Required Contract Provisions from 7 CFR Part 210

1. The SFA and vendor shall comply with the **Buy American Provision** for all solicitations and contracts that involve the purchase of food, USDA Regulation (7 CFR Part 250 and 7 CFR Part 210). The vendor is required to utilize, to the maximum extent practicable, domestic commodities and products. This requirement pertains to component items. It does not include spices, sauces, etc.

The District participates in the National School Lunch Program and School Breakfast Program and is required to use the nonprofit food service funds, to the maximum extent practical, to buy domestic commodities or products for Program meals. A “domestic commodity or product” is defined as one that is either produced in the U.S. or is processed in the U.S. substantially using agricultural commodities that are produced in the U.S. as provided in 7 CFR Part 210.21(d). Section 12(n) of the National School Lunch Act defines “domestic commodity or product” as an agricultural commodity that is produced in the U.S. and a food product that is processed in the U.S. Substantially means over 51% of the final processed product (by weight or volume) must consist of agricultural commodities that were grown domestically. The Buy American provision must be followed in all procurements where funds are used from the nonprofit food service account, whether directly by an SFA or on its behalf. Exceptions to the Buy American provision should be used as a last resort; however, an alternative or exception may be approved upon request. To be considered for the alternative or exception, the request must be submitted in writing to a designated official, a minimum of 14 days in advance of delivery. The request must include the:

A. Alternative substitute (s) that are domestic and meet the required specifications:

1. The product is not produced or manufactured in the U.S. in sufficient and reasonably available quantities of a satisfactory quality; or
2. Competitive bids reveal the costs of a U.S. product are significantly higher than the non-domestic product. The SFA will include the “BUY AMERICAN PROVISION CERTIFICATION FORM FOR FOOD PURCHASES in all procurements (attached).

The vendor must identify all food products bid by the Company that do not meet the definition of “domestic” on this document. In the event the SFA receives a bid from a vendor that does not include this information, the SFA is to consider the bid non-responsive.
