the Bellingham Promise
vision
We, as a community,
make a collective commitment to Bellingham's children. We will empower every child to discover and develop their passions, contribute to their community, and achieve a fulfilling and productive life.
mission
We collectively commit
that our students are cared for and respected, and that they will graduate from our schools prepared for success. All students will be exceptional in their own way, with strong character, a passion for learning, and ready for the widest range of educational and vocational options to support a diversity of life choices.
core beliefs
We believe:
• all children should be loved,
• the whole child is important,
• every child can learn at high levels,
• early learning and development are critical,
• learning is lifelong and essential to a high quality of life,
• compassion and service build community,
• teaching children to do their best involves self-reflection and reaching higher,
• diversity enhances a strong and healthy community, and
• together we achieve more than alone.
outcomes

key strategies
We will accomplish this by focusing on…
Equity, Diversity and Inclusion
We envision and strive for a more diverse, inclusive and equitable organization. Focus areas include, but are not limited to, race and ethnicity, gender identity and sexual orientation, socioeconomic status, ability, language and culture.
Innovation and Flexibility
We support the diverse needs and learning styles of our students by being innovative and flexible. We embrace change and creative thinking and know that this requires a high level of trust and engagement with our community.
Great Teaching with Strong Support
High quality instruction occurs every day in every classroom, where we establish a safe and engaging learning environment. We support culturally-responsive instruction through effective leadership, ongoing staff learning, and a diverse staff reflective of our students.
Early Childhood Education
We support students and families from prenatal through graduation. We invest in a strong early childhood program because of its powerful long-term return for our students and community.
A One Schoolhouse Approach
Our schools are part of a larger One Schoolhouse, and we focus on taking care of each other. We provide an equitable distribution of resources and services to ensure excellence for all students.
Student, Family, and Community Engagement
We develop partnerships and engage with a wide variety of stakeholders, including families and community partners, to support the success of all students.
