET, MILESTONES: PREPARING FOR STUDENT SUCCESS

\$99

Support students in becoming GMAS-ready with purposeful, high-impact review strategies that go beyond traditional test prep. In *Ready, Set, Milestones: Preparing for Student Success*, educators will explore engaging, standards-aligned approaches that reinforce essential math concepts while building student confidence ahead of testing. Participants will consider how data can be used to target instruction, design effective spiral review, and incorporate collaborative, hands-on experiences that make review intentional, focused, and meaningful.
