April 13, 2026

Dear West Essex School Community,

This email serves as a follow-up to my April 1, 2026 correspondence regarding the establishment of the Referendum Communications Committee. We are eager to gather a broad range of perspectives and encourage additional members of our school community to consider participating.

As previously shared, the Board of Education is moving forward with a proposed bond referendum to address critical facility needs across the district while maximizing available state aid. The Referendum Communications Committee will play an important role in supporting transparent and effective communication throughout this process.

The committee will include approximately 15-20 individuals representing diverse viewpoints. Members will review communication materials and help ensure that information shared with the public is clear, accurate, and accessible.

Participants can expect to meet periodically between now and the referendum vote on November 3. Most meetings will occur in the early evening, with a combination of in-person and virtual sessions. The initial meeting will be approximately two hours in length, with subsequent meetings lasting about one hour. The total time commitment is expected to be no more than eight hours.

If you are interested in serving on the committee, please complete the [Referendum Communications Committee Interest Form](#). Selected participants will receive confirmation via email.

Thank you for your continued partnership and support. Please feel free to contact me if you have any questions.

Sincerely,

Damion Macioci, Superintendent of Schools
