

Financial Summary & Budget Outlook – February

The district's approved operating budget totals **\$24,830,589**, which includes a **one-time \$150,000 Special Education allocation**, for a combined budget of **\$24,980,589**.

At this time:

- **Actual expenditures:** \$14,220,928
- **Encumbrances:** \$10,729,229
- **Total committed:** \$24,950,157
- **Budget utilization:** 99.87% (last month 99.90%)
- **Uncommitted balance:** **\$30,432** (last month \$23,333)

*If purchase order (PO) invoices came in less than expected, it usually means the amount billed by the supplier is lower than the amount on the purchase order.

While the overall budget is nearly fully obligated, several cost pressures are creating projected shortfalls that require mitigation:

Key Financial Pressures

- **Utilities** - We continue to monitor utility expenditure closely to ensure sufficient funds are encumbered to cover all projected costs for the current fiscal year.
- **Athletics** – With spring revenue forthcoming, the athletic revolving accounts are projected to be in a positive budget position. Currently the shortfall in Athletics is -\$27,212.

Summary

Any shortfalls will be addressed through transfers from available revolving accounts, including Kindergarten, Transportation, and Facility Rentals, as well as through salary savings. As of now, there is approximately \$97,244 in salary savings available to help cover any shortfalls.

The current school budget is under a “hard freeze,” with expenditures limited to only those that are absolutely necessary to ensure a seamless end to the school year.
