

DUAL ENROLLMENT COURSES

Students should be self-motivated to enroll for college course on their own.

STEM

- Math 105/110 (10th-12th)
 - Prerequisite: Complete Adv. Math II+ with an A
- Biology 134 (11th-12th)

Humanities

- History 111/112 (11th)
- English 101/103 (12th)

Social Sciences

- Psychology 101 (11th-12th)
- Political Science 101 (12th)

Electives

- College Success (11th-12th)

CONCURRENT ENROLLMENT?

Students may choose to take online MSJC classes independently through MSJC's Concurrent High School Enrollment. If you are interested in obtaining your Associate's degree while in high school, this requires a high level of independence, self-motivation, and connection with the college counselor at their preferred community college. Ideally, students should already know their career path.

Keep in mind that credits will only show up in your college transcript, which may play a role in major placement in college or meeting prerequisites.
