Community Day 2026

Since the early 1980s, Upper St. Clair has looked to a Saturday in May as a centerpiece of its annual calendar. Our annual Community Day is more than a date — it's our signature celebration of shared spirit and a reminder of what it means to be a neighbor.

What makes our celebration truly unique isn't just the sheer variety of activities — it's the rare and powerful partnership that drives it. The event is a massive collaborative effort involving not only the Township and countless local groups, but also the Upper St. Clair School District, including high school students and student council.

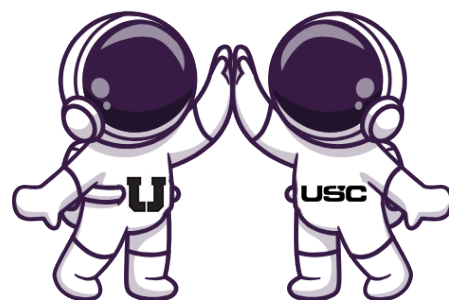

For these students, Community Day is not just an afternoon of fun — it's a chance to get hands-on experience in civic duty, leadership and organization.

"High school students being part of planning Community Day shows how Upper St. Clair produces capable and independent young people," USCHS senior Braidyn Recker, said. "It really gives us a sense of community outside of the school setting."

As the parade wraps up and the afternoon goes on, wander through the booths set up near the MAC, pausing to consider all of the time and effort that goes into each organization they represent — whether it's local scout troops, the rotary club, athletic boosters or others.

While many offer food or games, their primary goal is connection with residents and prospective members.

Upper St. Clair truly is out of this world, and we hope you'll join us in coming together to celebrate this year's Community Day!
