Your partner for goodSM

Welcome to HealthPartners, where our team of 28,000 colleagues is committed to your health and well-being. Count on us for insurance options that work for you, a strong network of health care providers and locations, and straightforward coverage at fair prices, with our top-rated Member Services team here to help. Plus, our commitment to health goes even further with HealthPartners research leading the way in health innovation. We're here for your health today and in the future. **We're your partner for good.SM**

We've got you covered

As a nonprofit health care organization, HealthPartners reinvests our earnings into initiatives that improve the health and well-being of our 1.7 million members, patients and the community we've been serving for over 65 years. Because we provide both insurance coverage and health care, you get a partner experienced in working to ensure your best overall health and well-being.

Start today

- **Learn how health insurance works**, plus get tips and support at healthpartners.com/insurance101
- **Call Member Services** at the number on the back of your ID card. **952-883-5000 or 800-883-2177**

Scan this code to explore your plan benefits and resources at healthpartners.com/members

Choose confidently

We make it simple for you to make the best decisions for your health and wallet. Explore resources on our website or connect with our Member Services team to get details on your plan benefits, search your network, compare costs, learn answers to common insurance questions, and more. If it's a new year or a new plan, we'll help you make a seamless transition.

Find in-network care

Our networks feature thousands of trusted doctors, clinicians and locations, and we make searching easy. Explore your plan's network to see which options are best for you and available nearby. Having a few names and locations in mind during enrollment can save you time later in the year when you need care.

Already have a favorite provider? Check to be sure they are in your specific plan's network. When you get care in-network you can be confident you're getting the best value for your money.

Maximize your plan

Besides a trusted network, members enjoy:

- Highly-rated customer service
- Benefits to enhance your lifestyle
- Cost-savings tools to keep things simple and affordable

Create or sign in to your account for a personalized experience: check recent claims, access your member ID, and view tips and reminders based on your health.

We're here to help you understand your plan and answer your questions.

- Find the best place to get care and estimate how much it will cost, what your plan will cover and how much you'll pay
- Learn the difference between preventive care and primary care
- Manage existing conditions, like back pain, asthma, diabetes and more
- Take advantage of available discounts, well-being programs and resources so you can save money and get help making healthy choices.

Make the most of your plan

The more you know about your plan, the easier it is to make good decisions for your health and budget.

Get started

- **Learn how health insurance works**, plus get tips and support at healthpartners.com/insurance101
- **See plan details** in your **Summary of Benefits and Coverage (SBC)** in your enrollment materials
- **Sign in or create your account** to explore your personalized plan resources at healthpartners.com/members

Understand your costs and available perks

What you pay for your plan depends on a few factors. These include your premium and your deductible. The amount you pay for your health plan each month is called a premium, usually taken out of your paycheck.

Your deductible is the amount you have to pay each year before your plan begins to pay. For example, if your annual deductible is \$500, your plan won't pay for most of your care until you've paid \$500 out of your own pocket for things like doctor visits and X-rays. With most plans, once you hit your deductible, you'll pay only a portion of the costs after that.

Usually, a plan with a lower premium will have a higher deductible and out-of-pocket maximum. On the other hand, a higher premium can mean a lower deductible or copay. The best choice for you and your family can depend on what you think your care needs will be in the upcoming year.

Learning more about your plan can help you anticipate costs, and take advantage of any perks, special programs or discounts that may be available to you.

Learn how to use your network

You'll get the most value with in-network care. Your provider's office may not be able to confirm your specific coverage, so it's best to check your plan first. Create or sign in to your account on our website, or call the number on your ID card.

Get connected to personalized plan information

Your online account gives you up-to-date plan information in one simple place.

- See alerts and recommendations based on your health
- Get cost estimates for care
- View recent claims and how much you could owe
- Quickly access your member ID card (and for eligible family members)
- Search for in-network providers
- Check your spending amounts
- Review your formulary (drug list) and compare prescription costs (if applicable)
- Get the HealthPartners mobile app and manage your health on the go

Open AccessSM network and Select network

Get the most options from our largest network, or get convenient virtual and local care at the lowest cost with Select network.

Choosing Open Access

You can see any doctor in the Open Access network. With over one million network providers and 6,000 hospitals, you can see your favorite doctor or specialist, locally or nationally. Or you can pick one from the network on your own – no referral needed.

