A small link 'Use District Account' is also visible near the login form.

3. Enter the email address that you provided to the school and click the ‘Send Verification Code’ button.

The screenshot shows the 'Password Reset' screen. On the left, under the heading 'Password Reset', is a paragraph of text: 'Forgot your password? It happens. Follow these 3 simple steps to reset your password. If you want to start over, click 'Restart' at the top. If you need help, contact us at support@schooldata.net and we'll guide you through the process, step-by-step.' On the right, there is a 3-step process bar: 'STEP 1 User details' (active), 'STEP 2 Verification code', and 'STEP 3 New password'. Below this, text reads: 'Enter your email address or username below and click 'Send Verification Code'. We'll email you a special code to enter in the next step.' There is a link 'I already have a Verification Code' and a 'Username or Email' input field. At the bottom is a 'Send Verification Code' button. The bottom navigation bar is the same as in the previous screenshot, with 'Password Reset' being the active link.

5. Copy and paste or enter the code you receive from your email into the verification screen, and once verified, create your new password.
