Advanced Algebra Summer Work 2026

Davidson Fine Arts - Ms. Hailey Fookes (Mrs. Hailey Whitman)

I am so excited to teach you this upcoming school year! Your summer work is intended to review skills learned in Algebra 1 and Geometry that are necessary for Advanced Algebra (previously called Algebra 2). This is a required assignment which will count towards your minor assignments in the first semester. Failure to complete the summer work will negatively affect your performance in this class. **Please read the instructions carefully!**
