Why are you interested in serving on the SHSD School Board?

What do you think could be done to maximize communication and relationships amongst the Board, staff, students, parents and community?

In what capacity as a Board member would you have a particular interest or skill (i.e. public relations, budget, negotiation, evaluation, long-range planning, facilities, policy, etc.)?

What do you see as an area needing improvement in the district? What do you see as the biggest strength?

How do you view the Board's role versus the administration's role in running the school district?

Is there anything you would like to ask the Board or anything else you would like to add?