Search the network for your doctor or find a new one at healthpartners.com/openaccess

Choosing Select

The Select network gives you the tools to get the care you need. With video and in-person care, and hybrid care that combines the best of both options, you can get treatment that balances convenience, price and experience.

You can see any doctor in the Select network. That's more than 1,800 physicians and over 300 locations. With primary care clinics across the metro and services in 55 specialty areas, you can get the care you need.

Search the network for your doctor or find a new one at healthpartners.com/select

Enjoy greater flexibility with plenty of choices

Check to be sure your doctor is in the network you choose.

Getting acquainted with your health plan will help you make the best choices. Check out these tips:

- 1. No surprises here.** Make sure your usual clinics are in-network so you'll know what you can expect to pay.
- 2. Save on the right treatment.** When you get care from urgent care locations and hospitals in your plan's network, you can be confident you're getting the appropriate level of care and the best value for your money.
- 3. Finding someone new.** If you need to change doctors or find a specialist for a new condition, finding someone in network is easy. Search our website, sign in to your account for personalized plan details or call the number on your ID card for help from our top-rated Member Services team.

Virtuwell®

Get care anywhere

Virtuwell offers online treatment for a variety of common conditions, no appointments or video needed. Answer a few questions online and you will receive a diagnosis, treatment plan and prescription (if needed). Plus, getting care with Virtuwell almost always costs less than an in-person visit.

Virtuwell can help with:

- Coughs, colds and sinus issues
- Allergies
- Rashes, sunburn and bug bites
- Pink eye
- Bladder infections
- Yeast infections
- And more

Get better faster at virtuwell.com.*

Doctor On Demand

Live video visits with a doctor include assessment, diagnosis and prescriptions for everyday, urgent and mental health care. When you create a free member account, your visit price is always shown up front, without any surprise bills later.

Register at doctorondemand.com.

Teladoc

Fill out a brief medical history to connect with medical experts by phone, video or mobile app. Whether it's a prescription sent to the pharmacy of your choice, the guidance to move forward or a review of a preexisting condition, they're ready to help.

Get started at teladoc.com.

TIP: Protect your health with routine visits. Be sure to get your yearly recommended checkup, vaccines and screenings. They're included as part of your plan.

healthpartners.com/preventive

*To use this service, you must live in or be visiting one of the states in which Virtuwell operates.

Care today for a healthy tomorrow

Prevent problems before they start so you can enjoy the things you love. Your health plan covers in-network preventive care at 100%.

Get started

- **Learn how health insurance works**, plus get tips and support at healthpartners.com/insurance101
- **See plan details** in your **Summary of Benefits and Coverage (SBC)** in your enrollment materials
- **Sign in or create your account** to explore your personalized plan resources at healthpartners.com/members

Protect your health with routine visits

Even if you're not sick, it's smart for you and your family to go in for regular checkups, screenings and well-child visits. If there are any issues, you can catch them early – when treatment is most effective.

Preventive care includes

- Screening tests to check if you have high blood pressure, diabetes or high cholesterol
- Colorectal, breast and cervical cancer screenings
- Routine pre- and post-natal care
- Vaccines
- Weight, alcohol and tobacco screenings
- And more!

Visit healthpartners.com/preventive to find out what care is recommended for you.

Making the most of your network

Your plan covers a specific network, which is a group of clinics, hospitals, pharmacies and doctors connected to your specific plan. When you get care in-network, you can be confident that you're being charged a fair price for high-quality care and experience. Plus, in-network preventive care is 100% covered. Get the best coverage from your health plan and pay the least out of pocket by staying in-network.

Going to a doctor out of network almost always costs more than staying in-network. In some cases, you can end up paying full price if your insurance plan doesn't have out-of-network benefits.

TIP: Know before you go. You'll get the most value with in-network care. Your doctor's office may not be able to confirm your specific coverage, so it's best to check your plan first. Search our website, sign in to your account or call the number on your ID card.

Get the most from your meds

Use our prescriptions tools and resources so you can learn what's covered, save money, find nearby pharmacies and more.

