# HOME CAMPUS ATHLETIC CLEARANCE F.A.Q

**Question: What is my username?**

**Answer:** Your username is the email address you used to register.

**Question: Can I manage multiple athletes in a single Home Campus account?**

**Answer:** Parents or guardians can manage the clearance information for multiple athletes within the same Athletic Clearance account. This centralized setup simplifies the process for families with multiple student-athletes.

Set up your first athlete like normal, then once completed, this athlete's details will be stored in the account for future clearances.

For the second athlete, stay logged in and start a new clearance as you did before for the first athlete. Skip the "Choose Existing Student" drop down and fill out your second athlete's information manually. Once completed, the second athlete's information will be saved. Continue steps for however many student-athletes you have.

**Question: How are Sports Physicals turned in?**

**Answer:** The physical form your school uses can be downloaded on Physicals page. After the Student/Athlete receives his/her physical, the hard copy will be uploaded to Home Campus. Please make sure that the insurance card (front and back) is also uploaded.

**Question: Why haven't I been cleared?**

**Answer:** Your school will review the information you have submitted and Clear or Deny your student for participation. You will receive an email when the student is cleared.

**Question: Why was my application denied?**

**Answer:** If your application was denied, an email should have been sent to your registered email giving an explanation why the application was denied. The most frequent reasons for applications to be denied are: not all forms were uploaded, missing a side of the insurance card, sports physical completed BEFORE June 1<sup>st</sup>, etc.
