# Behavioral Health Services for Children: Make This Summer a Time for Growth and Healing

If you've noticed your child struggling, you're not alone—and support is here. We are currently accepting new families and ready to better understand and support your child's emotional well-being.

## Why Summer Counseling Matters

Summer offers a unique opportunity for growth, healing, and connection. Without the stress of school routines, children are often more open to building coping skills, improving communication, and strengthening emotional awareness. It's also a time when feelings of isolation can increase—making consistent support even more important.

With more flexible schedules, families can also be more involved—creating stronger, lasting progress together.

We support children experiencing anxiety, depression, behavioral challenges, attention difficulties, emotional regulation struggles, and more.

**Give your child a strong, supported start—this summer and beyond**

### Counseling during the summer helps children:

- > Build confidence and emotional resilience
- > Strengthen social and communication skills
- > Process the past school year and prepare for the next
- > Address ongoing challenges in a supportive, low-pressure environment

Grant

This has been one of the best investments I have ever made in my kids lives.

Joseph

We love RRTKD and have enjoyed watching our kids mature in their personal discipline, strength and poise, as well as in their TKD rankings. Master Jim is an incredible teacher and mentor to his students, and I recommend RRTKD to all families who are looking to engage in an activity that is enriching for the body, mind and soul.

Jenny

Master Jim is excellent with kids and adults alike. The gym has bathrooms and changing rooms. There are chairs for parents to watch practice. Classes are inclusive and well-staffed. The discipline is friendly, and the program is somewhat self-paced. It's a wonderful gym for beginners or experienced athletes.

Samantha

We have had amazing experiences at Red River Traditional TaeKwonDo. Master Jim is phenomenal working with the students. He clearly cares about them and has high expectations.

My kids developed their physical strength and their confidence.