Get started

- **Learn how health insurance works**, plus get tips and support at healthpartners.com/insurance101
- **See plan details** in your **Summary of Benefits and Coverage (SBC)** in your enrollment materials
- **Sign in or create your account** to explore your personalized plan resources at healthpartners.com/members

Check your formulary

A formulary, also called a drug list, tells you what medicines are covered by your health plan and generally how much you'll pay. You'll also learn details on any prior authorizations, restrictions or quantity limits that may apply to your coverage.

1. Get started at healthpartners.com/formulary.
2. Find your drug list, then search by the name or type of medicine.
3. Use your Summary of Benefits and Coverage (SBC) in your enrollment materials to learn more about your coverage, copay or cost share.

Save money by comparing pharmacy prices and locations

Medicine prices can change from pharmacy to pharmacy. Your plan's pharmacy network includes a variety of options where you can fill prescriptions at a reduced rate. Use our drug cost calculator tool to compare prices at in-network pharmacies near you to make sure you're getting the most affordable price. Get started at healthpartners.com/pharmacy.

Try generics

Another way to save money is by using generic versions of brand-name medicines. They are made with the same active ingredients but cost a lot less. Talk to your doctor or pharmacist to explore your options.

Talk with a pharmacy navigator

When you have a question about your plan's drug coverage, our Member Services team can share answers based on your specific benefits, prescriptions and location. When needed, they also can refer you to a specialized pharmacy navigator for expert help with complex questions or situations.

Meet with a Medication Therapy Management pharmacist

If you or a family member are managing multiple or complex medicines, or if you have questions about interactions or side effects, we can help. Our specially trained pharmacists are experts at looking at your medications holistically. At a no-cost in-person or phone appointment, they'll review your medicines to make sure they're working and right for your lifestyle. Learn more at healthpartners.com/mtminfo.

Medicine delivered to your door

Skip the trip to the pharmacy. Get your prescriptions mailed to your home with HealthDyne.

5 great things about mail order

1. Avoid the drive (and the line!) and instead get your medicine delivered directly to your home
2. It's easy to refill your medicine online or with our mobile app
3. Save money with 90-day supplies and free standard shipping
4. Get your package delivered safely and discreetly in 7-10 days
5. We are available 24/7 to help you with your order – just call the dedicated phone line

TIP: You can track the status of your order at each step, from receipt and processing to shipping and delivery.

To check the status of your order, sign in to your online account or call our responsive phone system.

How to get started

- Call **800-591-0011**
- Visit healthpartners.com/mailorder

My Rewards pays you for completing well-being activities

Get rewarded for healthy habits

A healthy lifestyle is its own reward, but a little extra incentive never hurts. My Rewards is part of your health plan at no cost to you.

How it works

My Rewards has everything you need to start earning rewards all in one place. Sign in to your online account and select the trophy icon at the top of the page. From there, you'll find ways to get the most out of your plan and stay on top of your health with preventive care, plus programs for building healthy habits. Each activity has a dollar amount you can earn upon completion. Your rewards will be loaded onto a reloadable Mastercard® reward card to use as you please.*

Activities for a healthier you

Get rewarded and empowered when you learn how to navigate your health plan with My Rewards. You'll also get a list of activities customized to you. Whether you're interested in nutrition, mental and physical health or other aspects of your well-being, My Rewards has options. Choose the activities that inspire you and start earning.

Sign in to get started

Sign in to your account at healthpartners.com and select the trophy icon  at the top of the page. Don't have an account yet? Signing up is quick – you'll just need your member ID card.

* Please note that amounts received through My Rewards may be taxable. Mastercard® is the registered trademark of Mastercard International Incorporated.

Face cancer together

You don't need to face a cancer diagnosis alone. Our nurses will be with you every step of the way.

A nurse is ready to help

When you work with a nurse, you'll get extra advice and guidance to make navigating your cancer diagnosis and treatment less overwhelming.

How it works

A HealthPartners nurse is a great addition to your health care team. Through phone calls and other communications, we'll support you in feeling your best and meeting your personal health goals. All support is confidential and is at no cost for HealthPartners members.

We're here to

- Help you make decisions that fit your life and values
- Support you through treatment
- Connect you to resources
- Collaborate with your provider and clinic team
- Listen when you just need to talk

Ready to get started?

Call **952-883-5469** or **800-871-9243**
or visit [healthpartners.com/
cancersupport](https://healthpartners.com/cancersupport)

Relief for your back pain

Our nurses can help make sure back pain doesn't keep you down. Support and resources are available at no cost to you as a HealthPartners member.

