Y11 – Y13 – Make Your Summer Count — Arrange Work Experience!

Now is a great time to arrange a work experience placement for during the summer holidays. Work experience, even for just a day or two, is a brilliant way to explore possible careers, gain confidence, and build valuable skills. It will give you a taste of working life and help you understand what different jobs are really like.

Taking part in a placement can strengthen your CV, apprenticeship, or university applications, and shows future employers that you are motivated and proactive. You'll also develop key skills which employers are looking for such as communication, teamwork, and time management.

Think about what interests you and start asking — family contacts, your friends' parents, local businesses, charities are often happy to help. Placements fill up quickly, so the sooner you start, the better. You might also want to look at websites like Springpod for virtual placements that you can complete in your own time - Gain Virtual Work Experience. Earn certificates - 100% free! | Springpod. Companies like InvestIn offer great paid for placements too - InvestIN | The Ultimate Work Experience – InvestIN Education

Your summer could be the first step towards your future career — take the opportunity!
