OFFICE OF FEDERAL PROGRAMS

April 29, 2026

Dear Parents/Guardians/Stakeholders,

The Cleveland School District serves seven Title I schools who receive school-wide Title I funds. As a parent/guardian of a child attending a Title I school, you are an important part of the Title I team. Your input is vital in the planning and implementation of the parental engagement program and activities in our schools and district. The focus of the Title I program is to help students meet high academic achievement standards, regardless of their socioeconomic status or background.

As the parent/guardian, we are asking that you participate in our Title I survey. The survey is confidential and will be used to assist us with future planning for parental engagement activities and improving academic achievement at your child's school in the district. We appreciate your feedback and thank you for taking the time to complete this survey. The survey can be completed online via the link below or by scanning the qr code with a tablet or cellular device:
