Full Line Item 1 Description:

Armis for Asset Management consolidates asset data into one complete, de-duplicated and authoritative asset map. Creates a complete asset inventory of all asset types from the ground to the cloud ensuring the entire attack surface is both defended and managed in real time. Complete visibility into assets behaviors and risk management based on business context, threat and vulnerability insights and the collective intelligence of billions of assets monitored by the Armis Asset Intelligence Engine.

Full Line Item 2 Description:

The Standard Success package is designed to ensure your success with the Armis platform by providing:

- Comprehensive Knowledge Resources: Full access to the Armis community, including self-paced online learning and virtual instructor-led training.
- Business Hour Support: Access to Armis Technical Support, available according to our published support guidelines.

Note: Implementation Services are not included in Standard Success.

ATTENTION - Due to ongoing global supply chain challenges impacting the microelectronics and semiconductor sectors, pricing volatility is expected to persist through 2026. Hardware and related support/services costs are projected to rise steadily throughout the year. Any expired quotes must be refreshed prior to purchase, and we strongly recommend placing orders promptly to lock in current pricing.

Please send all Purchase Orders to OMTeam@Carahsoft.com to ensure they are received and processed in a timely manner.
