Recordatorio de fin de año: Notificación y documentación de ausencias

Parents/guardians are reminded that, [per BVSD policy](#), **absences must be reported within 48 hours of a student's return to be considered for an excused absence.** Requests to excuse absences submitted weeks or months later cannot be processed without appropriate documentation and administrative approval, and schools are not able to retroactively change attendance beyond the allowed timeframe.

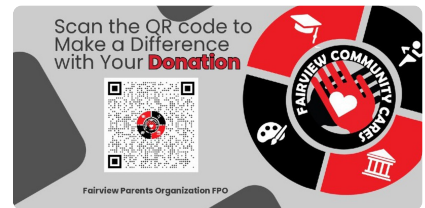

We understand that attendance can impact student outcomes; however, attendance records must accurately reflect timely communication and documentation. Attendance is recorded in the student information system and may affect certain course-related requirements when absences are unexcused. For this reason, families are encouraged to report absences promptly and communicate directly with the school within the required window to ensure proper documentation and support for students.

We appreciate your cooperation in helping us maintain accurate records and support student success.

Support Fairview Teachers: Spring FPO Giving Campaign

As we head into the final stretch of the school year, the [Fairview Parent Organization \(FPO\)](#) is launching a **Spring Fundraising “sprint”** focused on supporting **Teacher Grants for spring and summer professional development**. While many families contribute during the fall campaign, this is another opportunity to directly impact classrooms and help educators continue growing their skills to better support students. FPO is a **volunteer-run, 501(c)(3) nonprofit** that provides more than **\$50,000 annually** in classroom grants, teacher support, and school community events—funding everything from classroom equipment and guest speakers to staff appreciation and student activities. Donations are **tax-deductible** and may be eligible for **employer matching**, with a suggested contribution of **\$150 per student**.

To support Fairview teachers and students, visit the [FPO donation page on the Fairview website](#).