Personal nurse support

When you're dealing with back pain, it can be frustrating to feel like nothing works. Our nurses are here to listen and suggest personalized solutions to help you feel better.

How it works

Working with a HealthPartners nurse is a great addition to your health care team. Through phone calls and other communications, we'll support you in feeling your best and meeting your personal health goals. All support is confidential, and you can stop at any time.

Partnering with you

Most Americans will experience back pain at some point in their lives. Although it's common, there are many myths about the causes and treatment for back pain. Depending on your pain, we'll give you tips on prevention, exercises and options. We'll discuss questions like:

- What's working well for you right now?
- Where do you need more help?
- What are your treatment options?

Ready to get started?

- Call **952-883-5469** or **800-871-9243** or fill out the form at healthpartners.com/healthsupport
- Visit healthpartners.com/backhealth to learn more about back pain

Healthy baby, healthy you

If you're pregnant or thinking about it, we have lots of resources to support you – all available at no cost to you.

Planning and preparing for pregnancy

Start by taking the online assessment at healthpartners.com/healthy-pregnancy. Based on your answers, you may get a call from a nurse. Our specially trained team will work with you over the phone to answer questions and give advice between doctor visits.

Personalized digital support

After you take the assessment, you'll have access to the **My Pregnancy** digital experience in your HealthPartners account and through email. It's all written by our health experts and timed to where you're at in your pregnancy. Topics include staying healthy, what to expect in each trimester, health plan coverage, caring for a newborn and much more.

Other resources during pregnancy

- **24/7 phone support from a nurse** whenever you need it – even at 3 a.m. Call the BabyLine at **612-333-2229** or **800-845-9297**.
- **Track your pregnancy with the myHealthyPregnancy app.** Our myHealthyPregnancy app powered by YoMingo puts important parent education resources and fun extras for every stage of pregnancy, newborn care and more at your fingertips. Visit healthpartners.com/myhealthypregnancy for instructions on how to download the app.

Quit for good

Quitting tobacco and vape may be one of the hardest things you'll ever do. You don't have to do it alone. We're here to help.

Get help from a health coach

Work with a health coach to set goals around tobacco use and vaping that fit your lifestyle. You'll get support and encouragement to reach your goals and live nicotine free. Plus, you can schedule phone calls or email your health coach when it works best for you.

Work at your own pace to:

- Beat cravings
- Relieve stress
- Deal with tempting social situations
- Adjust to life without tobacco and vape
- Feel great

Medicine to support quitting

Your health plan might pay for medicines to help you quit. Visit healthpartners.com/formulary to view your formulary. Or call our Member Services team at the number on the back of your member ID card.

Digital smoking cessation resources

Pivot is an app-based cessation program to help you quit cigarettes, cigars and all smokeless tobacco products.

- Visit pivot.co/healthpartners to get started.

How to get started

Call **800-311-1052** to sign up with a health coach.

- Get the **Assist America app** and enter HealthPartners reference number **01-AA-HPT-05133**

Our approach to protecting personal information

HealthPartners® complies with all applicable laws regarding privacy of health and other information about our members and former members. When needed, we get consent or authorization from our members (or an authorized member representative when the member is unable to give consent or authorization) for release of personal information. We give members access to their own information consistent with applicable law and standards. Our policies and practices support compliant, appropriate and effective use of information, internally and externally, and enable us to serve and improve the health of our members, our patients and the community, while being sensitive to privacy. For a copy of our Notice of Privacy Practices, visit our website or call Member Services.

Summary of utilization management programs for medical plans

Our utilization management programs help ensure effective, accessible and high-quality health care. These programs are based on the most up-to-date medical evidence to evaluate appropriate levels of care and establish guidelines for medical practices. Our programs include activities to reduce the underuse, overuse and misuse of health services.

THESE PROGRAMS INCLUDE:

- Evidence-based coverage policy criteria for certain kinds of care.
 - Prior authorization of select services – we require prior approval for a small number of services and procedures. For a complete list, visit our website or call Member Services.
- Our Utilization Management programs are further supported by our Case Management services, including:
- Inpatient case management progression of care review and care coordination to support safe, timely care and transition from the hospital.
 - Outpatient case management to provide member support and coordination of care.

