Assistant Principal/AD, 1988-1990
Bettsville Local School District
Principal/AD, 1979-1988
Holgate Local School District
Teacher/Coach, 1973-1979

As you can see, Denny has had jobs in education from teaching through Superintendent. However, let me list just five of his major accomplishments.

1. He was Superintendent of Genoa Schools for 21 years.
2. He was the critical cog in getting Genoa's campus built with upgrades to the High School, a new Middle School and Elementary. In addition to a new bus garage.
3. His leadership allowed Genoa to create new facilities for football, baseball and soccer fields for the district.
4. After retiring from Genoa as Superintended and leaving Genoa, he filled the Superintendent role in five other NW Ohio school districts.
5. The epitome of accomplishment is when a district asks you to come back as Superintendent to fix a problem. Denny has been asked to come back at both Genoa as well as Woodmore.
