FAILURE TO RETURN A SIGNED COURSE SELECTION SHEET BY THE DEADLINE WILL RESULT IN COURSES BEING SELECTED FOR YOU WITHOUT THE OPPORTUNITY TO CHANGE THEM. COURSE SELECTION IS FOR THE ENTIRE SCHOOL YEAR.

We (parent & student) agree that the choices below will be accepted as my schedule for the entire school year at Seminole Ridge High School. I understand that every effort will be made to honor elective choices, but that if my choices are not available I will be enrolled in an available elective. Students scoring low levels in reading must receive support services.

Seminole Ridge’s mission is to engage all students in a superior education through which they may achieve their highest potential. In an effort to achieve this mission, Seminole Ridge strongly supports reading. Reading is an important part of everyone’s daily life and we are striving to develop lifelong learners with a love of reading through our Book It! Reading program.

After a student reads a Book It! book, the student takes a quiz: 10 multiple-choice questions on the book he or she has read. Students must score a 70% or better to receive Book It! points for reading the book. If the student doesn’t pass the quiz, the quiz can be taken a second time. Every 20 points a student earns from passing quizzes equals 1 extra credit ticket which is worth 3 percentage points in any class the student chooses. Students can earn as many tickets each quarter as they want. In order to use the extra credit tickets, all class requirements must be met. Any unused tickets may be redeemed in the Media Center for a treat or to pay for a replacement ID lanyard. Tickets and points reset at the beginning of each quarter.

There are thousands of books with Book It! quizzes at Seminole Ridge High School. We have a wide variety of books to satisfy any student’s reading preference. Each Book It! book is labeled on the spine and has the points listed on the inside back cover. Use this link for the list of quizzes and important information [Book It Quiz List & Information](#) or contact SRHS Media Specialist Mrs.Lora Weber at lora.weber@palmbeachschools.org.

Summer Assignments

Summer assignments for all grade levels and classes will be posted on Seminole Ridge’s webpage prior to the beginning of summer.

Course Descriptions

AP Comp Science Principles: Whether it’s 3-D animation, engineering, music, app development, medicine, visual design, robotics, or political analysis, computer science is the engine that powers the technology, productivity, and innovation that drive the world. The goal of AP Computer Science Principles is to create leaders in computer science fields and attract and engage those who are traditionally underrepresented with essential computing tools and multidisciplinary opportunities.

AVID: The AVID 9 course is designed to prepare students for the challenges they will face in a rigorous course of study at the high school level and beyond. Focusing on time management, study, note taking and leadership skills.

Special Programs

- Athletics – See our website for more information.
- Band/Color Guard – Audition information available with your middle school band director.
- Chorus/Dance – Any interested students should sign up for the appropriate class on the front of the sheet.

We are really looking forward to having you on campus next year. We hope that your transition to high school is easy. If we could only offer some advice to you it would be to come to class every day prepared, pay attention, do your assigned work and study for your tests. Please access the [Seminole Ridge Community High School Curriculum Guide](#) at our website under the School Counseling Department for more information.
