1 DAY COURSE

Introduction to Positive Handling

COURSE FEE: £140 net.
Early Bird fee: £120 net for registrations before 11th May.

What to Expect

Safe Schools Thailand in collaboration with PRICE Training present a one day programme in physical restraint (PR).

Delegates will learn a number of holds designed to keep staff and students safe during episodes of challenging behaviour. This is primarily a practical course but there are short sessions on values, associated risks, and legal framework. There is strict adherence to the principles of 'last resort', 'minimum force' and 'least restriction'.

This is a stand-alone course but for a more rounded approach join us the one day theory course on the 25th May. Please contact Kevin for details.

The course is presented by Kevin Ainsley a qualified social worker and PBS specialist (MSc.PBS). Kevin has 35+years of working with vulnerable children and adults in the UK and Thailand and has collaborated with International Schools and Thai Charities since the 1990's.

Reviews

'Excellent! The best feature of the course was the strong basis in values, the experience and expertise of the instructor and the care shown for children.'
