

1. Can we use 3rd party delivery vehicles such as Fedex and UPS for Delivery?

Delivery services under RFP No. 02-26 are evaluated based on the proposer's demonstrated delivery capacity, including the number and condition of delivery vehicles, as described in the Vendor Questionnaire and delivery requirements. Proposers are expected to utilize their **own delivery fleet** to meet the District's delivery, food safety, and inspection requirements. Routine use of **third-party carriers** for contract deliveries is not contemplated and would need to be clearly disclosed and meet all RFP requirements to be considered.

See RFP Section 3, page 6, #7 (Safety and Sanitation) and Vendor Questionnaire, page 30, question #5.

2. Will this bid be awarded by line item, section or as a whole to one vendor?

The District reserves the right to award contracts **in whole or in part**, to **one or more vendors**, based on best value and the needs of the District, as stated in the RFP's Evaluation and Award sections.

3. Can you please provide the previous tabulation complete with winning vendors, all bids and individual item price?

The current RFP represents a significant shift in scope, specifications, and estimated quantities compared to previous contracts. To maintain a consistent baseline for all proponents given today's market conditions and our updated requirements, prior bid tabulations are not being provided as part of this solicitation. Proponents should prepare their responses based strictly on the information contained within the currently issued documents.

4. Based on previous ordering history and purchase orders, about how often are the gloves ordered (Monthly, quarterly or other) and what is an approximate order? If it is as needed and quantities vary can you please provide the quantity of the last order placed?

Gloves are ordered on an **as-needed basis**, and quantities may vary. Our last order of item **Gloves Vinyl PF M CLR** was ordered on 2/25/2026 **8 cases (1,000 units per case)**. Please refer to the RFP No. 02-26 Pricing Worksheet for the District's estimated usage.
