WHAT DOES ELPAC TEST– QUE PRUEBA EL EXAMEN DE ELPAC

The **ELPAC (English Language Proficiency Assessments for California)** is a **mandated state test** used to **measure how well students from kindergarten through grade 12** understand and communicate in English when it is not their primary language. It identifies English learners and monitors their annual progress in listening, speaking, reading, and writing to determine when they are proficient enough to be reclassified.

El **ELPAC (Evaluaciones de Competencia en Inglés para California)** es una **prueba estatal obligatoria** que se utiliza para **medir qué tan bien los estudiantes desde infantil hasta 12º curso** entienden y se **comunican en inglés cuando no es su lengua principal**. Identifica a los estudiantes de inglés y **supervisa** su progreso anual en comprensión auditiva, oral, lectura y escritura para determinar cuándo son lo suficientemente competentes como para ser reclassificados.