Appropriate use and coverage of prescription medicines for medical plans

We provide coverage for medicines that are safe, high-quality and cost-effective.

TO HELP US DO THIS, WE USE:

- A formulary (drug list). These prescription medicines are continually reviewed and approved for coverage based on quality, safety, effectiveness and value.
- A free, confidential one-on-one appointment (in person or over the phone) with an experienced clinical pharmacist. Our Medication Therapy Management (MTM) program helps members who use many different medicines get the results they need.
- An opioid management program to support members in managing their pain.
- A transition program that provides a seamless move to our formulary. We allow coverage for a first-time fill of a qualifying non-preferred medicine within the first three months of becoming a member.

The formulary is available at healthpartners.com/formulary, along with information on how medicines are reviewed, the criteria used to determine which medicines are added to the list and more. You may also get this information from Member Services.

Important information on provider reimbursement

Our goal in reimbursing providers is to provide affordable care for our members while encouraging quality care through best care practices and rewarding providers for meeting the needs of our members. Several different types of reimbursement arrangements are used with providers. All are designed to achieve that goal. Check with your individual provider to find out how they are paid.

PROVIDER REIMBURSEMENT INFORMATION FOR MEDICAL PLANS

- **Fee-for-service** – Some providers are paid on a “fee-for-service” basis, which means that the health plan pays the provider a certain set amount that corresponds to each type of service furnished by the provider.
- **Discount** – Some providers are paid on a “discount” basis, which means that when a provider sends us a bill, we have negotiated a reduced rate on behalf of our members. We pay a predetermined percentage of the total bill for services.
- **Case rate** – Sometimes we have “case rate” arrangements with providers, which means that for a selected set of services the provider receives a set fee, or a “case rate,” for services needed up to an agreed upon maximum amount of services for a designated period of time. Alternatively, we may pay a “case rate” to a provider for all of the selected set of services needed during an agreed upon period of time.
- **Reconciliation** – Sometimes we have withhold arrangements with providers, which means that a portion of the provider’s payment is set aside until the end of the year. The year-end reconciliation can happen in a variety of ways.
- **Withhold Arrangements** – Sometimes we use withhold arrangements as part of provider payments which means that a portion of the provider’s payment is set aside until the end of the year. The year-end reconciliation can happen in a variety of ways.
- **Diagnosis** – Some providers — usually hospitals — are paid on the basis of the diagnosis that they are treating; in other words, they are paid a set fee to treat certain kinds of conditions. Sometimes we pay hospitals and other institutional providers a set fee, or “per diem,” according to the number of days the patient spent in the facility.
- **APCs** – Some providers — usually hospitals — are paid according to Ambulatory Payment Classifications (APCs) for outpatient services. This means that we have negotiated a payment level based on the resources and intensity of the services provided. In other words, hospitals are paid a set fee for certain kinds of services and that set fee is based on the resources utilized to provide that service.
- **Total Cost of Care** – Some providers — usually primary care medical groups — are paid based on how well they manage the total cost of care associated with a patient, as well as how well they manage the patient experience and the quality of care provided.

Conducting medical necessity reviews

HealthPartners conducts medical necessity reviews for select services. These reviews ensure our members receive safe and effective care that aligns with the coverage outlined in the member’s contract. Medical necessity reviews can be conducted pre-service, before the service takes place; post-service, after the service has happened; or concurrently, while the service is taking place. Contracted providers are responsible for obtaining prior authorization from the health plan when it is required. Services that require prior authorization are listed on our website. Prior authorization is not required for emergency services. HealthPartners will inform both you and your provider of the outcome of our review.

This plan may not cover all your health care expenses. Read your plan materials carefully to determine which expenses are covered. For details about benefits and services, go to [healthpartners.com](https://www.healthpartners.com) or call Member Services at **952-883-5000** or **800-883-2177**.

Let's keep in touch

We make it easy to stay connected and manage your plan. If you already have a member ID card, now's a great time to set up your online account and download the mobile app.

Create or sign in to your account to access personalized details about your benefits details, compare costs and doctors, review claims, and more. Point your smartphone camera at this code to get started. Or visit healthpartners.com/myplan. And as always, don't hesitate to call if you have any questions.
