Per Public Contract Code Section 20117, if two or more bids are identical in all respects, the district may determine by lot which bidder will be awarded the contract or the vendor who has offered the most consistent service and reliability in the past. This requirement applies to competitive bidding for the purchase, sale, or lease of real property, supplies, materials, equipment, services, bonds, or the awarding of any contract.

8. Bidders may elect to bid on any or all items. "ALL OR NOTHING" BIDS WILL NOT BE ACCEPTED.

The District waives its right to require other districts to draw their warrant in favor of the district and authorizes each district/agency to make payments directly to the successful bidder.

10. Bidders have the option to accept or decline this piggyback option on a per-request basis.

11. Alternate supplies, equipment, or services will be considered. The Board of Education reserves the right to be the sole judge of the merit and suitability of such supplies, equipment, or services. The use of the name of a manufacturer, or any special brand, make, or model number, in describing any items in the Contract Documents does not restrict bidders to that manufacturer or specific article. An equal of the named product will be given due consideration. Specifications or model numbers from manufacturers are included in this bid for clarification purposes. Refer to Appendix B of this document for full technical specifications.

12. If requesting to substitute a product, please include all relevant information including manufacturer and model numbers. Specifications must be submitted for each item that is bid by the vendor when it is not bid as specified. Failure to submit specifications prior to 10:00 a.m., May 14, 2026, may be considered a reason for the disqualification of the bid. A *Substitute Request Form* is included in this bid package.

13. Should any bidder question or protest the award of contract to the apparent low bidder(s), such question or protest must be furnished in writing to the Director of Purchasing no later than three (3) working days following the date of bid opening. Untimely protests will not be reviewed by the District and will be returned to the proposer. Such submittal must fully explain the basis of objection supported by all relevant information, facts, and details. The letter must be signed by an authorized representative stating specific reason(s) for the protest including all relevant facts (law, rule, regulation, and criteria). Bid protests will be reviewed by the Director of Purchasing and the Assistant Superintendent of Business Services. The affected proposer will be given an opportunity to rebut the evidence and present evidence that the proposer should be allowed to perform the work. The District will issue a written final decision within fifteen (15) days of receipt of the protest unless factors beyond the District's reasonable control prevent such resolution.

14. Questions regarding this bid must be submitted through the "Q&A" tab through the District's online bidding portal on or before 10:00 a.m., May 14, 2026. An addendum will be issued, if necessary, on or before May 19, 2026. Oral communications by District employees concerning this bid shall not be binding on the District and shall in no way excuse the vendor of its obligations as set forth in the bid.

15. Each bidder must upload a fully executed Drug-Free Workplace Certification, Iran Contracting Act Certification, Non-Collusion affidavit, Conflict of Interest Disclosure, and Federal Certifications with the completed bid proposal as outlined in Appendix A. The documents are included in this bid package as individual files available through the bid portal. 16. The Bakersfield City School District has been designated as a drug, alcohol, and tobacco-free District. Tobacco use (smoked or smokeless) is prohibited at all times in all areas of District property.

17. If an awarded bidder defaults, the District may procure the materials or services from other sources, typically the 2nd place bidder, and may recover the loss occasioned thereby from any unpaid balance due the bidder or by proceeding against a bidder's bond, if any, or by suit against the bidder. The prices paid by the District shall be considered the prevailing market prices at the time such purchase is made.

18. In the event of litigation, the bid documents, specifications, and related matters shall be governed by and construed in accordance with the laws of the State of California. Venue shall be with the appropriate state or federal court located in Kern County.

19. 20. In connection with the execution of this contract, the bidder shall not discriminate against any employee or applicant for employment because of race, religion, color, sex, or national origin. The bidder shall take affirmative actions to ensure that applicants are employed and that employees are treated during their employment, without regard to their race, religion, color, sex, or national origin. Such actions shall include, but not be limited to, the following: employment, upgrading, demotion, or transfer; recruitment, lay-off, termination; rates of pay or other form of compensation; and selection for training, including apprenticeship.

21. The successful bidder shall agree not to assign, transfer, convey, sublet, or otherwise dispose of the items appearing on this bid form, or any rights accruing thereunder, title or interest therein, funds to be received hereunder, or any power to execute the same without the consent in writing of the District Governing Board. Notice is hereby given that the District will not honor any assignment made by the successful bidder unless the consent in writing, as indicated above, has been given.

22. The vendor shall hold the DISTRICT, its officers, agents, servants, and employees harmless from liability of any nature or kind whatsoever, on account of use by the publisher or author, manufacturer, or agent, of any copyrighted composition, secret process, patented or unpatented invention, article or appliance furnished or used under this bid.
