FREEMAN SHARES THE LOVE WITH SHRINERS

At Freeman, our commitment to kindness goes beyond the classroom! This past Valentine's Day, students across our TK-8 campus participated in the annual "Heartgrams" fundraiser, raising a total of \$450.95 for Shriners Children's Spokane.

Our students had the honor of presenting these funds directly to a representative from Shriners Children's. During the visit, they learned about the incredible work Shriners does to provide specialized orthopedic care for children.

Shriners Children's Spokane is a vital resource serving patients across Washington, Idaho, Montana, and Alaska, as well as the USA and Canada. Their impact is substantial, including:

- Over 19,000 total patient visits annually.
- More than 1,000 surgeries performed each year.
- Thousands of essential rehabilitation and prosthetic visits.
- Hundreds of telehealth visits to ensure families receive expert care.

Thank you to everyone who purchased a Heartgram, and a special thank you to our hardworking ASB team for representing Freeman so well!

The crew has been working closely with Freeman maintenance and transportation crew to ensure safety and minimal interruption to Freeman day-to-day operations.

Highlights of the Project:

1. The ground mount solar panels will produce 100 kW of power and are located east of the transportation building
2. The project is 100% grant funded and comes at NO cost to district or tax payers.

Making Smart Choices

Every day, we make hundreds of choices, big and small. Teach your child that they have the power to make good choices. Talk about how a choice can make them feel and how it can affect others.

Try This: Give your child a choice between two healthy snacks. Ask them why they chose one over the other.

Information on SMS text messaging and Short Codes: SMS stands for Short Message Service and is commonly referred to as a "text message". Most cell phones support this type of text messaging. Our notification provider, SchoolMessenger, uses a true SMS protocol developed by the telecommunications industry specifically for mass text messaging, referred to as "short code" texting. This method is fast, secure and highly reliable because it is strictly regulated by the wireless carriers and only allows access to approved providers.

If you've ever sent a text vote for a TV show to a number like 46999, you have used short code texting.

*Terms and Conditions: Message frequency varies. Standard message and data rates may apply. Reply HELP for help. Text STOP to cancel. Mobile carriers are not liable for delayed or undelivered messages. See
