MetLife covers your best friend's health, too.

We know that for pet parents, pets are more than just furry friends—they're part of the family. Caring for a pet is rewarding, but it can also come with financial stress.

According to 2021 Pet Wellness Month Survey Data, 61% of pet parents say that having a pet is more expensive than they initially thought.

MetLife Pet Insurance can help pet parents save money at every stage of their pet's life with our optional Preventive Care coverage.[1]

Optional Preventive Care coverage means you can be reimbursed for a variety of wellness matters, from regular wellness visits to certain medications. Here are some examples of what is commonly covered:

- Flea, Tick and Heartworm Medications
- Spay or Neuter
- Vaccinations
- Teeth Cleanings
- Wellness Exams
- Blood Panel
- FeLV Test
- Fecal Test
- Heartworm Test

Optional Preventive Care coverage[1] can be added for an additional cost when choosing your policy features.
